**Approval of Minutes:**

**Director Smith moved,**

**To approve the Regular Meeting Minutes of February 16, 2016.**

The minutes were unanimously approved as presented.

Chairperson Shim deferred approval of the minutes for the following until later in the meeting:

Executive Session, November 19, 2015

**Public testimony:**

Desiree Kihano, Palolo Homes resident, distributed a packet of information to the Board of Directors. Ms. Kihano asked questions about the total amount of the budget for the Resident Advisory Board (RAB) and inquired about the source of funds for the meetings. She is concerned that the RAB is not provided lunch when the meeting extends beyond the agenda and the discussion does not cover the Public Housing Agency Plans. She also questioned the status of the Resident Participation Funds that are not distributed due to the lack of recognized resident associations. Ms. Kihano explained that many tenants bring issues to the RAB meeting that are not related to the PHA Plan. She feels, however, that the RAB should be allowed to meet about individual tenant concerns and not just the PHA Plan. She suggested that the RAB be allowed to include the individual tenant concerns on the RAB agenda to show the

tenants that their concerns are being addressed. She acknowledged that the HPHA does address concerns when they are brought up, but felt including the topics on the RAB agenda would validate the tenant concerns.

Ms. Kihano showed photos of construction occurring at Palolo Valley Homes. She made suggestions to improve problems with the renovated units and construction. She commented that building lights did not work properly and that sprinkler system valves were not secured and subsequently vandalized by neighborhood children. Ms. Kihano indicated that she reported her concerns to OSHA and has seen improvements in the fence surrounding the construction zone. She commented that if the RAB were allowed to address tenant concerns, she would be able to bring these types of matters to the RAB.

Ms. Kihano further requested that the HPHA provide a replacement unit for the resident association. Ms. Kihano acknowledged that the housing unit could be used to address the homeless problem, but stated that the resident association needs a unit to conduct resident association business and programs for the community.

Wanda Camara, Koolau Homes tenant, recommended that elderly tenants should be able to request grab bars without submitting a request for reasonable accommodation. She added that prior to the meeting, HPHA staff clarified for her that AMP Managers are able to install grab bars upon request.

Andrew Nakoa, Mayor Wright Homes tenant stated that he submitted comments at the public hearing on the HPHA's Five Year and Annual PHA Plan on Tuesday. Mr. Nakoa requested that the HPHA address the problem of loitering at Mayor Wright Homes. He reportedly found nails in his car tires on two separate occasions. He stated that if the security would address loitering on the property, they could have prevented someone from putting nails in his tires. He also reported that someone stole the clothes off of his clothesline worth over \$100. Mr. Nakoa is requesting parking stall 24F which is directly in front of his unit so that he can watch his vehicle.

Makani Maeva from the Vitus Group and Thomas Lee from the Hunt Development Companies encouraged the Board to approve Resolution No. 16-03 related to the predevelopment agreement between the HPHA and MWH Partners, LLC. She stated that both parties engaged in extensive negotiations and documents have been reviewed by the legal counsel. Ms. Maeva and Mr. Lee made themselves available for questions.

#### **For Action:**

**Director Darcy moved:**

**To Adopt Resolution No. 16-02 Statement of Non-Discrimination Policy Reaffirming the HPHA's Commitment to Prohibiting Discrimination or**

## **Discriminatory Practices in its Operations, Procedures, Programs, and Services**

Executive Director Ouansafi stated April 2016 is Fair Housing Month and the HPHA annually reaffirms its commitment to fair housing and non-discrimination. He reported that the HPHA is also coordinating a Fair Housing Awareness Day at the State Capitol under co-sponsorship of Representative Mark Hashem and Senator Breene Harimoto. The event will feature several agencies such as the U.S. Department of Housing and Urban Development, Hawaii Housing Finance and Development Corporation, Hawaii Civil Rights Commission, and the Department of Hawaiian Home Lands. Executive Director Ouansafi reported that we are awaiting confirmation from the Capitol on the date for the event.

In 2010, the HPHA adopted Resolution No. 024, the Statement of Non-Discrimination Policy, and revised its Policy on Reasonable Accommodations and Modifications. In 2012, the HPHA adopted the Language Access Policy for the federally assisted public housing program to ensure that limited English proficient individuals can effectively participate in or benefit from its programs and activities. In 2014, the HPHA adopted revisions to its discrimination complaint procedures to include complaints regarding language access, and revised the language access policy to reflect its coverage across all HPHA programs and services. In 2015, the HPHA adopted its own Language Access Plan. The Compliance Office is currently in the process of providing mandatory training for HPHA employees on all islands.

**The motion was unanimously approved.**

### **For Action:**

**Director Smith moved,**

**To Ratify the Hawaii Public Housing Authority's Financial Audit and Accept the Hawaii Public Housing Authority's Single Audit Testing on Internal Controls and Compliance for Fiscal Year July 1, 2014 Ended June 30, 2015 and to Authorize the Executive Director to Submit the Audit and Management Responses to the Federal Audit Clearinghouse and the U.S. Department of Housing and Urban Development as Required**

Executive Director Ouansafi reported that a representative from KMH, LLC was unable to attend the meeting, but could be available next month if the Board requested it.

Executive Director Ouansafi reported that final financial statements were updated with the final pension schedule. Changes from the draft only involved re-classifications between governmental activities and business-type activities, with no significant impact on the agency's total. He further reported that the draft single audit included two findings: 1) Significant deficiency related to the Section 8 unit re-inspections which were

not completed timely; and 2) Material weakness related to eligibility under the federal public housing program.

Executive Director Ouansafi reported that over the last several years, the HPHA has been able to make significant progress in addressing audit findings from previous years reducing the number and severity of findings. For example, there were 12 audit findings in FY11 ended 6/30/2011, 9 out of the 12 were material weakness and 3 were significant deficiencies. He explained that one of the biggest challenges is the lack of staff. As an example, the HPHA's case load is approximately 1 staff to 450 cases, where other public housing agencies' staff may handle approximately 250 cases. Additionally, the HPHA is a State agency and services are delivered statewide. Executive Director Ouansafi added that there was no fraud, questioned costs, or concerns with the construction reporting.

