§ 901.225 Resident petitions for remedial action.

The total number of residents that petition the Department to take remedial action pursuant to sections 6(j)(3)(A)(i) through (iv) of the 1937 Act must equal at least 20 percent of the residents, or the petition must be from an organization or organizations of residents whose membership must equal at least 20 percent of the PHA's residents.

§ 901.230 Receivership.

(a) Upon a determination that a substantial default has occurred and without regard to the availability of alternative remedies, the Department may petition the court for the appointment of a receiver to conduct the affairs of the PHA in a manner consistent with statutory, regulatory, and contractual obligations of the PHA and in accordance with such additional terms and conditions that the court may provide. The court shall have authority to grant appropriate temporary or preliminary relief pending final disposition of any petition by HUD.

(b) The appointment of a receiver pursuant to this section may be terminated upon the petition to the court by the PHA, the receiver, or the Department, and upon a finding by the court that the circumstances or conditions that constituted substantial default by the PHA no longer exist and that the operations of the PHA will be conducted in accordance with applicable statutes and regulations, and contractual covenants and conditions to which the PHA and its public housing programs are subject.

§ 901.235 Technical assistance.

(a) The Department may provide technical assistance to a PHA that is in substantial default.

(b) The Department may provide technical assistance to a troubled or non-troubled PHA if the assistance will enable the PHA to achieve satisfactory performance on any PHMAP indicator. The Department may provide such assistance if a PHA demonstrates a commitment to undertake improvements appropriate with the given circumstances, and executes an Improvement Plan in accordance with § 901.145.

(c) The Department may provide technical assistance to a PHA if without abatement of prevailing or chronic conditions, the PHA can be projected to be designated as troubled by its next PHMAP assessment.

(d) The Department may provide technical assistance to a PHA that is in substantial default of the ACC.

(e) The Department may provide technical assistance to a PHA whose troubled designation has been removed and where such assistance is necessary to prevent the PHA from being designated as troubled within the next two years.

PART 902—PUBLIC HOUSING ASSESSMENT SYSTEM

Subpart A—General Provisions

Sec.
902.1 Purpose and general description.
902.3 Scope.
902.5 Applicability.
902.7 Definitions.
902.9 Frequency of PHAS scoring for small PHAs.

Subpart B—PHAS Indicator #1: Physical Condition

902.20 Physical condition assessment.
902.23 Physical condition standards for public housing—decent, safe, and sanitary housing in good repair (DSS/GR).
902.24 Physical inspection of PHA properties.
902.25 Physical condition scoring and thresholds.
902.26 Physical Inspection Report.
902.27 Physical condition portion of total PHAS points.

Subpart C—PHAS Indicator #2: Financial Condition

902.30 Financial condition assessment.
902.33 Financial reporting requirements.
902.35 Financial condition scoring and thresholds.
902.37 Financial condition portion of total PHAS points.

Subpart D—PHAS Indicator #3: Management Operations

902.40 Management operations assessment.
902.43 Management operations performance standards.
902.45 Management operations scoring and thresholds.
Subpart E—PHAS Indicator #4: Resident Service and Satisfaction

902.50 Resident service and satisfaction assessment.
902.51 Updating of public housing unit address information.
902.52 Distribution of survey to residents.
902.53 Resident service and satisfaction scoring and thresholds.
902.55 Resident service and satisfaction portion of total PHAS points.

Subpart F—PHAS Scoring

902.60 Data collection.
902.63 PHAS scoring.
902.67 Score and designation status.
902.68 Technical review of results of PHAS indicators #1 or #4.
902.69 PHA right of petition and appeal.

Subpart G—PHAS Incentives and Remedies

902.71 Incentives for high performers.
902.73 Referral to an Area HUB/Program Center.
902.75 Referral to a Troubled Agency Recovery Center (TARC).
902.77 Referral to the Departmental Enforcement Center (DEC).
902.79 Substantial default.
902.83 Interventions.
902.85 Resident petitions for remedial action.

Source: 65 FR 1738, Jan. 11, 2000, unless otherwise noted.

Subpart A—General Provisions

§ 902.3 Scope.

The PHAS is a strategic measure of a PHA’s essential housing operations. The PHAS, however, does not evaluate a PHA’s compliance with or response to every Department-wide or program specific requirement or objective. Although not specifically referenced in this part, PHAs remain responsible for complying with such requirements as fair housing and equal opportunity requirements, requirements under section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and requirements of programs under which the PHA is receiving assistance. A PHA’s adherence
to these requirements will be monitored in accordance with the applicable program regulations and the PHA’s Annual Contributions Contract (ACC).

§ 902.5 Applicability.

(a) PHAs, RMCs, AMEs. (1) Scoring of RMCs and AMEs. This part applies to PHAs, Resident Management Corporations (RMCs) and Alternate Management Entities (AMEs), as described in this section. As described in this section, this part is also applicable to RMCs that receive direct funding from HUD in accordance with section 20 of the 1937 Act (DF–RMCs).

(i) RMCs and DF–RMCs will be assessed and issued their own numeric scores under the PHAS based on the public housing developments or portions of public housing developments that they manage and the responsibilities they assume which can be scored under PHAS. References in this part to PHAs include RMCs and this part is applicable to RMCs unless otherwise stated. References in this part to RMCs include DF–RMCs and this part is applicable to DF–RMCs unless otherwise stated.

(ii) AMEs are not issued PHAS scores. The performance of the AME contributes to the PHAS score of the PHA or PHAs for which they assumed management responsibilities.

(2) PHA ultimate responsible entity under ACC, except where DF–RMC assumes management operations. (i) Because the PHA and not the RMC/AME is ultimately responsible to HUD under the ACC, the PHAS score of a PHA will be based on all of the developments covered by the ACC, including those with management operations assumed by an RMC or AME (including a court ordered receivership agreement, if applicable).

(ii) A PHA’s PHAS score will not be based on developments managed by a DF–RMC.

(b) Implementation of PHAS. The regulations in this part are applicable to PHAs with fiscal years ending on and after June 30, 2000, unless HUD, through FEDERAL REGISTER, notice revises the implementation date to later date.

(1) For PHAs that are not issued PHAS scores. Under certain circumstances, PHAs may not be issued PHAS scores. For these PHAs, in lieu of a PHAS score, HUD will issue the following:

(i) PHAS Advisory Score. A PHA will be issued a PHAS advisory score for all PHAS indicators—Indicators #1 (Physical), #2 (Financial), #3 (Management Operations), and #4 (Resident Service and Satisfaction). The PHA must comply with the requirements of this part so that HUD may issue the advisory score. Physical inspections required to be conducted by PHAs under the Management Operations Indicator will be conducted using HUD uniform physical inspection protocol, unless HUD provides, through FEDERAL REGISTER notice, that PHAs may use HUD’s Housing Quality Standards.

