Reports:

Executive Director's Report Public Testimony Follow-Up:

Chairperson Yoshioka requested that Executive Director Ouansafi report any confidential information during Executive Session at the end of the meeting.

Executive Director Ouansafi reported that during public testimony there was a concern that property managers are allowing unauthorized tenants. Executive Director Ouansafi reported that the Hawaii Public Housing Authority (HPHA) investigated the situation and concluded that the property managers are not condoning unauthorized tenants. He stated that this does not mean that there are not unauthorized tenants, if managers are informed of unauthorized tenants the issue is investigated and if there are unauthorized people, violations are issued.

Executive Director Ouansafi reported that all individuals who send HPHA any requests are sent a formal response.

During last month's meeting, one tenant questioned why he was not allowed to add his nieces and nephews to his household. Executive Director Ouansafi reported that nieces and nephews maybe allowed to transfer into a household, but the verification process needs to be followed.

Executive Director Ouansafi also reported that although the tenant had questions about his rent calculations, it was verified that the rent calculation for this tenant was correct.

Executive Director Ouansafi reported that the HPHA does not interfere with the resident walks or tenant association.

During last month's meeting one tenant complained that they were not provided adequate notice of the water shut on their property. Executive Director Ouansafi reported that the HPHA agrees every effort needs to be made to inform residents in advance when the water will be shut off.

Chairperson Yoshioka asked whether the HPHA looked into installing speed bumps at Mayor Wright Homes. Executive Director Ouansafi reported that the HPHA is looking into installing speed bumps, but there are also tenants who feel the speed bumps are not needed. It is hard to speed in the area where the incident happened, but the HPHA will be considering additional speed bumps during the modernization.

Executive Director Ouansafi reported that the applicant who claimed he did not get a response from the HPHA did not update his contact information with the HPHA, so there was no way of contacting the applicant.

Director Godfrey asked if getting a hold of applicants a major problem. Executive Director Ouansafi responded that the HPHA makes efforts to contact the applicant at all known addresses. The HPHA mails a letter and when the letter is returned, the address is checked to ensure the HPHA addressed it correctly. Next the HPHA attempts to call the applicant. If there is no way to contact the applicant, then the applicant is removed from the waitlist.

Chairperson Yoshioka asked if the HPHA meets with applicants to get updated information, so they can be put back on the waitlist. Executive Director Ouansafi reported that the applicant cannot be put back on the waitlist in the same slot. It is the responsibility of the applicant to keep the HPHA updated with current information.

Chairperson Yoshioka asked whether an applicant that is removed from the list can reapply. Executive Director Ouansafi responded that applicants can reapply.

Director Espero asked if the applicant is sent a letter asking them to update their information. Executive Ouansafi reported the HPHA used to purge the waitlist once a year, but currently purges twice a year.

Director Espero asked if all applicants are sent the letter. Executive Director Ouansafi confirmed that all applicants are sent a request to update their current information.

Director Espero asked how many applicants are on the waitlist. Executive Director Ouansafi reported that there are approximately 10,000 families on the waitlist.

Director Tokishi asked if the HPHA sends applicants electronic letters. Executive Director Ouansafi reported there are a few applicants with email, but not all applicants have access to email or a computer.

Designee Tungol asked whether the application states that it is the applicant's responsibility to keep the HPHA informed of updated information. Executive Ouansafi confirmed that the application states that it is the applicant's responsibility to keep the HPHA informed of current information.

Executive Director Ouansafi reported that the HPHA will be converting to a one page pre-application form. Currently, the application packet is extensive and requires submission of all income and eligibility documents from the applicant. The HPHA will change the application to request contact information only. Approximately six months before being placed in a unit the applicant will need to complete the full application packet.

Public Testimony

Mr. Fetu Kolio, private resident, stated that the citizens patrol is harassing tenants. He attended a citizens patrol training in 2009 and he learned that the citizens patrol is not allowed to harass or hit anyone. He stated that the Executive Director stated that creating a citizens patrol is up to the tenants, which is true, but management should not be allowing patrol members to harass others. He stated that the Eviction Board should have a resident member in order to have a fair process.

For Action:

Director Espero moved,

To Schedule Hearing on Petition For Declaratory Relief, GR 113118, filed by Tenant Lynn Colleado (Puahala Homes) filed on September 24, 2012.

Deputy Attorney General Wong reported that on September 24, 2012 attorney for Ms. Lynn Colleado, Puahala Homes resident, filed for a Petition for Declaratory Relief, pursuant to public housing authority's (PHA) administrative rule 17-2000-71. The grievance hearing was held on August 21, 2012. The Deputy Attorney's (AG) office is still looking for an attorney to represent the Board of Directors. This "For Action" is for scheduling only. He stated that the petitioner will present their case first. Ms. Colleado is represented by Ms. Sheila Lippot of Legal Aid Society of Hawaii. Ms. Colleado can appeal the Board decision by going to the Circuit Court and then the Supreme Court. The petitioner must be given 15 days notice of the hearing. He stated his best guess is the hearing should not take more than two hours. He stated the Chairperson needs to complete the notice and he will serve the petitioner.

Director Tokishi asked if he foresees anything unusual for the January meeting. Executive Director Ouansafi responded that he does not foresee anything unusual for January.

Director Kihano asked if she could be excused because she is somewhat familiar with the situation. Deputy Attorney General Wong responded that her request should be submitted to the Chairperson in writing.

Chairperson Yoshioka stated that she will be unable to attend the January Board meeting as she will be on the mainland.

Director Godfrey asked how many days notice does the petitioner need if the Board needs to cancel the hearing. Deputy Attorney General Wong stated that the rule only states that the petitioner needs 15 days notice.

Discussion ensued regarding whether the Board would have quorum in January and regarding the date and time of the administrative hearing.

Chairperson Yoshioka confirmed the hearing will be scheduled on January 17, 2013 at approximately 11:00 a.m.

The motion was unanimously carried.

For Action:

Director Espero moved,

To Reappoint Ms. Sylvia Wilmeth to the HPHA's Oahu Eviction Board for a Two-Year Term Expiring on November 30, 2014.

Executive Director Ouansafi reported that Ms. Sylvia Wilmeth is a retired English teacher and she is familiar with the HPHA rules and eviction rules. She has also expressed interest in continuing to serve.

Chairperson Yoshioka asked why Kona and Maui does not have a resident Board member who resides on the island. Executive Assistant Arashiro stated that Ms. Jane Moana Gray travels to the neighbor islands and that the neighbor island Eviction Board member position is in continuous recruitment.

The motion was unanimously carried.

For Action:

Director Espero moved,

To Authorize the Finance Task Force to Approve the Draft Financial Audit Report or to Convene a Special Board Meeting in December to Approve and Accept the Audited Financial Report.

Executive Director Ouansafi reported that the HPHA has not received the audit from the auditors. He was informed by the auditors that the audit will be ready at the end of November and must be submitted by the first week of December to the Department of Accounting and General Services (DAGS). No extensions will be granted based on the need to complete the State's Consolidated Annual Financial Report (CAFR) on a timely basis.

Director Tokishi and other Board members expressed their concerns about the lack of adequate time for the Board to review the audit prior to submission and their responsibility to provide feedback on the audit. Executive Director Ouansafi agreed, but also reported that historically a Board task force has reviewed the draft audit to facilitate meaningful discussion by the Board members at the regular meeting. Executive Director Ouansafi stated that the “For Action” is asking for a task force to review and approve the draft audit.