Director Kim stated that she was concerned that the findings may not be attributable to lack of staffing and that the findings are not insignificant. After some discussion on previous findings and current program status, Director Kim corrected her concern and questioned the need for the finding to be considered a material weakness.

Executive Director Ouansafi agreed that having even two findings are not acceptable. He explained, however, that when the report states that "3 of 40 files showed that the reinspection was not completed within the timeframe" it demonstrates that there is human error and that there may be staffing issues.

Chairperson Shim reported that Wils Choy, (partner from KMH, LLC) attended the previous Board meeting and provided the Board with a level of confidence in the financials and audit findings.

Chairperson Shim recalled that the Section Eight Management Assessment Program (SEMAP) scores were improved which he stated revealed the dedication of the staff. The audit also shows the dedication of the staff and acknowledged that staff are carrying a heavy load. He expressed his appreciation to the staff for their efforts.

Executive Director Ouansafi explained that management often makes a strategic decision to pursue voucher lease up and tenant placement which increases the workload tremendously on an already overburdened staff. He stated that the goal of housing more families often outweighs the potential for human errors in the files. He added that the auditor indicated that based on the volume of files being worked on it would be difficult for HPHA to remove all audit findings.

**The motion was unanimously approved.**

**For Action:**

**Director Medeiros moved,**

**To Adopt Board Resolution No. 16-03 Authorizing the Executive Director to Enter Into a Predevelopment Agreement with MWH Partners, LLC a Delaware Limited Liability Corporation and Special Purpose Entity for the Mixed Income Transit Oriented Development Redevelopment of Mayor Wright Homes, and to Undertake All Actions Necessary to Implement the Predevelopment Agreement**

Executive Director Ouansafi stated that the HPHA negotiation team and the Hunt Development Companies, including the Vitus Group and McCormack Baron Salazar, engaged in good faith negotiations over the last several months. He provided the following information on the redevelopment project:

- Mayor Wright Homes is a federal public housing development located in the Kalihi/Palama neighborhood bordered by Vineyard Blvd., N. King Street and Liliha Street consisting of 364 units in 25 walkup and 11 townhouse buildings.
- Mayor Wright Homes was built in 1953 and modernized in 1984.
- The Mayor Wright Homes site is located near the Iwilei Rail station on the Hawaii Area Rapid Transit line.
- On November 20, 2014, the HPHA Board of Directors approved the selection of Hunt Development Group LLC (the "Lead Master Developer"), McCormack Baron Salazar, Inc. and Vitus Group as team members, as the master developer team for the Mayor Wright Homes Redevelopment and authorized the Executive Director to enter into negotiations with the development team.
- The master developer team (described above) subsequently established MWH Partners, LLC, a limited liability corporation and special purpose entity for the redevelopment at Mayor Wright Homes.
- The intent of the redevelopment of Mayor Wright Homes is to revitalize and improve the quality of life for Mayor Wright Homes residents while making the best use of the existing land to encourage a sense of community with the surrounding neighborhood.
- The lead Master Developer will facilitate the mixed-income, mixed-finance, mixed-use approach and provide the additional capital necessary to truly revitalize the site and surrounding neighborhood.
- The lead Master Developer is required to replace the existing Public Housing units on a one-for-one basis as part of the master plan.

- The Predevelopment Agreement (the "Agreement") will enable the HPHA to work with the development team and community stakeholders to develop a Master Plan.

**Director Medeiros moved,**

**To go into Executive Session pursuant to Hawaii Revised Statutes sections 92-4, 92-5(a)(8), and 103D-105 to discuss, deliberate or make a decision on information that must be kept confidential, 92-5(a)(3) to deliberate concerning the authority of persons designated by the Board to negotiate the acquisition of public property, and 92-5(a)(4) to consult with the Board's attorneys on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities on the Predevelopment Agreement.**

**The motion was unanimously passed and the Board moved into Executive Session at 9:46 a.m.**

Chairperson Shim requested that Ms. Maeva and Mr. Lee be available for questions.

The Board reconvened at approximately 10:40 a.m.

**Director Kim moved to amend the motion:**

To read:

**"That the HPHA Board of Directors Adopt Board Resolution No.16-03 Authorizing the Executive Director to Enter Into a Predevelopment Agreement with MWH Partners, LLC, a Delaware Limited Liability Corporation and special purpose entity for the Mixed Income Transit Oriented Development Redevelopment of the Mayor Wright Homes; and to Undertake All Actions Necessary to Implement the Predevelopment Agreement,"**

And add at the end of the motion:

**"Subject to Department of the Attorney General Final Review of Technical Revisions to Exhibit C of the Predevelopment Agreement Received by the HPHA from Hunt on March 16, 2016."**

**The motion was unanimously approved.**

Director Medeiros moved,

**That the HPHA Board of Directors Adopt Board Resolution No.16-03 Authorizing the Executive Director to Enter Into a Predevelopment Agreement with MWH Partners, LLC, a Delaware Limited Liability Corporation and special purpose entity for the Mixed Income Transit Oriented Development Redevelopment of the Mayor Wright Homes; and to Undertake All Actions Necessary to Implement the Predevelopment Agreement, Subject to Department of the Attorney General Final Review of Technical Revisions to Exhibit C of the Predevelopment Agreement Received by the HPHA from Hunt on March 16, 2016.**

**The amended motion was unanimously passed.**

Chairperson Shim expressed his appreciation to the HPHA Management and Staff and the MWH Partners, LLC for the effort in negotiating the Predevelopment Agreement.

**For Information:**

**Appointment of a Board Task Force to Establish Benchmarks for HPHA's Leadership and Evaluate Performance of the HPHA's Programs**

Director Young stated that part of the Board's responsibility is to evaluate the Executive staff. Unfortunately, the HPHA did not start this process sooner as the Agency has made a lot of progress and the benchmarks are now higher. He stated that the Board needs to depoliticize this process and let people know what a good job looks like. Director Young stated that the goal is for the Board to have a management tool to know when the agency is performing well.

Chairperson Shim stated that the Board and agency are doing good work. He indicated that establishing benchmarks will let the public know that we are doing a good job.