(ii) Management Assessment Score. A PHA will receive an assessment score on the basis of HUD’s assessment of the PHA’s management operations in accordance with subpart D of this part.

[65 FR 36044, June 6, 2000]

§ 902.7 Definitions.

As used in this part:

Act means the U.S. Housing Act of 1937 (42 U.S.C. 1437 et seq.)

Adjustment for physical condition (development age and neighborhood environment) is a total of three additional points added to PHAS Indicator #1 (Physical Condition). The three additional points, however, shall not result in a total point value exceeding the total points available for PHAS Indicator #1 (established in subpart B of this part).

Alternative management entity (AME) is a receiver, private contractor, private manager, or any other entity that is under contract with a PHA, under a Regulatory and Operating Agreement with a PHA, or that is otherwise duly appointed or contracted (for example, by court order or agency action), to manage all or part of a PHA’s operations.

Assessed fiscal year is the PHA fiscal year that has been assessed under the PHAS.

Average number of days nonemergency work orders were active is calculated:

(1) By dividing the total of—
(i) The number of days in the assessed fiscal year it takes to close active nonemergency work orders carried over from the previous fiscal year; and
(ii) The number of days it takes to complete nonemergency work orders issued and closed during the assessed fiscal year; and
(iii) The number of days all active nonemergency work orders are open in the assessed fiscal year, but not completed;
(2) By the total number of nonemergency work orders used in the calculation of paragraphs (1)(i), (ii) and (iii) of this definition.

Days in this part, unless otherwise specified, refer to calendar days.

Deficiency means any PHAS score below 60 percent of the available points in any indicator, sub-indicator or component. (In the context of physical condition and physical inspection, deficiency refers to a physical condition and is defined for purposes of subpart B of this part in §902.24)

Improvement plan is a document developed by a PHA, specifying the actions to be taken, including timetables, that shall be required to correct deficiencies identified under any of the sub-indicators and components within the indicator(s), identified as a result of the PHAS assessment when a Memorandum of Agreement (MOA) is not required.

Occupancy loss is the sum of the number one (1) minus the unit months leased divided by unit months available (or Occupancy loss = 1− (unit months leased/unit months available).

Property is a project/development with a separate identifying project number.

Reduced actual vacancy rate within the previous three years is a comparison of the vacancy rate in the PHAS assessed fiscal year (the immediate past fiscal year) to the vacancy rate of that fiscal year two years prior to the assessed fiscal year. It is calculated by subtracting the vacancy rate in the assessed fiscal year from the vacancy rate in the earlier year. If a PHA elects to certify to the reduction of the vacancy rate within the previous three years, the PHA shall retain justifying documentation to support its certification for HUD post review. Reduced actual vacancy rate within the previous three years only applies to PHAs with fiscal years ending September 30, 1999, and December 31, 1999.

Reduced average time nonemergency work orders were active during the previous three years is a comparison of the average time nonemergency work orders were active in the PHAS assessment year (the immediate past fiscal year) to the average time nonemergency work orders were active in that fiscal year two years prior to the assessment year. It is calculated by subtracting the average time nonemergency work orders were active in the PHAS assessment year from the average time nonemergency work orders were active in the earlier year. If a PHA elects to certify to the reduction of the average time nonemergency work orders were active during the previous three years, the PHA shall retain justifying documentation to support its certification for HUD post review.

Tenant Receivable Outstanding is defined in §902.35(b)(3).

Unit months available is the total number of units managed by a PHA multiplied by 12 (adjusted by new units entering a PHA’s public housing stock during the fiscal year) exclusive of unit months vacant due to: demolition; conversion; ongoing modernization; and units approved for non-dwelling purposes.

Unit months leased is the actual number of months each unit was rented during the fiscal year based on the PHA’s tenant rent rolls or Housing Assistance Payments records.

Work order deferred to the Capital Fund Program is any work order that is combined with similar work items and completed within the current PHAS assessment year, or will be completed in the following year when there are less than three months remaining before the end of the PHA fiscal year from the time the work order was generated, under the PHA’s Capital Fund Program or other PHA capital improvements program.

§902.9 Frequency of PHAS scoring for small PHAs.

REAC will assess and score the performance of a PHA with less than 250
§ 902.20

Subpart B—PHAS Indicator #1:

Physical Condition

§ 902.20 Physical condition assessment.

(a) Objective. The objective of the Physical Condition Indicator is to determine whether a PHA is meeting the standard of decent, safe, sanitary, and in good repair (DSS/GR), as this standard is defined in §902.23 (a standard that provides acceptable basic housing conditions) and the level to which the PHA is maintaining its public housing in accordance with this standard.

(b) Physical inspection under PHAS Indicator #1. (1) To achieve the objective of paragraph (a) of this section, REAC will provide for an independent physical inspection of a PHA's property or properties that includes, at minimum, a statistically valid sample of the units in the PHA’s public housing portfolio to determine the extent of compliance with the DSS/GR standard.

(2) Only occupied units will be inspected as dwelling units (except units approved by HUD for non-dwelling purposes, e.g., daycare or meetings, which are inspected as common areas). Vacant units that are not under lease at the time of the physical inspection will not be inspected, but vacant units are assessed under the Financial Condition Indicator #2 (§902.35(b)(4)). The categories of vacant units not under lease that are exempted from physical inspection are as follows:

(i) Units undergoing vacant unit turnaround—vacant units that are in the routine process of turn over; i.e., the period between which one resident has vacated a unit and a new lease takes effect;

(ii) Units undergoing rehabilitation—vacant units that have substantial rehabilitation needs already identified, and there is an approved implementation plan to address the identified rehabilitation needs and the plan is fully funded;

(iii) Off-line units—vacant units that have repair requirements such that the units cannot be occupied in a normal period of time (considered to be between 5 and 7 days) and which are not included under an approved rehabilitation plan;

(c) PHA physical inspection requirement. The HUD-conducted physical inspections required by this part do not relieve the PHA of the responsibility to inspect public housing units as provided in section 6(f)(3) of the Act (42 U.S.C. 1437d(f)(3)), and §902.43(a).

(d) Compliance with State and local codes. The physical condition standards in this subpart do not supersed or preempt State and local building and maintenance codes with which the PHA’s public housing must comply. PHAs must continue to adhere to these codes.

§ 902.23 Physical condition standards for public housing—decent, safe, and sanitary housing in good repair (DSS/GR).

(a) General. Public housing must be maintained in a manner that meets the physical condition standards set forth in this part in order to be considered decent, safe, sanitary and in good repair (standards that constitute acceptable basic housing conditions). These standards address the major physical areas of public housing: site; building exterior; building systems; dwelling units; and common areas (see paragraph (b) of this section). These standards also identify health and safety considerations (see paragraph (c) of this section). These standards address acceptable basic housing conditions, not the adornment, decor or other cosmetic appearance of the housing.