Deputy Attorney General John Wong clarified that it would be inappropriate for a task force (which is made up of less than a quorum) to take action to approve the audit on behalf of the whole Board. He did confirm, however, that the Board could authorize the Executive Director to submit the draft audit, subject to review by the Board task force. The Board could subsequently ratify the submission of the audit to the appropriate parties.

Executive Director Ouansafi commented that the amount of work it takes to balance 87 properties with different funds is difficult.

Director Tokishi stated that the audit will be submitted with footnotes and disclosures and open to interpretations. Executive Assistant Arashiro confirmed that the staff would like Board input on the footnotes and disclosures.

Chairperson Yoshioka deferred the motion to later in the meeting pending HPHA’s request for an extension to the due date.

Reports continued:

Executive Director’s Report continued:

Executive Director Ouansafi reported that the HPHA has gone “live” with the new software program. He stated that the Information Technology Office (ITO) is doing a great job coordinating staff training and working on software issues.

Executive Director Ouansafi reported the HPHA is cutting down on delinquencies.

Executive Director Ouansafi reported that on October 27, 2012, hundreds of volunteers participated in clean-up projects at a few properties on Oahu.

Executive Director Ouansafi reported that on November 17, 2012, the HPHA will be holding its third job fair to recruit for open positions in the agency. The HPHA hired four people last month, but four people retired, so it is important for HPHA to be in continuous recruitment.

Executive Director Ouansafi reported that Property Management staff are still being sent to Kauai to help with re-certifications and other management functions.

Executive Director Ouansafi reported that the HPHA conducted two presentations on the status of the HPHA, one to the Governor’s cabinet and one at the Homeless Conference.

Executive Director Ouansafi reported that the HPHA drafted a competitive grant application for \$150,000 for the emergency security safety. The HPHA hopes to receive the grant.

Executive Director Ouansafi reported that the delinquencies are \$486,000 and going down. Occupancy went up by .3 percent which does not seem like a lot, but it is because of the transfers and transfers are going down.

Executive Director Ouansafi reported that the HPHA held a ground breaking ceremony for the modernization of Palolo Valley Homes. The event was attended House Speaker Calvin Say, Chairperson Gierlach, Director Shimizu, Designee Tungol, and members of the resident association.

Executive Director Ouansafi reported that the HPHA submitted a budget request to the State for \$182 million in capital improvement funds.

Director Godfrey questioned whether the HPHA received any scores back from the U.S. Department of Housing and Urban Development's (HUD) Real Estate Assessment Center (REAC). Executive Director Ouansafi reported that Kalakaua Homes score has been changed from 86 to 93, but the HPHA has not received responses for the other six contested scores.

Executive Director Ouansafi reported that the HPHA applied for a water conservation grant. If the HPHA receives the grant, the plan is to install artificial grass on HPHA's properties.

Director Yokoyama asked whether the HPHA is still researching establishing a non-profit arm of the agency. Executive Director Ouansafi reported that the HPHA will be asking the legislature to create a non-profit subsidiary and a for-profit subsidiary for HPHA.

Director Godfrey asked what is being done to the vacant units at Kalihi Valley Homes (KVH) and Lanakila Homes. Executive Director Ouansafi reported that HPHA has started on the modernization at KVH. As for Lanakila Homes, the HPHA's consultant is conducting an assessment of the current infrastructure to determine its remaining useful life.

Director Godfrey asked what progress is being made in Wahiawa. Executive Director Ouansafi reported that construction has started in Wahiawa.

Designee Tungol asked for an update on delinquencies in rent collection. Executive Director Ouansafi reported that the HPHA's is showing approximately 3.04 % delinquent accounts.

Director Yokoyama asked if the HPHA received a response from the Attorney General regarding its status as an administratively attached agency. Executive Director Ouansafi reported that the request was made to the Department of the Attorney General and is awaiting their response. Deputy Attorney General Wong reported that he is working on the response for the Attorney General's review.

Director Shimizu asked for a report on recent tsunami and tenant evacuations. Acting Public Housing Supervisor Joanna Renken stated that all Asset Management Project's (AMP) have a

list of the disabled tenants. There were also no reported damages at any project. Executive Director Ouansafi stated that the managers have been asked to report on the tsunami event. Executive Assistant Arashiro stated the HPHA have already met with the Property Management staff and the HPHA's safety officer to evaluate the procedures followed during the recent tsunami warning. All offices have already begun the process of updating emergency contacts and phone trees.

Director Tokishi (referring to the financial report) stated the asset management fees is zero because it will be booked at the end of the year, but questioned whether the HPHA should be accruing the monthly amount. Executive Assistant Arashiro clarified that the HUD rule requires that the HPHA collect the asset management fees based on the previous year's cash balance and the HPHA is waiting for the financials to close to determine the cash balance.

Director Tokishi asked why tenant services are less than budgeted, as the report only states "reflect payments to Bermerton..." Acting Chief Financial Management Advisor Allen clarified that budget was prepared with a different contractor for the project based contract administration program, but HUD did not make the awards on a timely basis. As such, the current expenses reflect payments to Bremerton, rather than the new contract. HPHA will pay more for the new contractor because they will be doing consultant work for HPHA.

Executive Director Ouansafi reported the HPHA will be reviewing the budget after the end of the six months and will possibly submit budget revisions to the Board in January.

Director Kihano stated that residents at Palolo Homes are concerned with relocation. She reported that some of the tenants are being right sized to other properties and some are allowed to stay on property. Executive Director Ouansafi reported that the HPHA needed the vacant units. The decision was made to right size all families first. He stated all properties will be going through right sizing.

Director Kihano said that the families were told that they do not qualify for relocation expenses. Executive Director Ouansafi reported that the HUD rules state families being relocated due to rights sizing do not qualify for relocation expenses.

Director Kihano was concerned that tenants who are right sized on property are receiving relocation expenses; whereas, tenants who moved off property will not be receiving relocation expenses. Executive Director Ouansafi reported that to his knowledge no one who was right sized qualified for relocation expenses, but he stated he will speak to the management company. Director Kihano stated it was not management's decision, it was HPHA's decision.

Acting Public Housing Supervisor Renken stated the tenants that were relocated on property will be permanently relocated to another unit on property after the renovation and therefore qualify for relocation expenses.

Director Kihano stated that one tenant moved from a three bedroom unit to a two bedroom unit and one tenant moved from a four bedroom unit to a three bedroom unit. Executive Director Ouansafi clarified that because these tenants are being relocated for the renovation the HPHA is

obligated to pay the moving expenses; whereas, other tenants were moved for right sizing only. Director Kihano stated that they were moved for renovations because if they were not moved, the HPHA would not be able to relocate tenants for the renovations.

Director Kihano asked why a tenant was transferred to the one bedroom unit on the property temporarily. Executive Director Ouansafi reported that the HPHA is in the process of looking for an appropriate units for all of the families. Director Kihano stated that she believes that the HPHA favors this family because they pay a higher rent. Executive Director Ouansafi reported that the HPHA does not condone favoritism, and he will look into the situation. He stated that there is a panel of people who reviewed the relocation plan and not one person.

Designee Tungol asked if it would be expensive to provide boxes to all tenant that have to transfer units. Executive Director Ouansafi reported that it is not the current policy, but the Board can change the policy.

Director Kihano stated that when there is only one or two weeks between one tenant moving out and the next tenant moving in, it looks like the tenant was right sized to make units available for the renovation. Executive Director Ouansafi reported that the tenants were given three months notice.

Director Kihano stated that tenants were told the American Disability Act (ADA) units will be filled from a master waitlist and not by the current residents on property. Executive Director Ouansafi confirmed that all families that request reasonable accommodations served from one wait list and could come from other properties.