Director Young added that the establishment of benchmarks will be a collaborative process and acknowledged that there are already federal measurements. He indicated that the Board will need to be educated on the federal measurements, so that the Board is not establishing unrealistic benchmarks for the agency.

Chairperson Shim appointed Director Alena Medeiros, Director En Young, Director Myoung Oh and himself to the task force.

Chairperson Shim expressed his appreciation to the staff and the agency leadership for their professionalism and hard work.

## **Executive Director's Report:**

- The House Finance Committee's first budget draft did not include any of the Governor's requests related to the HPHA, including the 64 Multi Skilled Worker Program positions, \$31 million Capital Improvement Program (CIP) funds, \$3 million for State public housing, and the funding for the Section 8 positions. This was similar to last year.

HPHA is hopeful that the Senate budget draft and hopefully the final draft will be more robust and will update the Board when information is available. The legislature is considering abolishing all positions that have been vacant for over two years. HPHA is hopeful that after negotiations between the House and the Senate that the HPHA will not be negatively impacted.

- HPHA moved in 51 families in public housing in February. Staff continue to do good work and move expeditiously to assist needy families.
- HPHA is continuing negotiations for redevelopment at School Street.

Director Medeiros expressed concern that the Governor's requests for HPHA were zeroed out. She inquired about whether the Board can assist with the HPHA's budget request or should they wait until the Senate works it out with the House.

Executive Director Ouansafi indicated that the HPHA is watching the budget process closely and understand that housing is a priority for the Legislature and the Governor. He indicated that there are a lot of competing priorities and the HPHA will wait for the negotiations between the House and the Senate.

Executive Director Ouansafi reported that HPHA will be issuing an impact statement to the Senate Ways and Means Committee at their request.

Director Darcy expressed concern with the proposed House budget and offered support from the Board. She acknowledged the need for staff.

Chairperson Shim deferred approval of the Executive Session Minutes from November 19, 2015 and February 18, 2016 until the April Board meeting.

Executive Director Ouansafi reported that staff may request a special board meeting for the approval of the final Public Housing Agency Five Year and Annual Plan.

## **Adjournment:**

**Director Darcy moved,**

**To Adjourn the Meeting.**

The motion was passed unanimously.

The meeting adjourned at approximately 10:57 a.m.

### II. DISCUSSION

- A. The eviction board members are made up of volunteers from the community, in both the public and private sector with work experiences in law, real estate, accounting and teaching. - B. Prior to hearing an eviction case, the board members receive training on their roles and responsibilities to provide a fair and impartial hearing for the tenants. They are also trained on the roles and responsibilities of the tenant and the HPHA and its managing agents.
- C. Due to natural attrition the Hearings Office continue to solicit new board members through various marketing and networking efforts, referrals from board members or HPHA staff to maintain board quorum.
- D. Having more than the minimum amount of members and resident members appointed to the Oahu and Neighbor Island Eviction Boards will allow the Hearings Office to process the requests for hearings in an efficient and timely manner, and avoid cancellation of hearings for lack of quorum.

## FOR ACTION

**MOTION:** To Approve the Updated Utility Allowance Rates for May 1, 2016 to May 31, 2017 for the Section 8 Housing Choice Voucher Program and to Authorize the Executive Director to Take All Steps Necessary to Implement the Updated Rates, Including Accepting Comments on the Updated Rates as Required

### I. FACTS

- A. Under the provisions of the U.S. Housing Act of 1937, to keep assisted housing affordable for lower-income households, federal housing law directs that the resident's share of rent should equal 30 percent of the household's adjusted monthly income. In interpreting the federal housing law, the U.S. Department of Housing and Urban Development (HUD) has defined the total resident payment for "rent" to include both shelter and the costs for reasonable amounts of utilities. The amount that a Public Housing Authority (PHA) determines is necessary to cover the resident's reasonable utility costs is the utility allowance.
- B. Such allowances are estimates of the expenses associated with different types of utilities and their uses. The utilities for which allowances may be provided include electricity, natural gas, propane, fuel oil, wood or coal, and water and sewage service, as well as garbage collection. The functions, or end-uses, covered by an allowance may include space heating, water heating, cooling, refrigeration, lighting, or appliances. Allowances are not provided for telephone service.
- C. Whether a household receives an allowance for a given utility service depends on the actual services the voucher holder is responsible for. This is determined by the private landlord and is verified by staff.

### II. DISCUSSION

- A. This year, the HPHA contracted National Facility Consultants, Inc. to conduct the utility allowance study.

- B. The Section 8 allowances were developed in accordance with the requirements in 24 CFR Part 982.517. Allowances were established for each type of housing to reflect the actual reasonable utility consumption for an energy conservative household.
- C. Rates were collected for each applicable utility for each type of property. All rate schedules were verified and any adjustments to rates were collected for the year period from January 1, 2015 through December 31, 2015. This is consistent with the approach utilized by the HPHA for the Public Housing program where adjustments that fluctuate every month are averaged over the preceding year. It should be noted that in cases where utility companies were granted an increase in their base rates by regulatory authorities, the monthly energy cost adjustments were reduced by the amount of the increase for the months prior to the effective date of the increase in order to prevent over compensation.
- D. For water and sewer rates, the "single-family" rate was utilized for all types of housing based on information provided by the Board of Water Supply. The Board representative indicated that the multifamily rate is only used when the bill includes multiple units and that the single-family rate is used for an individual bill, regardless of the actual type of housing. Since a participant would not be provided the allowance if it were paid by the building owner, the multifamily rate was not utilized.
- E. The study showed that utility rates over the previous period had decreased as confirmed by the HPHA's consultant and the Hawaii's utility companies. As such, the calculation of the proposed utility rates have also decreased.
- F. Allowances for the Purchase of Refrigerators and Stoves

In accordance with HUD regulations, the cost of purchasing a refrigerator or stove is also included in the allowance. For refrigerators, a purchase price of \$500 was assumed and that amount was amortized over a five-year period at an interest rate of 26%. For stoves, a purchase price of \$450 was assumed and that amount was also amortized over a five-year period at an interest rate of 26%. The prices are based upon the Home Depot price for a base GE appliance. The interest rates are based upon that charged on a Home Depot credit account.