(b) Major inspectable areas. The five major inspectable areas of public housing are the following:

(1) Site. The site includes components, such as fencing and retaining walls, grounds, lighting, mailboxes, signs (such as those identifying the development or areas of the development), parking lots/driveways, play areas and equipment, refuse disposal,
roads, storm drainage and walkways. The site must be free of health and safety hazards and be in good repair. The site must not be subject to material adverse conditions, such as abandoned vehicles, dangerous walks or steps, poor drainage, sewer hazards, excess accumulations of trash, vermin or rodent infestation or fire hazards.

(2) Building exterior. Each building on the site must be structurally sound, secure, habitable, and in good repair. The building's exterior components such as doors, fire escapes, foundations, lighting, roofs, walls, and windows, where applicable, must be free of health and safety hazards, operable, and in good repair.

(3) Building systems. The building's systems include components such as domestic water, electrical system, elevators, emergency power, fire protection, HVAC, and sanitary system. Each building's systems must be free of health and safety hazards, functionally adequate, operable, and in good repair.

(4) Dwelling units. (i) Each dwelling unit within a building must be structurally sound, habitable, and in good repair. All areas and aspects of the dwelling unit (for example, the unit's bathroom, call-for-aid, ceiling, doors, electrical systems, floors, hot water heater, HVAC (where individual units are provided), kitchen, lighting, outlets/switches, patio/porch/balcony, smoke detectors, stairs, walls, and windows) must be free of health and safety hazards, functionally adequate, operable, and in good repair.

(ii) Where applicable, the dwelling unit must have hot and cold running water, including an adequate source of potable water.

(iii) If the dwelling unit includes its own sanitary facility, it must be in proper operating condition, usable in privacy, and adequate for personal hygiene and the disposal of human waste.

(iv) The dwelling unit must include at least one battery-operated or hardwired smoke detector, in proper working condition, on each level of the unit.

(v) Common areas. The common areas must be structurally sound, secure, and functionally adequate for the purposes intended. The common areas include components such as basement/garage/carport, restrooms, closets, utility, mechanical, community rooms, day care, halls/corridors, stairs, kitchens, laundry rooms, office, porch, patio, balcony, and trash collection areas, if applicable. The common areas must be free of health and safety hazards, operable, and in good repair. All common area ceilings, doors, floors, HVAC, lighting, outlets/switches, smoke detectors, stairs, walls, and windows, to the extent applicable, must be free of health and safety hazards, operable, and in good repair.

(c) Health and safety concerns. All areas and components of the housing must be free of health and safety hazards. These areas include, but are not limited to, air quality, electrical hazards, elevators, emergency/fire exits, flammable materials, garbage and debris, handrail hazards, infestation, and lead-based paint. For example, the buildings must have fire exits that are not blocked and have hand rails that are undamaged and have no other observable deficiencies. The housing must have no evidence of infestation by rats, mice, or other vermin, or of garbage and debris. The housing must have no evidence of electrical hazards, natural hazards, or fire hazards. The dwelling units and common areas must have proper ventilation and be free of mold, odor (e.g., propane, natural gas, methane gas), or other observable deficiencies. The housing must comply with all regulations and requirements related to the ownership of pets, and the evaluation and reduction of lead-based paint hazards and have available proper certifications of such (see 24 CFR part 35).

§ 902.24 Physical inspection of PHA properties.

(a) The inspection, generally. The score for PHAS Indicator #1 is based upon an independent physical inspection of a PHA’s properties provided by REAC and using HUD’s uniform physical inspection protocols.

(1) During the physical inspection of a property, an inspector looks for deficiencies for each inspectable item within the inspectable areas, such as holes (deficiencies) in the walls (item) of a dwelling unit (area). The dwelling...
units inspected in a property are a randomly selected, statistically valid sample of the units in the property, excluding vacant units not under lease at the time of the physical inspection, as provided in §902.20(b)(2).

(2) To ensure prompt correction of health and safety deficiencies before leaving the site, the inspector gives the property representative the list of every observed exigent/fire safety health and safety deficiency that calls for immediate attention or remedy. The property representative acknowledges receipt of the deficiency report by signature.

(3) After the inspection is completed, the inspector transmits the results to REAC where the results are verified for accuracy and then scored in accordance with the procedures in this subpart.

(b) Definitions. The following definitions apply to the physical condition scoring process in this subpart:

Criticality means one of five levels that reflect the relative importance of the deficiencies for an inspectable item.

(1) Based on the importance of the deficiency, reflected in its criticality value, points are deducted from the score for an inspectable area.

<table>
<thead>
<tr>
<th>Criticality</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>Critical</td>
<td>5</td>
</tr>
<tr>
<td>Very important</td>
<td>4</td>
</tr>
<tr>
<td>Important</td>
<td>3</td>
</tr>
<tr>
<td>Contributes</td>
<td>2</td>
</tr>
<tr>
<td>Slight contribution</td>
<td>1</td>
</tr>
</tbody>
</table>

(2) The Item Weights and Criticality Levels document lists all deficiencies with their designated levels, which vary from 1 to 5, with 5 as the most critical, and the point values assigned to them.

Deficiencies means the specific problems, comparable to problems noted under Housing Quality Standards (HQS), such as a hole in a wall or a damaged refrigerator in the kitchen, that can be recorded for inspectable items.

Dictionary of Deficiency Definitions refers to the Dictionary of Deficiency Definitions document which is included as an appendix to the PHAS Notice on the Physical Condition Scoring Process and contains specific definitions of each severity level for deficiencies under this subpart. HUD will publish for comment any significant proposed amendments to this document. After comments have been considered HUD will publish a notice adopting the final Dictionary of Deficiency Definitions document or the amendments to the document. The Dictionary of Deficiency Definitions that is currently in effect can be found at the REAC Internet site at http://www.hud.gov/reac or obtained from REAC's Technical Assistance Center at 888-245-4860 (this is a toll free number).

Inspectable areas (or area) means any of the five major components of the property that are inspected, which are: site; building exteriors; building systems; dwelling units; and common areas.

Inspectable item means the individual parts, such as walls, kitchens, bathrooms, and other things, to be inspected in an inspectable area. The number of inspectable items varies for each area. Weights are assigned to each item as shown in the Item Weights and Criticality Levels document.

Item Weights and Criticality Levels Document refers to the Item Weights and Criticality Levels document which is included as an appendix to the PHAS Notice on the Physical Condition Scoring Process and contains a listing of the inspectable items, item weights, observable deficiencies, criticality levels and values, and severity levels and values that apply to this subpart. HUD will publish for comment any significant proposed amendments to this document. After comments have been considered HUD will publish a notice adopting the final Item Weights and Criticality Levels document or the amendments to the document. The Item Weights and Criticality Levels document that is currently in effect can be found at the REAC Internet site at http://www.hud.gov/reac or obtained from REAC's Technical Assistance Center at 888-245-4860 (this is a toll free number).