Director Kihano asked whether the Admissions and Continued Occupancy Policy (ACOP) states that current residents of a property must be placed in units first. Executive Director Ouansafi reported that the transfer list for tenants waiting for a reasonable accommodation is maintained on a first-come, first-served basis.

Executive Director Ouansafi reported that the HPHA intends to construct more ADA units than what's required by law and will also be creating units that can be converted to accessible units, if needed.

Chairperson Yoshioka asked about the status of the Kauai manager position. Executive Director Ouansafi reported that a deputy manager was recently hired. In addition, the Property Management Branch staff has been sent to Kauai to assist with daily operations.

Executive Director Ouansafi reported that one of the open positions at the job fair will be for the property manager position.

Chairperson Yoshioka asked for a status on the Capital Improvement Project (CIP) funds. State Housing Development Administrator Choi responded that the HPHA is starting to issue contracts and no funds should lapse. Executive Director Ouansafi reported that last January the HPHA was set to lapse \$15 million, but the HPHA was able to reduce it to \$4.5 million. Executive Director Ouansafi reported that the CIP funds are reviewed twice a month.

Chairperson Yoshioka called for a recess at 10:40 a.m. and reconvened at 10:55 a.m.

Chairperson Yoshioka stated the Board will continue with the deferred item of:

To Authorize the Finance Task Force to Approve the Draft Financial Audit Report or to Convene a Special Board Meeting in December to Approve and Accept the Audited Financial Report.

Executive Director Ouansafi reported that the HPHA confirmed with DAGS that the deadline has not been extended from December 7, 2012.

Chairperson Yoshioka stated the task force was formed to give the Board task force sufficient time to review the audit and give recommendations to the full Board. Director Godfrey concurred that in the past the task force would review the audit and then present the recommendations to the entire Board for discussion and approval.

Director Godfrey asked if the auditor will attend the Board meeting. Executive Director Ouansafi reported the auditor will be available for the task force meeting and the HPHA will invite them to the Special Board meeting, if there is one.

Executive Director Ouansafi stated maybe the motion can be amended to "To Authorize the Executive Director to Submit the Financials after Meeting with the Finance Task Force."

Director Tokishi asked how the audit was submitted last year. Chairperson Yoshioka responded that last year, time was not restricted because it was due in March.

Executive Assistant Arashiro stated that all the State agencies receive the Other Post Employment Benefits (OPEB) numbers from DAGS at the same time. The auditors need to make adjusting journal entries to all AMP's and branches and then roll it up into each fund.

Deputy Attorney General Wong suggested that the Board consider amending the For Action item "To Authorize the Executive Director to Submit the Financial Audit Report Subject to Review by the Task Force, if any."

Deputy Attorney General Wong stated it is the Chairperson's prerogative to add Board members to the task force. Chairperson Yoshioka confirmed that the current task force of Directors Gierlach, Godfrey, and Tokishi, was expanded to include Director Shimizu and Designee Tungol, in the event that Director Tokishi was unable to attend the task force meeting due to scheduling conflicts.

Designee Tungol moved,

To Amend the Motion to: To Authorize the Executive Director to Submit the Audited Financial Report to the Proper Agencies Subject to Comments by the Financial Task Force, if Any.

The motion to amend the main motion was unanimously carried.

The main motion as amended was unanimously carried.

The business of the Board proceeded with approval of the Executive Session Meeting Minutes of October 18, 2012.

Chairperson Yoshioka asked that the Board takes a few minutes to review the Executive Session minutes and that Deputy Attorney General Wong informed her that the Board does not need to go into Executive Session to approve the minutes, unless there are corrections. She also stated that the Board does not have Executive Session minutes for August 16, 2012 and September 20, 2012.

Director Tokishi moved,

To approve the Executive Session Minutes of October 18, 2012.

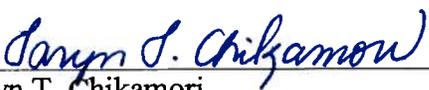

The motion was unanimously approved.

Deputy Attorney General Wong stated there is no update on the Kolio, et al v. State of Hawaii, Hawaii Public Housing Authority Denise Wise in Her Official Capacity as Executive Director (Civil Case No. CV11-00266 and Civil No. 11-1-0795).

With no further business for the Board to conduct, the meeting adjourned at 11:25 a.m.

Message from the Chairperson of the Board of Directors

Aloha mai kakou,

On behalf of the Hawaii Public Housing Authority Board of Directors, we are most grateful for the support of the Legislature, both in terms of funding and legislative enactments providing the agency with greater flexibility in hiring and enforcement of laws, rules, and regulations. The support of the Legislature is crucial in ensuring that the HPHA can continue to provide safe, decent, sanitary, and temporary affordable housing for extremely low income residents of the State of Hawaii. We are humbled and grateful for the significant increase in capital funds allocated in the supplemental year's budget. We are unique among public housing agencies nationwide for

having such a committed Legislature that sees the inherent value of investing in its resources to serve the neediest among us and we are committed to using these funds wisely, efficiently and effectively.

This year, the Board of Directors hired a new Executive Director mid-Fiscal Year who shares the Board's goals and vision of HPHA. Hakim Ouansafi came from an extensive background in project supervision, real estate development, management expertise, and customer service. He took this job head on, going as far as moving into Mayor Wright Homes for several months. His leadership has changed the public image of this agency, as well as connections among employees and residents. With him, the Board was able to engage with volunteers, non-profits, other agencies, and our partners at the U.S. Department of Housing and Urban Development to meet our common goals of improving affordable housing in Hawaii.

The Board will continue its work in investing in the properties entrusted to our administration and we will be leveraging new sources of state and federal funds to transform the communities surrounding our homes. We are committed to demonstrating the success of new ideas in public housing redevelopment and we are committed to creating a public housing agency that serves as a model to other areas of high cost housing. We want to expand the populations we serve to provide for the working populations of homeless, underhoused, and overburdened that are struggling to make ends meet in the Hawaii housing market.

We look forward to improving the lives of our most economically challenged residents. We believe that every society may be appropriately judged by how it treats its most needy members.

Respectfully,

David J. Gierlach

Message from the Executive Director

It is with warmest aloha that I submit this Annual Report for your information and consideration.

Since joining the staff of the Hawaii Public Housing Authority on January 3, 2012, halfway through the Fiscal Year reporting period, we have worked tirelessly to revitalize an agency that has been troubled by years of deferred maintenance, lack of strategic direction, and reduced morale. I can say with confidence that, by the close of the Fiscal Year on June 30, 2012, we had made enormous strides in improving on our delivery of crucial

services to the poorest families in the State of Hawaii.

Give us a call and you will see that we have refocused on our core mission: service to the public and to the residents of our communities. We reached out to the community at large as well, launching the "I Have a Dream" Hawaii Housing Campaign, which brought teams of volunteers over the course of several months into our properties to beautify and assist in returning vacant units to service. Some units had been down for years, and it was this calling to public service among so many that changed the lives of 150 families.

We are grateful for the recognition by the Hawaii State Senate for the dramatic improvements that were made in the latter part of this Fiscal Year. Visit any of our property management offices statewide to see the Certificate of Recognition presented to the staff and Board of the HPHA. This was followed by an unprecedented appropriation of over \$91 million in State Capital Improvement Program funds, as well as a number of crucial bills that are giving the agency more flexibility in hiring to get those dollars on the street.

All of these efforts are for the people that are still unhoused, underhoused, overburdened by rent, and others in desperate need of the HPHA's services. We look forward to continuing our efforts to engage in the communities in which we are a member. Since the close of the Fiscal Year, we were awarded a highly competitive Choice Neighborhoods Planning grant from the U.S. Department of Housing & Urban Development to plan for the comprehensive transformation of the Kuhio Park neighborhood and we hope that all of the members of that community will join with us and lead by example to other communities that would benefit from similar efforts.