- G. The chart below reflects a side by side comparison of the proposed 2016 all electric allowance amounts vs. the current all electric allowances by dwelling type and bedroom size.

All Electric	Prop. 2016	Current										
	0 BR	0 BR	1 BR	1 BR	2 BR	2 BR	3 BR	3 BR	4 BR	4 BR	5 BR	5 BR
Single Family House	\$81	\$100	\$92	\$115	\$122	\$153	\$156	\$197	\$187	\$235	\$210	\$265
Duplex	\$81	\$100	\$92	\$115	\$122	\$153	\$156	\$197	\$187	\$235	\$210	\$265
Townhouse	\$81	\$100	\$92	\$116	\$123	\$153	\$157	\$197	\$187	\$235	\$211	\$265
Highrise	\$80	\$99	\$91	\$114	\$122	\$152	\$156	\$196	\$186	\$234	\$210	\$264
Lowrise	\$80	\$99	\$92	\$115	\$122	\$153	\$156	\$196	\$186	\$234	\$210	\$265

The current allowance amounts are decreasing (amounts range from \$19-\$55) which increases the amount of rent paid by the voucher holder to the landlord. This decreases the amount of assistance paid by HPHA to the landlord.

Here's an example a landlord is renting his studio in a low rise building for \$1000. The tenant's total payment is \$224. The landlord is requiring the tenant to pay all of the electric. (\$224 - \$80 = \$144) The tenant pays \$144 in rent to the landlord and the HPHA pays \$856 to the landlord. Last year, the tenant would have paid \$125 to the landlord and the HPHA would have paid \$875 to the landlord.

	<u>Current</u>	<u>Proposed</u>
Gross Rent	\$1000	\$1000
Tenant rent (30% of gross)	\$224	\$224
Utility Allowance provided to the tenant	<\$99>	<\$80>
Tenant pays landlord	\$125	\$144
HPHA pays landlord	\$875	\$856

- H. All housing choice voucher households were sent a letter explaining the proposed utility allowance rates and requesting comments on the proposed rates. Staff have received approximately 100 calls from voucher holders asking for clarifications or assistance with understanding the proposed utility allowance rates.

### III. RECOMMENDATION

That the Board of Directors Approve the Updated Utility Allowance Rates for May 1, 2016 to May 31, 2017 for the Section 8 Housing Choice Voucher Program and to Authorize the Executive Director to Take All Steps Necessary to Implement the Updated Rates, Including Accepting Comments on the Updated Rates as Required

Dear Ms. Fo:

Enclosed, please find the report of the Section 8 Utility Allowance Update for the Hawaii Public Housing Authority for your review and consideration. This report is provided in accordance with Purchase Order #16K01305 dated March 10, 2016.

The enclosed report includes a summary of the methodology utilized in the establishment of the consumption allowances including any assumptions that were made. The cost allowances utilize current rates and adjustments averaged over the period from January 1, 2015 through December 31, 2015, consistent with the current Public Housing allowance methodology. A Form HUD-52667 is provided for each housing type and the backup calculations are provided under the tab for each housing type.

As you are aware, the field office must be provided a copy of the allowances, along with the backup information. We will forward an electronic copy of the report for this purpose to expedite HUD's review. Once reviewed, the allowances can be implemented.

As always, we appreciate this opportunity to work with you and the Hawaii Public Housing Authority. If you should have any questions or concerns regarding the allowances or need additional information or clarification of any kind, please don't hesitate to contact me at (770) 977-4134.

# SECTION 8 UTILITY ALLOWANCES

## FOR THE

# HAWAII PUBLIC HOUSING AUTHORITY

*March 24, 2016*

### INTRODUCTION

The Hawaii Public Housing Authority (HPHA) contracted with National Facility Consultants, Inc. (NFC) to update allowances for tenant-purchased utilities for units under the U. S. Department of HUD's Section 8 Housing Choice Voucher program. NFC has assisted the HPHA with the development and update of utility allowances for the Low-Income Public Housing Program and we utilized a similar approach to develop the Section 8 allowances.

The Section 8 allowances were developed in accordance with the requirements set forth at 24 CFR Part 982.517 Utility Allowance Schedule utilizing the methodology employed by the HPHA under the Public Housing Program regarding the application of rates and associated adjustments. Allowances were established for each type of housing to reflect the actual *reasonable* utility consumption for an energy conservative household.

Allowances for each type of housing are provided on Form HUD-52667 under the next tab. The backup calculations are provided under the tab for each type of housing. Note that only the allowances for the applicable tenant-paid utility and actual equipment are to be provided. The base charge for electrical service is included under the Other Electric category, which should be provided to all participants unless all utilities are paid by the owner.

### METHODOLOGY AND ASSUMPTIONS

As indicated above, the allowances were developed in accordance with the regulations set forth at 24 CFR Part 982.517, which require PHAs to establish utility allowances *must be determined based on the typical*

*cost of utilities and services paid by energy-conservative households that occupy housing of similar size and type in the same locality.* As a result, no allowance is provided for heat or air-conditioning, as these are not customary in the locality.

The allowances for each housing type are based upon the customary construction type and equipment for the locality. Since NFC developed the site-based allowances for the Public Housing program, that information was utilized to determine the expected equipment in Section 8 rental units.

Allowances were developed for the following usages:

- Allowances were developed for lighting based upon the prevalent fixtures utilized in the locality. The wattage of bulbs was multiplied by an estimate of the daily usage and then converted to a monthly usage. Since incandescent bulbs are no longer produced after January 1, 2014; any lamps that were included in the calculation (as a result of a room not having fixed fixtures) or any fixture that would have a standard base were assumed to have a 13-watt Compact Fluorescent Light (CFL) bulb.
- Miscellaneous small appliance usage was estimated based upon the regulatory standard of an energy-conservative household of modest circumstances. Allowances were provided for clocks, coffee makers, computers, computer monitors, fans, hair dryers, irons, microwave ovens, radios, smoke detectors, telephones, and televisions and were adjusted, as reasonably needed, for the size of the unit and number of occupants. The estimated watts per appliance were multiplied by the hours of daily use and converted to a total monthly usage estimate. It should be noted that the list of items is not intended to be exact; rather, it is intended to reflect an estimate of usage based upon the standard. For example, an individual household may not use a computer, but may use a gaming system instead and the allowance is intended to cover that usage. It is not intended to include the usage of excessive equipment beyond the standard.
- Usage for a refrigerator is provided as a non Energy-Star, frost-free model that utilizes a total of 600 kWh per year.
- An allowance for cooking was established for efficiency to two-bedroom units and then for three bedroom to five bedroom units to adjust for extensive changes in numbers of occupants.