Normalized weights mean weights adjusted to reflect the inspectable items or areas that are present to be inspected.

Score means a number on a scale of 0 to 100 that reflects the physical condition of a property, inspectable area, or
sub-area. To record a health or safety deficiency, a specific designation (such as a letter—a, b, or c) is added to the property score that highlights that a health or safety deficiency (or deficiencies) exists. If smoke detectors are noted as inoperable or missing, another designation (such as an asterisk (*)) is added to the property score. Although inoperable or missing smoke detectors do not reduce the score, they are included in the health and safety deficiencies list that the inspector gives the PHA’s property representative. The PHA is expected to promptly address all health and safety deficiencies.

Severity means one of three levels, level 1 (minor), level 2 (major), and level 3 (severe), that reflect the extent of the damage or problem associated with each deficiency. The Item Weights and Criticality Levels document shows the severity levels for each deficiency. Based on the severity of each deficiency, the score is reduced. Points deducted are calculated as the product of the item weight and the values for criticality and severity. For specific definitions of each severity level, see REAC’s “Dictionary of Deficiency Definitions”.

Sub-area means an inspectable area for one building. For example, if a property has more than one building, each inspectable area for each building in the property is treated as a sub-area.

(c) Compliance with civil rights/non-discrimination requirements. HUD will review certain elements during the physical inspection to determine possible indications of noncompliance with the Fair Housing Act (42 U.S.C. 3601-19) and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794). A PHA will not be scored on those elements. Any indication of possible non-compliance will be referred to HUD’s Office of Fair Housing and Equal Opportunity.

(d) HUD access to PHA properties. PHAs are required by the ACC to provide the Government with full and free access to all facilities contained in the development. PHAs are required to provide HUD or its representative with access to the development, all units and appurtenances thereto in order to permit physical inspections under this part. Access to the units must be provided whether or not the resident is home or has installed additional locks for which the PHA did not obtain keys. In the event that the PHA fails to provide access as required by HUD or its representative, the PHA will be given “0” points for the development or developments involved which will be reflected in the physical condition and overall PHAS score.

§ 902.25 Physical condition scoring and thresholds.

(a) Scoring. Under PHAS Indicator #1, REAC will calculate a score for the overall condition of a PHA’s public housing portfolio following the procedures described in the PHAS Notice on the Physical Condition Scoring Process (PHAS PASS Notice 3), which will be published in the FEDERAL REGISTER. HUD may revise this notice in the future, but HUD will publish for comment any significant proposed amendments to this notice. After comments have been considered, HUD will publish a notice adopting a final notice or amendment. The PHAS Notice on the Physical Condition Scoring Process that is currently in effect can be found at the REAC Internet site at http://www.hud.gov/reac or obtained from REAC’s Technical Assistance Center at 888-245-4860 (this is a toll free number).

(b) Adjustment for physical condition (property age) and neighborhood environment. In accordance with section 6(j)(1)(I)(2) of the Act (42 U.S.C. 1437d(j)(1)(I)(2)), the overall physical score for a property will be adjusted upward to the extent that negative conditions are caused by situations outside the control of the PHA. These situations are related to the poor physical condition of the property or the overall depressed condition of the immediately surrounding neighborhood. The intent of this adjustment is to avoid penalizing the PHA through appropriate application of the adjustment. (See paragraph (c) of this section which provides for further adjustments of physical condition score under certain circumstances.)

(1) Adjustments in three areas. Adjustments to the PHA physical condition score will be made in three factually observed and assessed areas (inspectable areas):
§ 902.25

(i) Physical condition of the site;
(ii) Physical condition of the common areas on the property; and
(iii) Physical condition of the building exteriors.

(2) Definitions. Definitions and application of physical condition and neighborhood environment factors are:

(i) Physical condition applies to properties over 10 years old and that have not received substantial rehabilitation in the last 10 years.

(ii) Neighborhood environment applies to properties located where the immediate surrounding neighborhood (that is a majority of the population that resides in the census tracts or census block groups on all sides of the development) has at least 51 percent of families with incomes below the poverty rate as documented by the most recent census data.

(3) Adjustment for physical condition (property age) and neighborhood environment. HUD will adjust the physical score of a PHA's property subject to both the physical condition (property age) and neighborhood environment conditions. The adjustments will be made to the scores assigned to the applicable inspectable areas so as to reflect the difficulty in managing. In each instance where the actual physical condition of the inspectable area (site, common areas, building exterior) is rated below the maximum score for that area, 1 point will be added, but not to exceed the maximum number of points available to that inspectable area.

(i) These extra points will be added to the score of the specific inspectable area, by property, to which these conditions may apply. A PHA is required to certify in the manner prescribed by HUD, the extent to which the conditions apply, and to which inspectable area the extra scoring point should be added.

(ii) A PHA that receives the maximum potential weighted points on the inspectable areas may not claim any additional adjustments for physical condition and/or neighborhood environments for the respective inspectable area(s). In no circumstance shall a property's score for the inspectable area, after any adjustment(s) for physical condition and/or neighborhood environments, exceed the maximum potential weighted points assigned to the respective property's inspectable area(s).

(4) Scattered site properties. The Date of Full Availability (DOFA) shall apply to scattered site properties, where the age of units and buildings vary, to determine whether the properties have received substantial rehabilitation within the last 10 years and are eligible for an adjusted score for the Physical Condition Indicator.

(5) Maintenance of supporting documentation. PHAs shall maintain supporting documentation to show how they arrived at the determination that the property's score is subject to adjustment under this section.

(i) If the basis was neighborhood environments, the PHA shall have on file the appropriate maps showing the census block groups surrounding the development(s) in question with supporting census data showing the level of poverty. Properties that fall into this category but which have already been removed from consideration for other reasons (permitted exemptions and modifications and/or exclusions) shall not be counted in this calculation.

(ii) For the Physical Condition Indicator, a PHA would have to maintain documentation showing the age and condition of the properties and the record of capital improvements, evidencing that these particular properties have not received capital funds.

(iii) PHAs shall also document that in all cases, properties that were exempted for other reasons were not included in the calculation.

(c) Database adjustment. (1) Adjustments for factors not reflected or inappropriately reflected in physical condition score. Under certain circumstances, HUD may determine it is appropriate to review the results of a PHA's physical inspection which are unusual or incorrect due to facts and circumstances affecting the PHA's property which are not reflected in the inspection or which are reflected inappropriately in the inspection.

(i) These circumstances are not those that may addressed by the technical review process described in §902.68. The
circumstances addressed by this paragraph (c)(1) may include inconsistencies between local code requirements and the HUD physical inspection protocol; conditions which are permitted by local variance or license or which are preexisting physical features that do not conform to, or are inconsistent with, HUD's physical condition protocol; or the PHA has been scored for elements (e.g., roads, sidewalks, mail boxes, resident-owned appliances, etc.) that it does not own and is not responsible for maintaining, and the PHA has notified the proper authorities regarding the deficient structure.