Respectfully,

Hakim Ouansafi
Executive Director

Agency Timeline

1935

The Hawaii Housing Authority was created by the Territorial Legislature to provide safe and sanitary housing for low-income residents of Hawaii.

1987

The Housing Finance and Development Corporation was created by Act 337 as part of Governor John Waihee's initiative to create a streamlined organization to promote affordable housing.

1997

Act 350, under the Cayetano Administration, consolidated the Hawaii Housing Authority and Housing Finance and Development Corporation into a single housing agency known as the Housing and Community Development Corporation of Hawaii (HCDCH).

2005

On July 5, 2005, Governor Linda Lingle signed Act 196 which effectively bifurcated the HCDCH into two agencies, the Hawaii Public Housing Authority (HPHA) and the Hawaii Housing Finance and Development Corporation (HHFDC).

Under this new structure HPHA is charged with managing federal and state public housing programs, including Section 8 and senior housing. The finance and development functions of HCDCH formed the core of HHFDC, which is tasked with developing and financing low- and moderate-income housing projects and administering home ownership programs.

2006

On July 1, 2006, HPHA and HHFDC began operating as separate agencies. HPHA is administratively attached to the Department of Human Services (DHS) and HHFDC is administratively attached to the Department of Business, Economic Development, and Tourism.