- An allowance for water heating was established for each unit size based upon the maximum number of occupants in a unit in accordance with the Authority's occupancy standards as stated in the Administrative Plan. In addition, a more accurate estimate of the inlet water temperature was utilized; therefore, there was a decrease in the consumption for this category.
- An allowance for solar water heating was established for each unit size based upon the number of occupants. Staff should verify that the solar system is in good repair prior to applying that allowance.
- Allowances were also developed for the cost of various types of medical equipment in accordance with the requirements under Section 504 of the Housing and Redevelopment Act. As the Authority grants reasonable accommodation for the various allowances, they should be provided to the resident accordingly. These medical allowances are presented for each housing type under the applicable tab.
- Water and sewer allowances were developed based on the expected usage of an energy-conservative household. It was assumed that the maximum number of occupants (based on occupancy standards) is in the household to provide a "worst-case" scenario.

Rates were collected for each applicable utility for each type of property. All rate schedules were verified and any adjustments to rates were collected for the year period from January 1, 2015 through December 31, 2015. This is consistent with the approach utilized by the HPHA for the Public Housing program where adjustments that fluctuate every month are averaged over the preceding year. It should be noted that in cases where utility companies were granted an increase in their base rates by regulatory authorities, the monthly energy cost adjustments were reduced by the amount of the increase for the months prior to the effective date of the increase in order to prevent over compensation.

Where rate schedules are graduated with increased rates are in effect for higher usage, the entire first two tiers were averaged to formulate a weighted average rate for the resident. Since all of the total consumption allowances are above the total for the consumption of the first tier yet below the consumption of the first two tiers combined, this is also to the benefit of the participant.

For water and sewer rates, the "single-family" rate was utilized for all types of housing based on information provided by the Board of Water Supply. The Board representative indicated that the

multifamily rate is only used when the bill includes multiple units and that the single-family rate is used for an individual bill, regardless of the actual type of housing. Since a participant would not be provided the allowance if it were paid by the building owner, the multifamily rate was not utilized.

#### **ALLOWANCES FOR THE PURCHASE OF REFRIGERATORS AND STOVES**

In accordance with HUD regulations, the cost of purchasing a refrigerator or stove is also included in the allowance. For refrigerators, a purchase price of \$500 was assumed and that amount was amortized over a five-year period at an interest rate of 26%. For stoves, a purchase price of \$450 was assumed and that amount was also amortized over a five-year period at an interest rate of 26%. The prices are based upon the Home Depot price for a base GE appliance. The interest rates are based upon that charged on a Home Depot credit account.

## FOR ACTION

**MOTION:** (1) Repeal Chapter 184 of Title 15, Hawai'i Administrative Rules ("HAR"), entitled "Rent Supplement Program"; (2) Adopt Proposed New Chapter 2033 of Title 17, HAR, entitled "Rent Supplement Program" which is substantially based on Chapter 15-184, HAR, and includes the proposed amendments to Chapter 15-184, HAR, previously adopted by the HPHA Board of Directors on January 21, 2016, and sets forth the rules and requirements for HPHA's Rent Supplement Program which is a program that offers rent subsidies to a qualified person or family; and (3) Authorize the Executive Director to Conduct Public Hearings and Undertake All Other Actions Necessary under Chapter 91, Hawai'i Revised Statutes, and Administrative Directive No. 09-01 to Implement the Repeal and Adoption of New Rules, including Making Non-Substantive Revisions to Formatting as May be Required

### I. FACTS

- A. The Hawaii Public Housing Authority (HPHA) Rent Supplement Program is governed by a variety of state and agency statutes and rules, such as Chapter 356D, Hawaii Revised Statutes (HRS) and Chapter 521, HRS.
- B. Act 196, Session Laws of Hawaii (SLH) 2005, as amended by Act 180, SLH 2006, separated the housing financing and development functions from the Housing and Community Development Corporation of Hawaii (HCDCH) resulting in the creation of the Hawaii Housing Finance and Development Corporation (HHFDC), and the Hawaii Public Housing Authority (HPHA). Act 196 became effective on July 1, 2006. Act 196 provided that all HCDCH administrative rules would remain in effect until amended.
- C. Section 356D-4, HRS (Attachment A), authorizes the HPHA to adopt administrative rules with the force and effect of law to govern the Rent Supplement Program.
- D. The HPHA has consistently managed the Rent Supplement Program in accordance with Chapter 15-184 "Rent Supplement Program", HAR.

## II. DISCUSSION

- A. On January 21, 2016, the HPHA Board of Directors adopted substantive changes to Chapter 15-184, "Rent Supplement Program," HAR, to place the administrative rules chapter governing the Rent Supplement Program under Title 17, to correctly reflect that the HPHA is administratively attached to the Department of Human Services, by renumbering Chapter 15-184, HAR, to Chapter 17-2033, HAR, and add new definitions and sections, and amend and repeal various sections to better govern the Rent Supplement Program;
- B. Upon further review, the Department of the Attorney General recommended the repeal of Chapter 15-184, HAR, and adoption of new proposed Chapter 17-2033, HAR, to be adopted as a new chapter under Title 17, due to the extensive amendments to Chapter 15-184, HAR, previously adopted by the HPHA Board on January 21, 2016, which includes but is not limited to:
1. Changing title numbers from Title 15, HAR, to Title 17, HAR; changing subtitle numbers from Subtitle 14, HAR, to Subtitle 5, HAR; and changing chapter numbers from Chapter 184, HAR, to Chapter 2033, HAR;
  2. Changing the state department to which HPHA is administratively attached, from Department of Business, Economic Development and Tourism, to Department of Human Services;
  3. Changing certain Subchapter titles;
  4. Deleting four (4) sections from Title 15, HAR, specifically, §§ 15-184-14 [Preference]; 15-184-15 [Removal from Waiting List], 15-184-16 [Ineligible Applicant], and 15-184-17 [Closing the Waiting List], from subchapter 2 of Chapter 15-184, HAR, and adding these sections with minor changes to subchapter 3 of Chapter 17-2033, HAR; and
  5. Other substantive revisions;
- to comply with the procedures set forth in Chapter 91, HRS, Hawai'i Administrative Rules Drafting Manual, and for the purposes of clarity;
- C. Upon further review, the Department of the Attorney General recommended, in addition to the above, additional housekeeping revisions to the draft rules previously adopted by the HPHA Board of Directors, such as revising references to certain HRS sections in the source notes, deleting all references to the original Exhibit A, Method for calculating income limits, renumbering and attaching the Occupancy Standards dated August 27, 1999 to the draft rules, updating certain references to the HRS and federal laws and citation form, and other similar housekeeping changes.