(ii) An adjustment due to these circumstances may be initiated by a PHA’s notification to the applicable HUD HUB/Program Center and such notification shall include appropriate proof of the reasons for the unusual or incorrect result. A PHA may submit the request for this adjustment either prior to or after the physical inspection has been concluded. If the request is made after the conclusion of the physical inspection, the request must be made within 15 days of issuance of the physical condition score. Based on the recommendation of the applicable HUD HUB/Program Center following its review of the PHA’s evidence or documentation, HUD may determine that a reinspection and/or re-scoring of the PHA’s property is necessary. HUD shall define, by notice, the procedures to be followed to address circumstances described in paragraph (c) of this section. The notice will be applicable to both public housing and multifamily housing properties covered by 24 CFR part 5, subpart G.

(2) Adjustments for adverse conditions beyond the PHA’s control. Under certain circumstances, HUD may determine that certain deficiencies that adversely and significantly affect the physical condition score of the PHA were caused by circumstances beyond the control of the PHA. The correction of these conditions, however, remains the responsibility of the PHA.

(i) The circumstances addressed by this paragraph (c)(2) may include, but are not limited to, damage caused by third parties (such as a private entity or public entity undertaking work near a public housing development that results in damage to the development) or natural disasters. (The circumstances addressed in paragraph (c)(2) of this section are not those addressed by the technical review process in §902.68.)

(ii) To adjust a physical condition score based on circumstances addressed in paragraph (c)(2) of this section, the PHA must submit a request to the applicable HUD HUB/Program Center requesting a reinspection of the PHA's properties. The request must be submitted within 15 days of the issuance of the physical condition score to the PHA and must be accompanied by a certification that all deficiencies identified in the original report have been corrected. Based on the recommendation of the applicable HUD HUB/Program Center following its review of the PHA’s evidence or documentation, HUD may determine that a reinspection and/or re-scoring of the PHA’s property is necessary.

(3) Adjustments for modernization work in progress. HUD may determine that an occupied dwelling unit or other areas of a PHA development, subject to physical inspection under this subpart, which are undergoing modernization work in progress require an adjustment to the physical condition score.

(i) An occupied dwelling unit or other areas of a PHA development undergoing modernization are subject to physical inspection; the unit and other areas of the PHA development are not exempt from physical inspection. All elements of the unit or of the other areas of the PHA development that are subject to inspection and are not undergoing modernization at the time of the inspection (even if modernization is planned) will be subject to HUD’s physical inspection protocol without adjustment. For those elements of the unit or of the development that are undergoing modernization, deficiencies will be noted in accordance with HUD’s physical inspection protocol, but the PHA may request adjustment of the physical condition score as a result of modernization work in progress.

(ii) An adjustment due to modernization work in progress may be initiated by a PHA’s notification to the applicable HUD HUB/Program Center and the notification shall include supporting documentation of the modernization
work underway at the time of the physical inspection. A PHA may submit the request for this adjustment either prior to or after the physical inspection has been concluded. If the request is made after the conclusion of the physical inspection, the request must be made within 15 days of issuance of the physical condition score. Based on the recommendation of the applicable HUD HUB/Program Center, HUD may determine that a reinspection and/or re-scoring of the PHA’s property is necessary.

(d) Overall PHA Physical Condition Indicator score. The overall Physical Condition Indicator score for a PHA is the weighted average of the PHA’s individual property physical inspection scores, where the weights are the number of units in each property divided by the total number of units in all properties of the PHA.

(e) Thresholds.

(1) The physical condition score is reduced to a 30 point basis for the PHAS Physical Condition Indicator.

(2) In order to receive a passing score under the Physical Condition Indicator, the PHA must achieve a score of at least 18 points, or 60 percent of the available points under this indicator. If the PHA fails to receive a passing score on the Physical Condition Indicator, the PHA shall be categorized as a substandard physical agency.

(65 FR 1738, Jan. 11, 2000, as amended at 65 FR 36044, June 6, 2000)

§ 902.26 Physical Inspection Report.
(a) Following the physical inspection and computation of the score under this subpart, each PHA receives a Physical Inspection Report. The Physical Inspection Report allows the PHA to see the magnitude of the points lost by inspectable area, and the impact on the score of the health and safety (H&S) deficiencies.

(1) If exigent health and safety items are identified in the report, the PHA will have the opportunity to correct all exigent health and safety deficiencies noted on the report and request a reinspection.

(2) The correction of exigent health and safety deficiencies and the request for reinspection must be made within 15 days of the PHA’s receipt of the Physical Inspection Report. The request for reinspection must be accompanied by the PHA’s identification of the exigent health and safety deficiencies that have been corrected, and the PHA’s certification that all such deficiencies identified in the report have been corrected.

(3) If HUD determines that a reinspection is appropriate, REAC will arrange for a complete reinspection of the development(s) in question, not just the deficiencies previously identified. The reinspection will constitute the final physical inspection for the development, and REAC will issue a new inspection report (the final inspection report).

(4) If any of the previously identified exigent health and safety deficiencies that the PHA certified were corrected are found during the reinspection to be not corrected, the score in the final inspection report will reflect a point deduction of triple the value of the original deduction, up to the maximum possible points for the unit or area, and the PHA must reimburse HUD for the cost of the reinspection.

(5) If a request for reinspection is not made within 15 days, the physical inspection report issued to the PHA will be the final physical inspection report.

(b) The Physical Inspection Report includes the following items:

(1) Normalized weights as the “possible points” by area;
(2) The area scores, taking into account the points deducted for observed deficiencies;
(3) The H&S deductions for each of the five inspectable areas; a listing of all observed smoke detector deficiencies; and a projection of the total number of H&S problems that the inspector potentially would see in an inspection of all buildings and all units; and
(4) The overall property score.

§ 902.27 Physical condition portion of total PHAS points.

Of the total 100 points available for a PHAS score, a PHA may receive up to 30 points based on the Physical Condition Indicator.
Subpart C—PHAS Indicator #2: Financial Condition

§ 902.30 Financial condition assessment.

(a) Objective. The objective of the Financial Condition Indicator is to measure the financial condition of a PHA for the purpose of evaluating whether it has sufficient financial resources and is capable of managing those financial resources effectively to support the provision of housing that is decent, safe, sanitary and in good repair.

(b) Financial reporting standards. A PHA's financial condition will be assessed under this indicator by measuring the PHA's entity-wide performance in each of the components listed in § 902.35, on the basis of the annual financial report provided in accordance with § 902.33.

§ 902.33 Financial reporting requirements.

(a) Annual financial report. All PHAs must submit their unaudited and audited financial data to HUD on an annual basis. The financial information must be:

(1) Prepared in accordance with Generally Accepted Accounting Principles (GAAP) as further defined by HUD in supplementary guidance; and

(2) Submitted electronically in the format prescribed by HUD using the Financial Data Schedule (FDS).