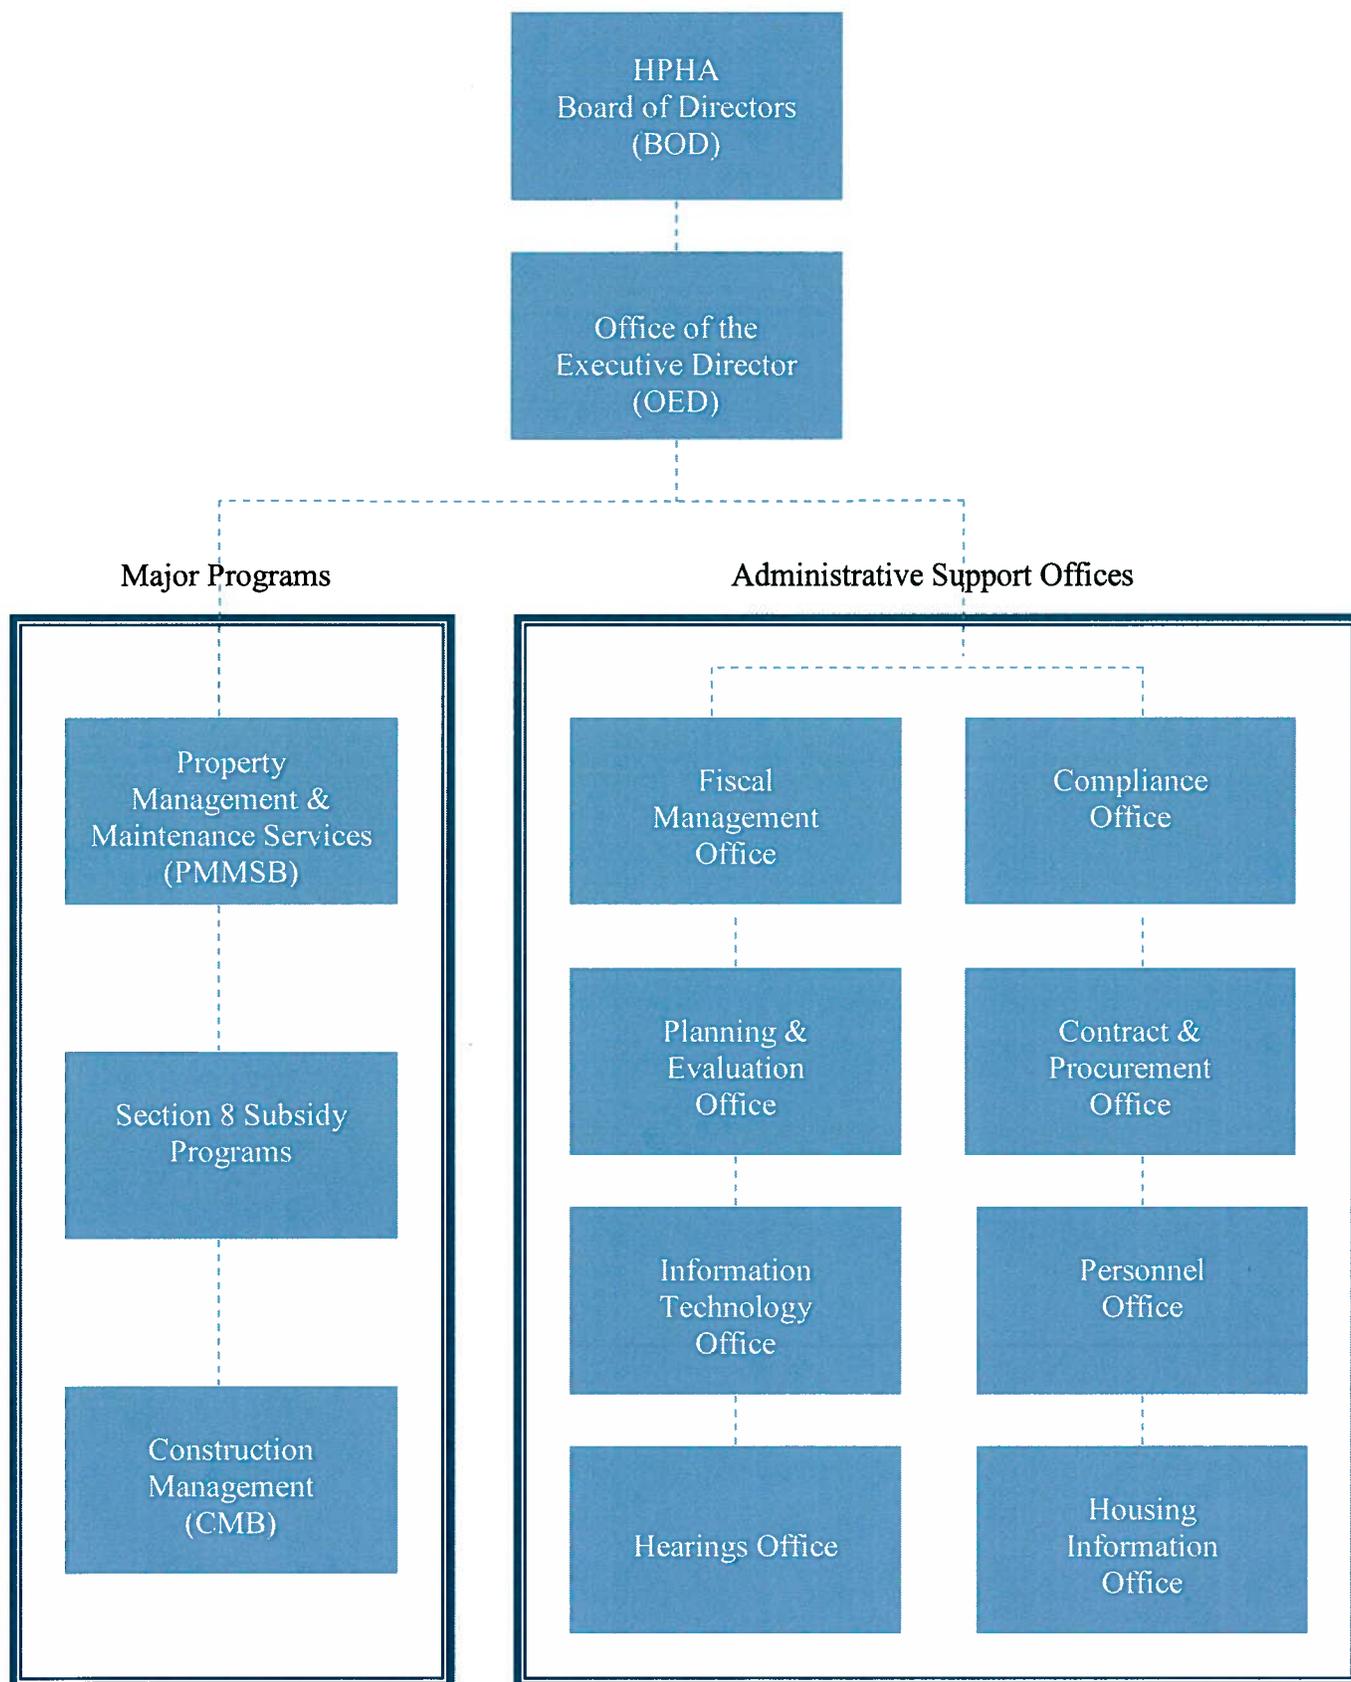

2010

Pursuant to Act 89 of the 2010 Hawaii Session Laws, the Homeless Programs Section was transferred from HPHA to the Benefit, Employment, and Support Services Division (BESSD) of DHS effective July 1, 2010.

2012

The Legislature appropriated the largest Biennial Capital Improvement Program (CIP) allocation in agency history, over \$91 Million and passed a number of important proposals to assist the HPHA in quickly hiring an expanded workforce, eliminating unit vacancies, and reducing unit turnaround time.

HPHA Organization

Federal and State Low Income Public Housing Program

Federal public housing is a U.S. Department of Housing and Urban Development (HUD) program established to provide decent, safe rental housing for eligible low-income families, the elderly, and persons with disabilities. There are approximately 1.2 million households living in public housing units nationwide, managed by some 3,300 Public Housing Agencies. Program eligibility and rents are **income-based**.

The Hawaii Public Housing Authority (HPHA) is the sole Public Housing Agency for the State of Hawaii, established by the Territory of Hawai'i in 1935 to provide safe, decent, and sanitary housing for low-income residents. Guided by an eleven (11) member Board of Directors appointed by the Governor of Hawaii, today the HPHA Federal and State Low Income Public Housing programs combine to serve over **5,100 families** or more than **13,500 individuals**.

Portfolio of **85 properties** consisting of **6,195*** units of public housing

- **5,331*** units HUD subsidized
- **864 units** State (no subsidy)
- Units on Kaua'i, O'ahu, Moloka'i, Mau'i, and Hawai'i

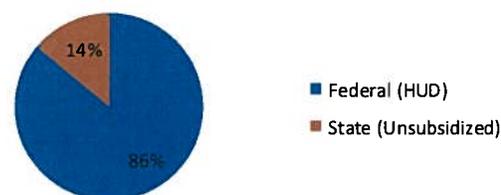

*Authorized units

Unit sizes range from zero (0) bedrooms (e.g. studios) to five (5) bedrooms

- **8 AMPs** managed by State employees
- **8 AMPs** managed by private contractors

Property Management & Maintenance Services Branch

As of the close of Fiscal Year 2012, the HPHA Property Management Branch had made significant improvements in a number of important areas.

According to HUD's rating criteria, the Public Housing Assessment System (PHAS) scores for the agency had improved to the point that the agency was no longer considered "Troubled" status as it had been the previous year. Improvements boosted the agency to "Standard Performer" status with a "Substandard" management rating factor.

Improvements in the Property Management Branch have drawn positive attention from the local media outlets

Of the HPHA's 6,195 units statewide, the agency had an occupancy rate on June 30, 2012 of 92.5%, representing an increase from the 91.02% occupancy rate in December, 2011. The 316 vacant units represented a 20% reduction from the end of the calendar year, and rent collection rates were at 97%.

Significant investments were made to improve safety and security at properties statewide, particularly at Mayor Wright Homes near Downtown Honolulu, where hot water systems and fencing improvements were implemented to correct major deficiencies. As shown in the image above, in March 2012, tenant ID cards were issued for each registered resident listed in a household at Mayor Wright Homes in order to assist with issues relating to trespassing.

Construction Management Branch

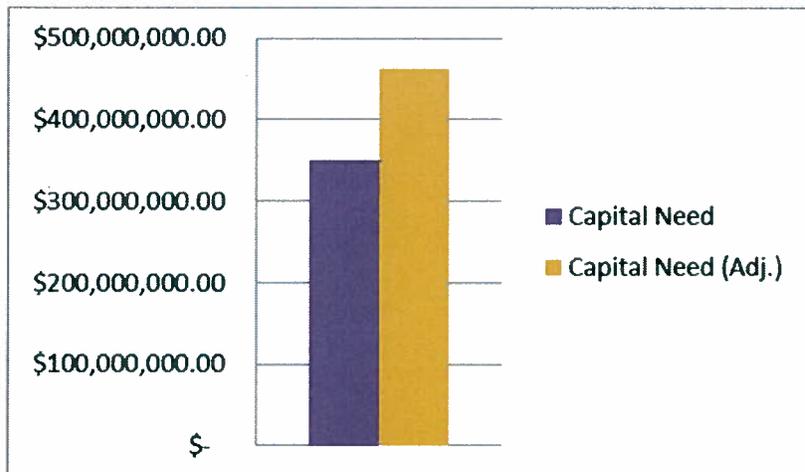

The Construction Management Branch (CMB) worked hard under a 60% professional staffing situation. During FY 2011 – 2012 the CMB was able to successfully close all large capacity cesspools which were under a corrective action and final order from the Environmental Protection Agency. It was also able to fully expend the \$16 Million in Stimulus funds provided by the American Recovery and Reinvestment Act (ARRA) with a clear financial audit of the funds by the Department of Housing and Urban Development. All Quarterly Federal Reporting for stimulus funds and the Annual Federal Section 3 Report were reported on time.

All FY 09-11 Biennium State CIP funds were successfully encumbered, all Federal CFP 719 funds were successfully obligated and all Federal CFP 718 funds were expended on time.

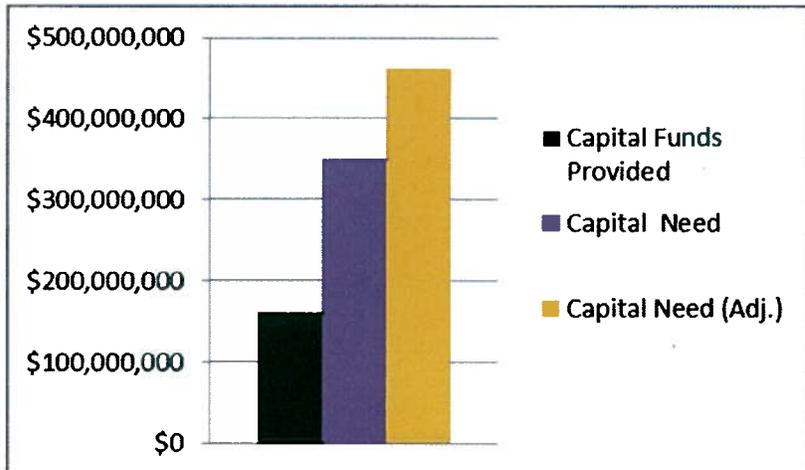

The HPHA's housing stock still has an extensive capital need that continues to be underfunded by HUD, currently estimated at approximately \$462 Million, an increase from 2009 estimates of \$350 Million in capital needs. HPHA plans to request another \$180 Million in State CIP funds this Biennium, which would nearly bring the inventory up to current on capital needs for the first time.