- D. This motion is to reflect the Board's intent to repeal Chapter 15-184, HAR, and adopt new proposed Chapter 17-2033, HAR, with the same substantive changes that were adopted by the HPHA Board of Directors at the regular board meeting on January 21, 2016, as well as to make the housekeeping revisions identified in the paragraph above;
- E. The proposed draft rules in the form attached as Attachment B, repealing Chapter 15-184, HAR, and adopting proposed new Chapter 17-2033, HAR, have been reviewed and approved by the Department of the Attorney General.
- F. Attachment C shows the differences between proposed new Chapter 17-2033, HAR, and Chapter 15-184, HAR, to be repealed, upon which new Chapter 17-2033, HAR, is substantially based, and which were approved in substance by the HPHA Board of Directors on January 21, 2016, as well as the housekeeping revisions identified above.
- G. Once approved by the HPHA Board of Directors, the agency must request permission to take the proposed Rule to public hearing from the Governor. The HPHA staff must give thirty days notice to the public and hold hearings on the Islands of Kauai, Oahu, Maui, and Hawaii.
- H. Following approval from the Governor to hold public hearings on the proposed amendments, the Executive Director will hold public hearings on the Islands of Kauai, Oahu, Maui, and Hawaii at a date and locations to be determined.
- I. Based on testimony received during the public viewing and comment period, the Executive Director will make any non-substantive amendments to the draft amendments to and compilation of the Rule prior to or following the public hearing.
- J. After the public hearings, the Executive Director will transmit amendments to Chapter 15-186, HAR, to the Governor for final approval provided that no substantive amendments are made. Staff anticipates the following updated approximate schedule of the process:

METHOD FOR CALCULATING INCOME LIMITS

Income limits are calculated using a set of formula relationships. The U.S. Department of Housing and Urban Development (HUD) estimates median family income based on the most recent census data estimates updated with a combination of local Bureau of Labor statistics data and census divisional data. Separate median family income estimates are calculated for all Metropolitan Statistical Areas, Primary Metropolitan Statistical Areas and Metropolitan Counties.

**Very Low-Income Limits:**

Income limits are calculated using a set of formula relationships. The very-low income limits are based on 50 percent of the estimated area median income for a four-person family as determined by HUD. Adjustments are then made if the 50 percent number is outside of formula constraints.

More specifically, the very low-income is calculated and set as the tentative four-person family income limit.

If it is lower, the four-person income limit is increased to the amount at which 35 percent of it equals 85 per cent of the annualized two-bedroom Section 8 Fair Market Rent of FMR (this adjusts income limits upward for areas where rental housing costs are unusually high in relation to the median income.

If it is higher, the four-person income limit is reduced to the amount at which 30 per cent of its equals 120 per cent of the two-bedroom FMR (this adjusts income limits downward for areas where rental housing costs are unusually low in relation to the median income);

To minimize program management problems, income limits are being held at the most recent fiscal year levels in areas where the FMR reductions would have resulted

in lower income limits; and

In no instance are income limits less than if based on the State non-metropolitan median family income level. Family Size Adjustments:

Family size adjustments are made to provide higher income limits for larger families and lower income limits for smaller families. The factors used are as follows:

**Number of Persons in Family and Percentage Adjustments**

<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>6</b>	<b>7</b>	<b>8</b>
70%	80%	90%	Base	108%	116%	124%	132%

Income limits for families with more than eight persons are not included in the printed lists because of space limitations. For each person in excess of eight, 8 percent of the four-person base should be added to the eight-person income limit. (For example, the nine-person limit equals 140 percent  $[132 + 8]$  of the relevant four-person income limit.) All income limits are rounded to the nearest \$50 to reduce administrative burden.

**Income limits for Admissions and Continued Occupancy**

Based upon the foregoing methodology, the following table sets forth the calculated income limits for admissions and continued occupancy in the Rent Supplement Program. These income limits are adjusted periodically whenever the HUD estimates of area median income are revised and are, therefore, subject to change.

**Income and Continued Occupancy Limits

## Hawaii Public Housing Authority Report for the Month of March 2016

### I. Planning

#### A. Wellness & Public Health

Hawaii Public Housing Authority (HPHA) continues to work with representatives from the Public Health Nursing Branch and Tobacco Prevention and Education Program of the Department of Health (DOH), and Hawaii Public Health Institute (HPHI) (*collectively* the "Wellness Team") to determine approaches to address public health concerns in public housing, including ways to better enforce the no-smoking ban throughout HPHA properties.

#### B. Redevelopment Activities

On March 24<sup>th</sup>, 2016, the HPHA executed a Predevelopment Agreement with a Master Developer Team, led by Hunt Companies, Inc. for the redevelopment of Mayor Wright Homes.

HPHA held conference calls with the Retirement Housing Foundation (RHF) on the redevelopment of the HPHA North School Street administrative offices. RHF has completed market studies for the project.

#### C. Legislation

HPHA continued to hold discussions with legislators and submitted testimony on various bills.

#### D. PHA Plan

On March 15, 2016, HPHA held a statewide public hearing on the draft Public Housing Agency (PHA) 2016-2017 Annual Plan. The public hearings were held in Honolulu, Hilo, Kailua-Kona, Kapaa and Wailuku. In total, one person submitted comments and five people provided oral testimony.