(b) Annual financial report filing dates. The unaudited financial information to be submitted to HUD in accordance with paragraph (a) of this section, must be submitted to HUD annually, no later than two months after the end of the PHA's fiscal year end, with no penalty applying until the 18th day of the third month after the PHA's fiscal year end in accordance with Uniform Financial Reporting Standards (see 24 CFR part 5, subpart H). An automatic one month extension will be granted for PHAs with fiscal years ending September 30, 1999 through June 30, 2000.

(c) Reporting compliance dates. The requirement for compliance with the financial reporting requirements of this section begins with PHAs with fiscal years ending on or after September 30, 1999. Unaudited financial statements will be required no later than 9 months after the PHA's fiscal year end, and audited financial statements will be required no later than 9 months after the PHA's fiscal year end, in accordance with the Single Audit Act and OMB Circular A-133 (see 24 CFR 84.26).

(d) Annual financial report filing dates. The unaudited financial information to be submitted to HUD in accordance with paragraph (a) of this section, must be submitted to HUD annually, no later than two months after the end of the PHA's fiscal year end, with no penalty applying until the 16th day of the third month after the PHA's fiscal year end in accordance with Uniform Financial Reporting Standards (see 24 CFR part 5, subpart H). An automatic one month extension will be granted for PHAs with fiscal years ending September 30, 1999 through June 30, 2000.

§ 902.35 Financial condition scoring and thresholds.

(a) Scoring. Under PHAS Indicator #2, REAC will calculate a score based on the values of financial condition components, as well as audit and internal control flags. Each financial condition component has several levels of performance with different point values for each level. A PHA's score for a financial condition component depends upon both the level of the PHA's performance under a component, and the PHA's size, based on the number of public housing and section 8 units and other units the PHA operates.

(1) Under PHAS Indicator #2, REAC will calculate a score following the procedures described in the PHAS Notice on the Financial Condition Scoring Process (PHAS FASS Notice 3), which will be published in the FEDERAL REGISTER. HUD may revise this notice in the future, but HUD will publish for comment any significant proposed amendments to this notice. After comments have been considered, HUD will publish a notice adopting a final notice or amendment. The PHAS Notice on the Financial Condition Scoring Process that is currently in effect can be found at the REAC Internet site at http://www.hud.gov/reac or obtained from REAC's Technical Assistance Center at 888-245-4860 (this is a toll free number).

(2) PHAs with fiscal years ending on or before June 30, 2000, will receive an advisory score based on the PHA's entity-wide operations. PHAs with fiscal years ending March 31, 2000, and June 30, 2000, will also receive a score under this subpart C. These PHAs will receive a PHAS financial condition score on the basis of their public housing operating subsidies program. PHAs with fiscal years ending after June 30, 2000, will receive PHAS financial condition scores on the basis of their entity-wide operations.
(3) High liquidity or reserves. (i) Under the scoring process for the Financial Condition Indicator, no points will be deducted under the Current Ratio or Monthly Expenditure Fund Balance components for a PHA that has too high liquidity or reserves if the PHA has achieved at least 90 percent of the points available under the Physical Condition Indicator, and is not required to prepare a follow-up survey plan under the Resident Service and Satisfaction Indicator.

(ii) A PHA that has too high liquidity or reserves but does not meet the qualifications described in paragraph (a)(3)(i) of this section may appeal point deductions under the Current Ratio or Monthly Expenditure Fund Balance components based on mitigating circumstances if the PHA’s physical condition score is at least 60 percent of the total available points under the Physical Condition Indicator.

(A) The appeal may be made without regard to change in designation.

(B) To adjust a financial condition score based on mitigating circumstances, the PHA must submit a request to the applicable HUD HUB/Program Center within 15 days of the issuance of the financial condition score to the PHA and must be accompanied by a description of the mitigating circumstances. Based on the recommendation of the applicable HUD HUB/Program Center following its review of the PHA’s evidence or documentation, HUD may determine that a point adjustment for the financial condition score is acceptable.

(b) Components of PHAS Indicator #2. The components of PHAS Indicator #2 are:

(1) Current Ratio is current assets divided by current liabilities.

(2) Number of Months Expendable Fund Balance is expendable fund balance (Expendable Fund Balance) divided by monthly operating expenses. The Expendable Fund Balance is the portion of the fund balance representing expendable available financial resources, that is, the unreserved and undesignated fund balance.

(3) Tenant Receivable Outstanding is the average number of days tenant receivables are outstanding and it is calculated by dividing tenant accounts receivable by Daily Tenant Revenue (rental revenue/365).

(4) Occupancy Loss is one minus unit months leased divided by unit months available.

(5) Expense Management/Utility Consumption is the expense per unit for key expenses, including utility consumption, and other expenses such as maintenance and security.

(6) Net Income or Loss divided by the Expendable Fund Balance measures how the year’s operations have affected the PHA’s viability.

(c) Thresholds. In order to receive a passing score under the Financial Condition Indicator, the PHA must achieve a score of at least 18 points, or 60 percent of the available points under this indicator. If the PHA fails to receive a passing score on the Financial Condition Indicator, the PHA shall be categorized as a substandard financial agency.

[65 FR 1738, Jan. 11, 2000, as amended at 65 FR 36044, June 6, 2000]

§ 902.37 Financial condition portion of total PHAS points.

Of the total 100 points available for a PHAS score, a PHA may receive up to 30 points based on the Financial Condition Indicator.

Subpart D—PHAS Indicator #3: Management Operations

§ 902.40 Management operations assessment.

(a) Objective. The objective of the Management Operations Indicator is to measure certain key management operations and responsibilities of a PHA for the purpose of assessing the PHA’s management operations capabilities.

(b) Management assessment. PHAS Indicator #3 pertaining to Management Operations incorporates the majority of the statutory indicators of section 6(j) of the Act, as provided in §902.43. (The remaining statutory indicators are addressed under the other PHAS Indicators.)

§ 902.43 Management operations performance standards.

(a) Management operations sub-indicators. The following sub-indicators listed
in this section will be used to assess a PHA’s management operations. The components and grades for each sub-indicator are the same as those provided in Appendix 1 to the PHAS Notice on the Management Operations Scoring Process, except as may be otherwise noted in this subpart.

1. Management sub-indicator #1—Vacant Unit Turnaround Time. This sub-indicator measures the PHA’s efforts to reduce unit turnaround time and assesses the adequacy of the PHA’s system to track unit down time, make ready time and lease up time.

2. Management sub-indicator #2—Capital Fund. This management sub-indicator examines the amount and percentage of funds provided to the PHA from the Capital Fund under section 9(d) of the Act, which remain unexpended by the PHA after three years, the timeliness of fund obligation, the adequacy of contract administration, the quality of the physical work, and the adequacy of budget controls. For funding under the HOPE VI Program, only components #3, #4, and #5 of this sub-indicator are applicable. This management sub-indicator is automatically excluded if the PHA does not have section 9(d) capital funding.