An environmental review was conducted on all 65 Federal and 20 State Public Housing Developments statewide. In addition to the construction

projects that were completed and the design and construction contracts they were able to encumber/obligate on time, the Construction Management Branch manages a little over 100 open and on-going design and construction contracts.

2009 PNA Estimate v. HPHA's Current PNA Estimate

Capital Funds Provided Since 2009 v. PNA and HPHA Estimated Need

Encumbering, obligating and expending all capital improvement funds remain our top priority. Additionally, modernizing vacant units for occupancy is given focused Attention, particularly those that correct life, health and safety issues and invest in accessibility and accommodation improvements. The Construction Management Branch strives to keep its staff trained and apprised of all code and compliance changes. It is working toward developing an interactive tool providing important fixed assets inventory information and maintenance schedule to major building systems to get ahead of maintenance issues that lead to expensive remediation measures. Finally, energy and green design is an area the Construction Management Branch hopes to incorporate more aggressively as it moves forward with modernization projects.

Section 8 Subsidy Programs Branch

The Housing Choice Voucher (HCV) Program, commonly known as Section 8, is a HUD program established to provide rental subsidies for standard-quality units that are chosen by the tenant in the private market with assistance given through tenant-based vouchers. The State of Hawai'i provides limited funding for a similar Rent Supplement program that is administered in the same fashion as the Federal HCV Program.

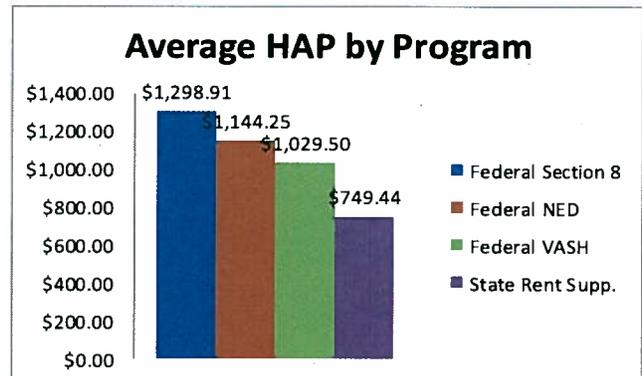

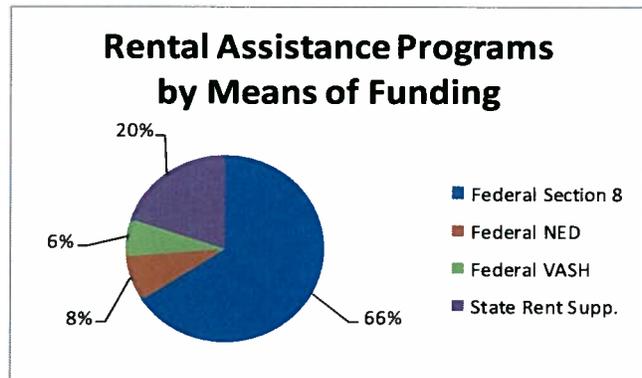

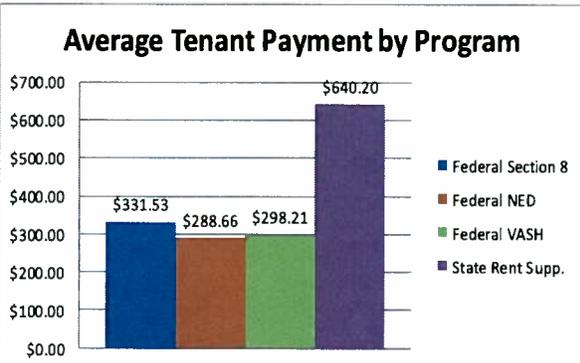

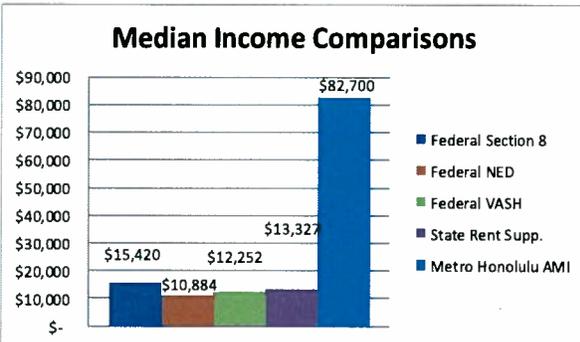

1,379 HUD HCV vouchers, Avg. Housing Assistance Payment (HAP) = **\$1,300** per month

165 Non-Elderly Disabled Vouchers (NED), Avg. HAP = **\$1,144**

Choice Neighborhoods Planning Grant

The HPHA received a grant from the Hawaii Community Foundation for \$15,000 to fund efforts to apply for a HUD Choice Neighborhoods Initiative Planning Grant.

Neighborhood Map from the HPHA's CNI Planning Grant Application

Choice Neighborhoods is one of the signature programs of the Obama Administration's Neighborhood Revitalization Initiative, which is designed to support holistic strategies that bring public and private partners together to help break the cycle of poverty. In addition to supporting affordable housing, the Choice Neighborhoods grant programs seek to encourage collaboration among housing developers, educators, the criminal justice system, cities, states, and nonprofit organizations to create sustainable, mixed-income neighborhoods with quality housing, high performing schools and safe streets.

The HPHA teamed up with EJP Consulting Group and the Michaels Development Company to submit a Planning Grant application for \$300,000 for the Kuhio Homes public housing community, and will be convening task forces of community

stakeholders to develop a robust, comprehensive Transformation Plan to support an application for a \$30-35 Million Implementation Grant.

The State Legislature was a crucial partner in submitting a competitive application: Senate Resolution 38, S.D. 1 was submitted as part of the application documenting the state's support; and Act 106, Session Laws of Hawaii 2012 (the State Budget) appropriated \$600,000 in Capital Improvement Program (CIP) funds that fulfilled 100% of the local match to leverage the proposed grant amount.

"I Have A Dream" Hawaii Housing Campaign

Shortly after taking the top leadership position at the HPHA, Executive Director Hakim Ouansafi launched a campaign to leverage volunteer efforts in the community to assist HPHA staff in making necessary improvements to vacant units statewide. Dubbed the "I Have a Dream" Hawaii Housing Campaign to celebrate Dr. Martin Luther King, Jr. Day, hundreds of volunteers came to HPHA projects over several months on Oahu and the Neighbor Islands to paint, clean, and do light repair work. They helped provide homes to dozens of families that were on the HPHA's waitlist pending the availability of units that had sat vacant for months.

HPHA staff showed their appreciation for the acts of kindness resulting from the Campaign by distributing roses to the community in Downtown Honolulu. Each rose handed out represented a family that now had a place to call home thanks to the community's support.

Fair Housing

The HPHA provided Fair Housing training for 230 employees in sessions held on Oahu, Kauai, and Maui. Fair housing training was offered to all public housing residents on Kauai and Maui, with 21 residents attending.

Additionally, the HPHA's Compliance Office resolved 6 discrimination complaints that were filed with the Hawaii Civil Rights Commission and HUD. Work is being completed on a contract with an independent consultant, the National Center for Housing Management, to complete HPHA's Section 504 Self-Evaluation Plan and Transition Plan, to determine and plan for improvements needed to make the HPHA more accessible to persons with disabilities.