### II. Fiscal Management

#### A. Variance Report for February 2016

##### 1. Revenue for the Month of February

**CFP Grant Income \$246,706 less than budget**

The Public Housing Capital Fund Program (CFP) is a HUD grant for capital and management activities, including the modernization and development of public housing. By HUD rule, a PHA has two years to obligate and two years to spend it after CFP grant is made available annually.

CFP is drawn through HUD's Electronic Line of Credit System (eLOCCS) based on Budget Line Items (BLI). BLIs are further grouped into soft cost (BLI Numbers 1406, 1408 and 1410) for management activities, and hard cost (BLI Numbers greater than 1430) for capital projects.

CFP drawings and expenditures that are not capitalized are reported on this line as operating income.

All of \$402,209 February expenditure is capital. Therefore no amount is reported under this line.

**State CIP Fund \$101,200 less than budget**

State Legislature appropriates Capital Improvement Project fund (CIP). Spending agency has two or three years to encumber the appropriation before it lapses.

CIP expenditures that are not capitalized are reported on this line as operating income.

Out of February CIP expenditure of \$2,295,358, \$12,600 is for R & M and recognized as income under this line, causing \$101,200 variance.

**Grant Income \$1,652,219 greater than budget**

The monthly variance is mainly because of timing. The variance is combination of favorable variance of \$1,963,196 more revenue for state elders housing program thanks to \$2,113,196 operating transfer-in from general fund to reimburse operation expenses, and unfavorable variances of \$87,994 less revenue for state rental supplemental program, \$185,496 less revenue for FLRP and \$37,487 less revenue for state family housing program.

**Other Income \$20,770 less than budget**

The variance consists of unfavorable variances of: \$11,781 less tenant payment not directly related to dwelling units rent; \$1,406 less admin fee earned on port-in accounts; \$4,152 less front line services fee; \$46,701 less fee revenue from central maintenance crew, and \$59,922 less misc. income that captures all types of income not specified otherwise.

The unfavorable variances are offset by the favorable variances of: \$2,061 more investment revenue; \$1,441 more fraud recovery; \$5,836 more FSS coordination fee and \$93,854 more fees charged by special team crew to program.

2. Expenses for the Month of February

**Administrative** \$265,080 less than budget, a favorable variance

The \$265,080 variance consists of favorable variances of: \$191,405 less admin salaries and fringe benefits of HPHA employees, of which \$126,650 and \$49,633 contributable to COCC and FLRP, respectively; \$744 less managing agent fees from privately managed AMPs and Bremerton, the company managing section 8 contract administration program; \$8,879 less office expense; \$20,552 less admin furniture and equipment; \$4,152 less front line service fee; \$34,402 less legal expense; \$16,476 less travel expense, and \$12,852 less other admin expense.

The favorable variance is offset by budget overrun of \$8,798 more admin salaries and fringe benefits of private management companies and \$15,584 more auditing fees.

**Tenant Services** \$24,798 less than budget, a favorable variance

Tenant Services include relocation costs, resident participation program costs and tenant service costs for any services directly related to meeting tenant needs.

The \$24,798 variance consists of \$12,417 less relocation costs; \$7,736 less resident participation program cost, and \$4,645 less tenant service cost.

**Utilities** \$206,258 less than budget, a favorable variance

Utilities include water, sewer, electricity and gas expenses.

The variance consists of budget savings of \$10,922 on water, \$154,332 on electricity and \$47,358 on gas, offset by budget overrun of \$6,354 on sewer expenses.

**Insurance** \$16,156 more than budget, an unfavorable variance  
The \$16,156 variance consists of unfavorable variance of \$25,788 budget overrun for other insurance; the unfavorable variance is offset by budget savings of: \$1,356 less for property insurance; \$2,279 less for general liability and \$5,997 less for workers compensation insurance.

**General Expenses** \$37,314 less than budget, a favorable variance

The \$37,314 favorable variance is mainly because of clearing of undistributed expense of Pcard charges. The favorable variance consists of budget savings of \$1,744 for other general expense and \$36,607 for severance expense.

The favorable variance is partially offset by budget overrun of \$1,037 for motor pool vehicle rental expense.

### 3 Revenue YTD

CFP is drawn through HUD's Electronic Line of Credit System (eLOCCS) based on Budget Line Items (BLI). BLIs are further grouped into soft cost (BLI Numbers 1406, 1408 and 1410) for management activities, and hard cost (BLI Numbers greater than 1430) for capital projects.

CFP drawings and expenditures that are not capitalized are reported on this line as operating income.

The \$215,689 variance is mainly because of timing as operating budget spreads out the annual revenue projection among 12 months, whereas there were sizable soft costs drawings in February as explained above.

YTD soft costs drawings of \$1,040,435 (BLI 1406) and \$906,697 (BLI 1410) totaling \$1,947,132 has been recognized under this line. Also included under this line is \$242,205 for R & M expenditure out of YTD hard costs drawings of \$3,324,149.

**State CIP Fund \$560,985 less than budget**

State Legislature appropriates Capital Improvement Project fund (CIP). Spending agency has two or three years to encumber the appropriation before it is lapsing.

CIP expenditures that are not capitalized are reported on this line as operating income.

The \$560,985 variance is mainly because of timing, as the budgeted State CIP Fund revenue spreads out among 12 months. \$349,415 out of YTD \$11,012,932 CIP expenditure is not capitalized therefore reported on this line as revenue.

**Grant Income \$1,918,102 less than budget**

The unfavorable variances consist of \$1,607,836 less revenue for FLRP; \$362,125 less revenue for state rental supplemental program; \$1,104,542 less revenue for COCC mainly because budgeted \$1,168,747 from State CIP appropriation to reimburse associated costs of administering State CIP projects did not happen. The unfavorable variance is offset by \$1,059,152 more revenue for state elders housing program and \$97,249 more revenue for state family housing program.