3. Management sub-indicator #3—Work Orders. This management sub-indicator examines the time it takes to complete or abate emergency work orders, the average number of days nonemergency work orders were active, and any progress a PHA has made during the preceding three years to reduce the period of time nonemergency maintenance work orders were active. Implicit in this management sub-indicator is the adequacy of the PHA’s work order system in terms of how a PHA accounts for and controls its work orders, and its timeliness in preparing/issuing work orders.

4. Management sub-indicator #4—PHA Annual Inspection of Units and Systems. This management sub-indicator examines the percentage of units and systems that a PHA inspects on an annual basis in order to determine short-term maintenance needs and long-term Capital Fund needs. This management sub-indicator requires a PHA’s inspection to utilize the HUD uniform physical condition standards set forth in sub-part B of this part. All occupied units are required to be inspected.

5. Management sub-indicator #5—Security. (i) This management sub-indicator evaluates the PHA’s performance in tracking crime related problems in their developments; reporting incidence of crime to local law enforcement agencies; the adoption and implementation, consistent with section 6(j)(1)(I) (42 U.S.C. 1437d(j)(1)(I)), of applicant screening and resident eviction policies and procedures, and other anticrime strategies; coordination with local government officials and residents in the development on implementation of such strategies; and as applicable, PHA performance under any HUD drug prevention/crime reduction grants.

(ii) Paragraph (a) of this section provides that the components and grades for each sub-indicator are the same as those for the corresponding indicator provided in Appendix 1 to the PHAS Notice on the Management Operations Scoring Process, except as may be otherwise noted. For Component #1, Tracking and Reporting Crime Related Problems, the following will be used to describe a Grade of A: The PHA Board, by resolution, has adopted policies and procedures that ensure the PHA:

(A) Tracks crime and crime-related problems in at least 90 percent of its developments;

(B) Has a cooperative system for tracking and reporting incidents of crime to local police authorities to improve law enforcement and crime prevention; and

(C) Coordinates with local government officials and its residents on the implementation of anticrime strategies.

6. Management sub-indicator #6—Economic Self-Sufficiency. The economic self-sufficiency sub-indicator measures the PHA’s efforts to coordinate, promote or provide effective programs and activities to promote the economic self-sufficiency of residents. For this sub-indicator, PHAs will be assessed for all the programs that the PHA has HUD funding to implement. Also, PHAs will receive credit for implementation of programs through partnerships with
§ 902.45 Management operations scoring and thresholds.

(a) Scoring. The Management Operations Indicator score provides an assessment of each PHA’s management effectiveness. Under PHAS Indicator #3, REAC will calculate a score of the overall management operations of a PHA that reflects weights based on the relative importance of the individual management sub-indicators. Under PHAS Indicator #3, REAC will calculate a score following the procedures described in the PHAS Notice on the Management Operations Scoring Process (PHAS MASS Notice 3), which will be published in the Federal Register. HUD may revise this notice in the future, but HUD will publish for comment any significant proposed amendments to this notice. After comments have been considered, HUD will publish a notice adopting a final notice or amendment. The PHAS Notice on the Management Operations Scoring Process that is currently in effect can be found at the REAC Internet site at http://www.hud.gov/reac or obtained from REAC’s Technical Assistance Center at 888-245-4860 (this is a toll free number).

(b) Thresholds. (1) In order to receive a passing score under the Management Operations Indicator, the PHA must achieve a score of at least 18 points or 60 percent of the available points under this PHAS Indicator #3. If the PHA fails to receive a passing score on the Management Operations Indicator, the PHA shall be categorized as a substandard management agency.

(2) A PHA that receives less than 60 percent of the maximum calculation for the Capital Fund subindicator under Management Operations Indicator, shall be subject to the sanctions provided in section 6(j)(4) of the Act (see §902.67(c)(2)(ii).)

§ 902.47 Management operations portion of total PHAS points.

Of the total 100 points available for a PHAS score, a PHA may receive up to 30 points based on the Management Operations Indicator.

Subpart E—PHAS Indicator #4: Resident Service and Satisfaction

§ 902.50 Resident service and satisfaction assessment.

(a) Objective. The objective of the Resident Service and Satisfaction Indicator is to measure the level of resident satisfaction with living conditions at the PHA.

(b) Method of assessment, generally. The assessment required under PHAS Indicator #4 will be performed through the use of a resident service and satisfaction survey. The survey process will be managed by the PHA in accordance with a methodology prescribed by HUD. The PHA will be responsible for completing implementation plan activities and developing a follow-up plan, if applicable, to address issues resulting from the survey, subject to independent audit.

(c) PHA certification of completion of resident survey process. (1) At the completion of the resident survey process as described in this subpart, a PHA will be audited as part of the independent
Audit to ensure that the resident survey process has been managed as directed by HUD. PHAs are required to submit and certify their implementation plans electronically via the Internet prior to the fiscal year end in accordance with §902.60(b). Follow-up plans, if applicable, must be made available for review and inspection at the principal office of the PHA during normal business hours as a supporting document to the PHA’s Annual Plan in accordance with §903.23(d) of this title. The PHA must certify electronically that it will develop a follow-up plan, if applicable.

(2) If circumstances preclude the PHA from reporting electronically, HUD will consider granting short-term approval to allow a PHA to submit its resident service and satisfaction certification manually. A PHA that seeks approval to submit the certification manually must ensure that REAC receives the PHA’s written request for manual submission two months before the submission due date of its resident service and satisfaction certification. The written request must include the reasons why the PHA cannot submit the certification electronically. REAC will respond to the PHA’s request and will manually forward its determination in writing to the PHA.

§902.51 Updating of public housing unit address information.

(a) Electronic updating. The survey process for the Resident Service and Satisfaction Indicator is dependent upon electronic updating, submission and certification of resident address and unit information by PHAs.

(b) Unit address update and verification. The survey process for PHAS Indicator #4 begins with ensuring accurate information about the public housing unit addresses.

(1) PHAs will be required to electronically update unit address information initially obtained by REAC from the recently revised form HUD-50058, Family Report. REAC will supply a list of current units (listed by development) to PHAs via the Internet. PHAs will be asked to make additions, deletions and corrections to their unit address list.

(2) After updating the list, PHAs must verify that the list of unit addresses under their jurisdiction is complete. Any incorrect or obsolete address information will have a detrimental impact on the survey results. A statistically valid number of residents cannot be selected to participate in the survey if the unit addresses are incorrect or obsolete. If a PHA does not verify the address information within two months of submission of the list of current units to the PHA by REAC, and the address information is not valid, REAC will not be able to conduct the survey at that PHA. Under those conditions, the PHA will not receive any points for the PHAS Resident Service and Satisfaction Indicator.