The Compliance Office responded to approximately 490 tenant requests for reasonable accommodations under Section 504 of the Rehabilitation Act and the Fair Housing Act. Most common requests were for transfers to accessible or ground floor units, transfers for other reasons, air conditioners, reserved parking, utility allowances for medical equipment, and assistance animals

Language Access

The diversity of languages among HPHA's tenants and applicants is truly broad, and the Compliance Office has collected a number of statistics relating to the provision of language assistance to persons of Limited English Proficiency. Work began by revising and adopting the HPHA Language Access Policy for the federally assisted low-income public housing program. Once the agency had enacted this policy, the Compliance Office coordinated training for 116 HPHA employees who have the most contact with our limited English proficient clientele on language access. According to LEP encounter and cost data from all HPHA offices collected over the Fiscal Year, total agency-wide expenditure for interpretation and translation costs was **over \$24,000 for close to 1,000 LEP encounters in 15 different languages.**

Hearings Office Statistics

The Hearings Office anticipates improved performance in the next Fiscal Year thanks to the enactment of Act 160, Session Laws of Hawaii 2012, which amended Section 356D-92, Hawaii Revised Statutes. This legislation streamlined the notice requirements that the agency must follow in grievance and eviction proceedings, allowing the HPHA to conform such practices to the requirement of 24 C.F.R. 966 through Chapter 91 Administrative Rulemaking. The bill will also enable the agency to reduce administrative costs incurred through hearings by permitting the use of video teleconferencing to conduct Neighbor Island evictions. In order to implement the intent of this act, the HPHA Board approved amendments to 17-2020, Hawaii Administrative Rules, which will go to public hearing before going into force.

The Hearings Office also assisted in updating 17-2021, Hawaii Administrative Rules, to correct issues in the grievance hearing processes of the agency.

Information Technology Office

This Fiscal Year was a busy one for the HPHA's IT staff. The agency, through the leadership of the IT Office, moved from an antiquated, DOS-based software system to an updated, Windows-based system utilized by large Public Housing Agencies nationwide. This will assist in improving operations, tracking, and reporting of financial and other program-related data and information.

Staff installed 97 new desktop computers in various HPHA offices, statewide while maintaining the rest of the agency's several hundred computer systems and mainframes, in addition to maintaining computer network infrastructure, and providing help desk support to both HPHA employees and private management contractors' staff.

IT also provided essential support in expanding the Planning & Evaluation Office's capabilities by procuring Geographic Information Systems software to better understand the agency's property holdings and to develop community-based plans.

Exempt Employment & Volunteer Report

The HPHA employed 274 Full Time Equivalents in a variety of Civil Service and Exempt capacities statewide as of June 30, 2012.

Pursuant to Sec. 356D-2, the HPHA provides the following report on the employment of personal exempt from the Civil Service. Legislative Proposals

2013 HPHA Legislative Proposals		
Title/Intent	Bill Purpose	DHS No.
Delinquent Balance Write-Off	Provide HPHA with ability to write off delinquent account balances for state LIPH in same manner as federal LIPH, exempt from section 40-82; reduces required wait time from 2 years to 90 days; moves delinquent accounts more quickly to Collections agency	HMS-16
Uniform Admin. Rule Adoption Process	Provides HPHA with authority to adopt certain policies exempt from Chapter 91 rulemaking formalities; would eliminate dual compliance currently required by 24 C.F.R. 903 and Chapter 91, HRS for the adoption of ACOP and other administrative rule provisions. Would allow the HPHA to follow only the process provided by 24 C.F.R. 903, which is consistent with PHA practice nationwide. In conjunction with 26-35(a) (3), would allow the HPHA to work with the Governor to tailor admin. rule adoption process.	HMS-17
Streamline Eviction Process	Allows for certain evictions resulting from household criminal activity to be processed without grievance hearing per HUD regulations; amends 356D-92 and 521-7, HRS. Would allow HPHA property managers to send evictions straight to circuit court, without a grievance, by providing a judicial process that will suffice for HUD due process approval.	HMS-18

Legislative Proposals

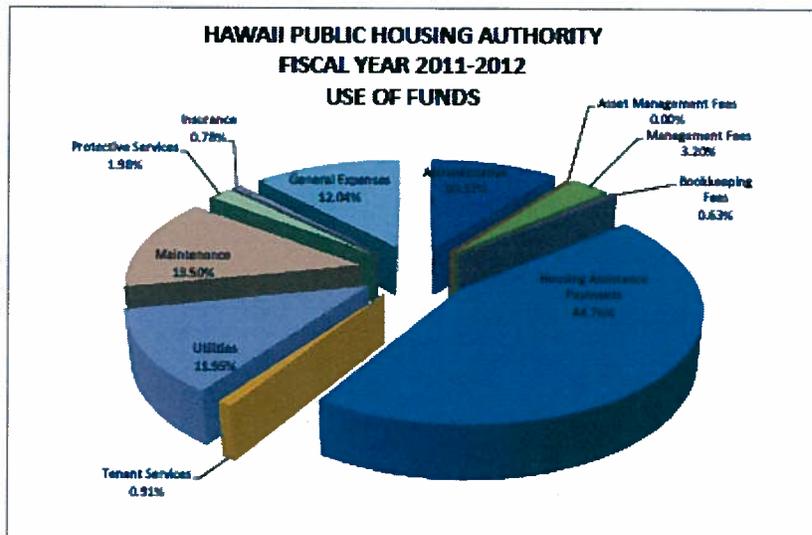

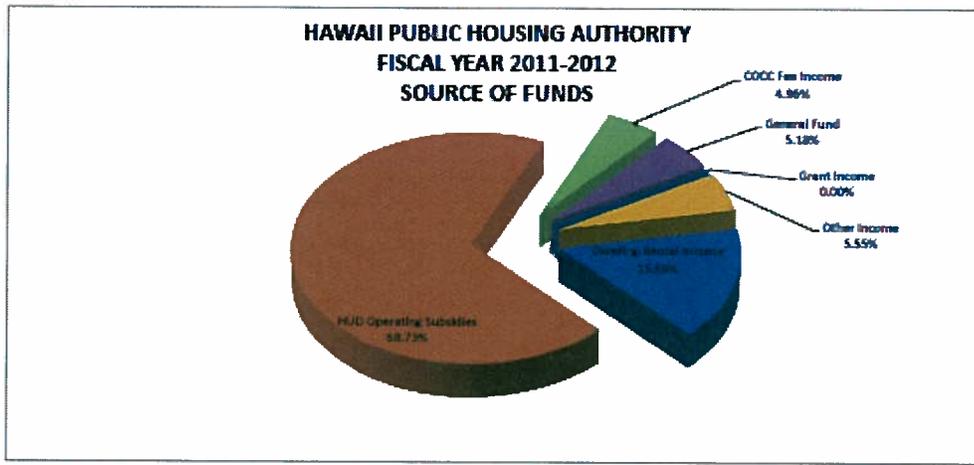

<p>Increase Property Security</p>	<p>Makes possession/storage of open containers of intoxicating liquors on public housing common areas criminal offense. Consumption of intoxicating liquors is already prohibited; this proposal would expand that prohibition beyond consumption (which requires a witness to the act of imbibing alcohol) to possession/storage. In many cases now, when drinking is a problem, perpetrators simply put their drinks down before arrival of police and are not subject to citation under this law. If possession were criminalized, police would only have to find alcohol on the scene and confirm consumption to issue citations.</p>	<p>HMS-19</p>
<p>Public Housing Definition</p>	<p>Amends definition of "public housing project" at 356D-1 to include additional types of federally assisted housing. Would clarify the authority and power of the HPHA to participate in additional federally-assisted housing programs beyond public housing, which HUD allows PHAs to administer. Ties the definition of federally-assisted housing to Federal standards in case HUD adds new programs (such as RAD). In conjunction with a PHA-incorporated entity (instrumentality or affiliate), HPHA would be able to extend management services to existing housing resources in the State, thereby increasing employment and revenues.</p>	<p>HMS-20</p>