**Other Income \$698,913 less than budget**

The \$698,913 variance consists of unfavorable variances of: \$70,408 less tenant payments not directly related to dwelling unit rent, of which \$50,905 contributable to FLRP; \$39,068 less front line services fee; \$373,608 less work order revenue by central maintenance crew, and \$553,941 less miscellaneous income that captures all types of income not specified otherwise.

The unfavorable variances are partially offset by favorable variances of: \$18,304 more investment income; \$4,669 more fraud recovery; \$11,922 more FSS coordination fee; \$1,944 more revenue of admin fee earned on port-in, and \$301,273 more work order revenue by Special Team members.

**4 Expenses YTD**

**Administrative \$1,856,191 less than budget, a favorable variance**

The \$1,857,191 variance consists of favorable variances of: \$1,378,847 less administrative salaries and fringe benefits of HPHA employees, of which \$933,906 and \$299,763 contributable to COCC and FLRP, respectively; \$11,484 less managing agent fee charged by private management companies and Bremerton, the company managing section 8 contract administration program; \$125,120 less office expenses; \$256,858 less furniture and equipment; \$39,068 less front line services; \$113,449 less legal expense; \$29,652 less travel expense, and \$51,821 less other admin cost that captures other administrative expenses not specified otherwise.

The favorable variances are partially offset by budget overruns of: \$70,841 for administrative salaries and fringe benefits of private management companies, and \$79,267 auditing fees.

**Tenant Services** \$416,269 less than budget, a favorable variance

Tenant Services include relocation costs, resident participation program costs and tenant service costs for any services directly related to meeting tenant needs.

The \$416,269 variance consists of \$189,290 less relocation costs; \$54,891 less resident participation program cost, and \$172,088 less tenant service cost.

**Utilities** \$1,151,567 less than budget, a favorable variance

Utilities include water, sewer, and electricity and gas expenses.

The \$1,151,567 favorable variance consists of; \$1,000,712 less electricity expense of which \$726,425 contributable to FLRP, and \$307,011 less gas expense of which \$276,097 contributable to FLRP.

The favorable variances are partially offset by \$53,059 more water expense of which \$61,682 contributable to FLRP, and \$103,097 more sewer expense of which \$93,741 contributable to FLRP.

**Maintenance** \$1,678,335 less than budget, a favorable variance

The \$1,678,335 favorable variance consists of: \$280,962 less salaries and fringe benefits for HPHA maintenance employees; \$76,489 less materials and supplies for building, ground, safety, painting, electric, janitorial maintenances, etc.; \$1,006,089 less furniture, appliance and equipment, and \$1,001,786 less repair and

maintenance services provided for refuse collection, sewer and plumbing, pest control, building, tree trimming, vehicle and equipment, janitorial, elevator, fire extinguisher, appliance, electric, HVAC, etc.

The favorable variances are partially offset by the following budget overruns: \$335,600 more salary and benefit for maintenance employees of private management companies, and \$351,391 more repair work done by central maintenance crew and special team members.

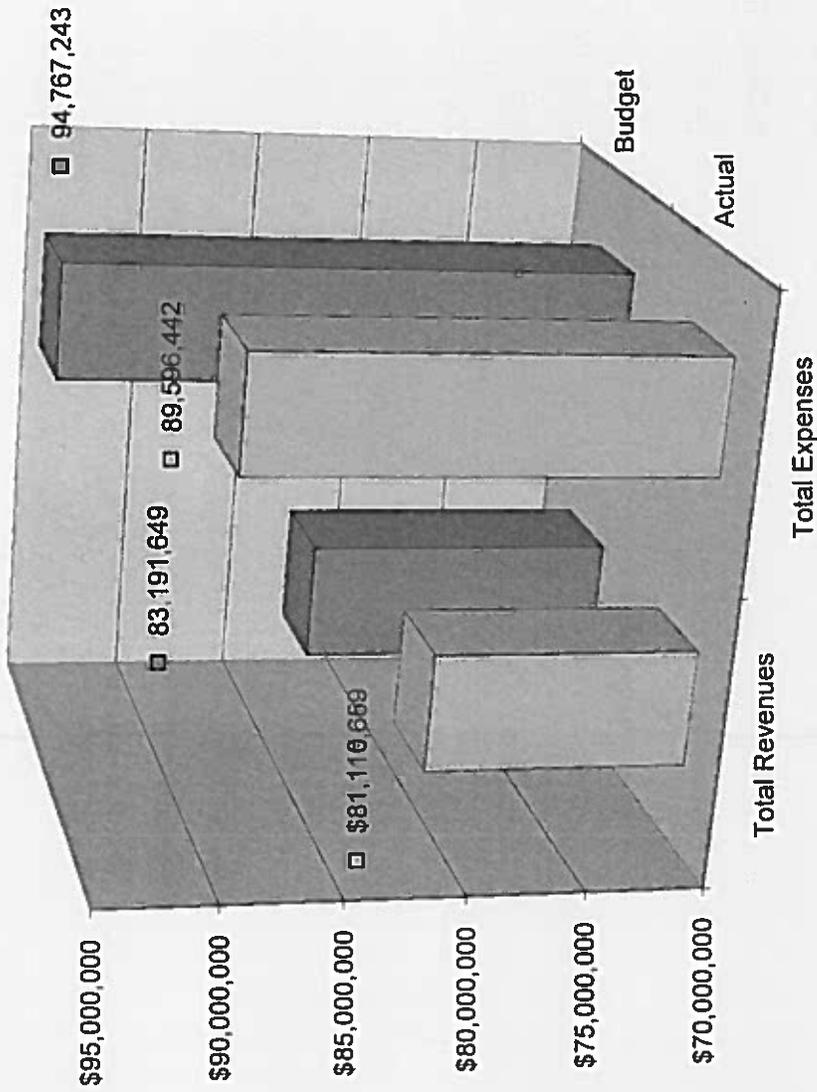

**General Expenses \$1,166,024 more than budget**

The \$1,166,024 unfavorable variance is mainly caused by an unbudgeted expense of \$1,284,999 as explained for January variance. Additional unfavorable variances include \$4,494 for motor pool vehicle rental expense, and \$7,860 undistributed expense of Pcard charges.

The unfavorable variance is partially offset by budget savings of \$84,257 for other general expense and \$47,072 for severance expense.