Legislative Proposals

<p>State Income Tax Exemption</p>	<p>Repeals Section 201H-37 and re-enacts in Chapter 356D. This statute already is in place, and illustrates consistent policy of the U.S. government to exempt certain income and obligations of PHAs from income taxes in order to promote affordable housing development. This measure should have moved to Chapter 356D when HCDCH was bifurcated. This is a HOUSEKEEPING measure</p>	<p>HMS-21</p>
<p>Streamline Property Disposal</p>	<p>Amends 356D-56 regarding the disposition of abandoned personal property on HPHA state LIPH properties to match process that DLNR uses. Current law requires the HPHA to act as a storage unit and only gives the HPHA a lien interest in abandoned personal property. HPHA is required to provide numerous notices and wait periods, and cannot act more quickly in the case of extremely low value property (junk). Liens on the possessions of evicted tenants become TARs and can make the agency look financially unhealthy, and are unlikely to be recovered due to the low income of evicted tenants.</p>	<p>HMS-24</p>

INCOME STATEMENT

A. REVENUES:

HUD Operating Subsidies:

This reflects a \$1.03 million adjustment made by HUD to bring the estimated subsidy payment over the nine months in prior year line with the Housing Assistance Payments over the same period. The shortfall will be made up from the Unrestricted and Restricted cash balances. In November and December the subsidy will increase to approximately \$2million. Excess payments for Housing Assistance made in 2012 will be adjusted for in the following year.

COCC Fee Income:

The COCC fee income made up of Management Fees, Asset Management Fees and Bookkeeping Fees and Front Line Service Fees showed increase of 28% due to the accruing of the Asset Management Fees year to date in October 2012.

Other Income:

Increase in Laundry Income due to less reliance on coin operated machines; and increase in work order material and labor billed to the AMPs.

B. EXPENSES:

Administrative:

Decrease in Administrative Salaries and Benefits due to Budgeted positions are going through the hiring process.

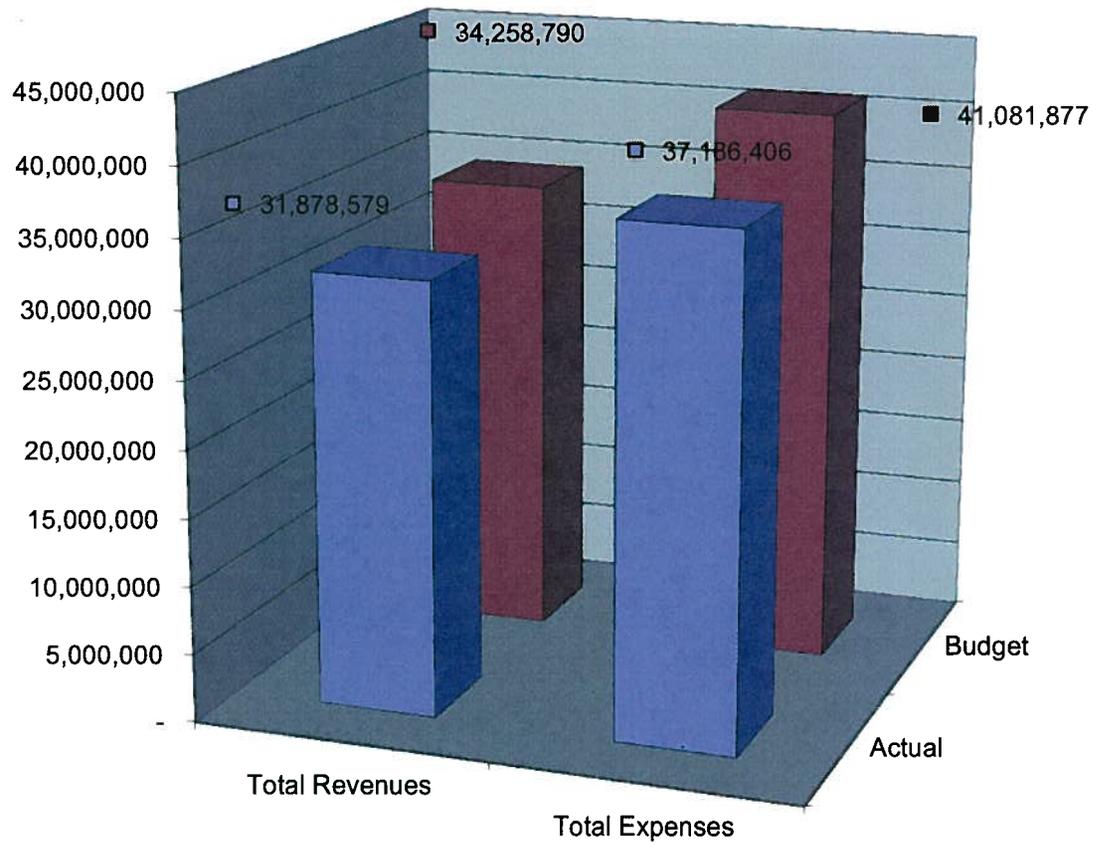

Asset Management Fees:

Asset management fees accrued for the four months and booked in the month of October 2012.

OVERVIEW – Current Fiscal Year:

Cash basis shows a negative cash flow of \$542k year to date due to the \$1.03 million recapture in October for estimated subsidy paid to the Hawaii Public Housing over the first nine months of 2011. There is adequate cash in Housing Choice Voucher Program to cover this annual charge adjustment.

Hawaii Public Housing Authority Board Finance Task Force Report

Meeting Date: December 14, 2012 9:00 am

In attendance: David Gierlach, Roger Godfrey, Trevor Tokishi, Debbie Shimizu, Wilfredo Tungol, Hakim Ouansafi, Barbara Arashiro, Clarence Allen, Charles Itliong, John Wong

From KMH (auditors): Wils Choy, Jenny Lemaota

On December 14, 2012 the members of the Board Finance Task Force and the HPHA staff met with the HPHA's auditors to discuss the financial statements for the fiscal period ended June 20, 2012.

There was a good discussion on the state of the Authority as well as lot of details of financials and footnotes to the financial statements. Highlights of the audit discussion included:

- Unqualified opinion = good thing
- Over 100 Adjusting Journal Entries
- Material weakness in Journal Voucher process
 - Approving signature present, but voucher not correct. This could indicate that an appropriate review is not occurring by the supervisor.
 - Given resources, complexity and work environment constraints, VERY challenging situation
 - Plan, to engage o/s consultant to help perform more complex duties while the ED evaluates resources
 - Positive- has shown improvement from prior years, but long way to go
- Note- unqualified opinion because controls over the critical process- cash disburse/receive are strong
- Overall, net assets dropped \$15M, primarily due to lapsing of state funds in Government Activities.
 - Note, there was a conscious effort to focus on Federal monies (~\$50M in projects?) to avoid monetary sanctions of more than \$1.0M per month.
- Further note, Government Activities focus not on bottom line, because should zero out. Focus is on were ins & outs classified and spent properly.
- Potential significant impact on financials with new GASB statements related to pensions
- The **Housing Choice Voucher Program** subsidy for the current year showed an increase of \$3,915,743 from prior year primarily due to additional funding for tenant protection vouchers (used at Kuhio Park Terrace) and additional Veterans Affairs Supportive Housing (VASH) vouchers.