(c) Electronic updating of the address list. (1) The preferred method for updating a unit address list is electronic updating via the Internet.

(2) If circumstances preclude a PHA from updating and submitting its unit address list electronically, HUD will consider granting short-term approval to allow a PHA to submit the updated unit address list information manually. A PHA that seeks approval to update its unit address list manually must ensure that REAC receives the PHA’s written request for manual submission one month before the submission due date. The written request must include the reasons why the PHA cannot update the list electronically. REAC will respond to the PHA’s request upon receipt of the request.

§902.52 Distribution of survey to residents.

(a) Sampling. A statistically valid number of units will be chosen to receive the Resident Service and Satisfaction Survey. These units will be randomly selected based on the total number of occupied and vacant units of the PHA. The Resident Service and Satisfaction assessment takes into account the different properties managed by a PHA by organizing the unit sampling based on the unit representation of each development in relation to the size of the entire PHA.

(b) Survey distribution by third party organization. The Resident Service and Satisfaction survey will be distributed to the randomly selected sample of
§ 902.53 Resident service and satisfaction scoring and thresholds.

(a) Scoring. (1) Under the PHAS Indicator #4, REAC will calculate a score based upon two components that receive points and a third component that is a threshold requirement.

(i) One component will be the point score of the survey results. The survey content will focus on resident evaluation of the overall living conditions, to include basic constructs such as:
   (A) Maintenance and repair (i.e., work order response);
   (B) Communications (i.e., perceived effectiveness);
   (C) Safety (i.e., perception of personal security);
   (D) Services; and
   (E) Neighborhood appearance.

(ii) The second component will be a point score based on the level of implementation and follow-up or corrective actions based on the results of the survey.

(iii) The final component, which is not scored for points, but which is a threshold requirement, is verification that the survey process was managed in a manner consistent with guidance provided by HUD.

(2) Under PHAS Indicator #4, REAC will calculate a score following the procedures described in the PHAS Notice on the Resident Service and Satisfaction Survey Scoring Process (PHAS RASS Notice 3), which will be published in the Federal Register. HUD may revise this notice in the future, but HUD will publish for comment any significant proposed amendments to this notice. After comments have been considered, HUD will publish a notice adopting a final notice or amendment. The PHAS Notice on the Resident Service and Satisfaction Survey Process that is currently in effect can be found at the REAC Internet site at http://www.hud.gov/reac or obtained from REAC’s Technical Assistance Center at 888-245-4860 (this is a toll free number).

(b) Thresholds. A PHA will not receive any points under PHAS Indicator #4 if the survey process is not managed as directed by HUD, the survey results are determined to be altered, or the public housing unit addresses are not updated as referenced in § 902.51 of this document. A PHA will receive a passing score on the Resident Service and Satisfaction Indicator if the PHA receives at least 6 points, or 60 percent of the available points under this PHAS Indicator #4.

§ 902.55 Resident service and satisfaction portion of total PHAS points.

Of the total 100 points available for a PHAS score, a PHA may receive up to 10 points based on the Resident Service and Satisfaction Indicator.

Subpart F—PHAS Scoring

§ 902.60 Data collection.

(a) Fiscal Year reporting period—limitation on changes after PHAS effectiveness. An assessed fiscal year for purposes of the PHAS corresponds to a PHA’s fiscal year. To allow for a period of consistent assessments to refine and make necessary adjustments to the PHAS, a PHA is not permitted to change its fiscal year for the first three full fiscal years following October 1, 1998, unless such change is approved by HUD (see § 902.1(e)).

(b) Physical condition information. Information necessary to conduct the physical condition assessment under subpart B of this part will be obtained from HUD inspectors during the fiscal year being scored through electronic transmission of the data.

(c) Financial condition information. Year-end financial information to conduct the assessment under subpart C, Financial Condition, of this part will be submitted by a PHA through electronic transmission of the data to HUD not later than two months after the end of the PHA’s fiscal year. An audited report of the year-end financial information is due not later than 9 months after the end of the PHA’s fiscal year.
Office of the Assistant Secretary, HUD § 902.60

(d) Management operations and resident service and satisfaction information. A PHA shall provide certification to HUD as to data required under subpart D, Management Operations, of this part and subpart E, Resident Service and Satisfaction, of this part not later than two months after the end of the PHA’s fiscal year that is being assessed and scored, with no penalty applying, however, until the 15th day of the third month after the PHA fiscal year end. An automatic one month extension will be granted for PHAs with fiscal years ending September 30, 1999 through June 30, 2000.

(1) The Management Operations certification shall be approved by PHA Board resolution, and signed and attested to by the Executive Director.

(2) PHAs shall maintain documentation for three years verifying all certified indicators for HUD on-site review.

(e) Failure to submit data by due date. (1) If a PHA without a finding of good cause by HUD does not submit its certifications or year-end financial information, required by this part, or submits its certifications or year-end financial information more than 15 days past the due date, appropriate sanctions may be imposed, including a reduction of 1 point in the total PHAS score for each 15-day period past the due date.

(2) If any certification or year-end financial information, with the exception of the PHA’s audited financial statement, is not received within three months after the due date, the PHA will receive a presumptive rating of failure for each PHAS Indicator for which the certification or year-end financial information is not received. The PHA's audited financial statement must be received no later than 9 months after the PHA's fiscal year-end, in accordance with OMB Circular A-133 (see §902.33(c)). If the audited financial statement is not received by that date, the PHA will receive a presumptive rating of failure for the PHAS Financial Indicator. If the PHA receives a presumptive rating failure for any PHAS Indicator due to failure to submit a certification or year-end financial information by the due date, including any extension of the due date, as provided in this paragraph (except for the audited financial statement for which the due date is established by OMB Circular A-133), the PHA shall be designated as troubled or identified as troubled with respect to the program for assistance from the Capital Fund under section 9(d) of the Act.

(f) Verification of information submitted. (1) A PHA’s certifications, year-end financial information and any supporting documentation are subject to verification by HUD at any time, including review by an independent auditor as authorized by section 6(j)(6) of the Act (42 U.S.C. 1437(d)(j)(6)). Appropriate sanctions for intentional false certification will be imposed, including civil penalties, suspension or debarment of the signatories, the loss of high performer designation, a lower score under individual PHAS indicators and a lower overall PHAS score.

(2) A PHA that cannot provide justifying documentation to REAC, or to the PHA’s independent auditor for the assessment under any indicator(s), sub-indicator(s) and/or component(s) shall receive a score of 0 for the relevant indicator(s), sub-indicator(s) and/or component(s), and its overall PHAS score shall be lowered.

(g) Management operations assumed by an RMC (including DF-RMC). For those developments of a PHA where management operations have been assumed by an RMC, the PHA’s certification shall identify the development and the management functions assumed by the RMC.

(1) For an RMC, that is not a DF-RMC, the PHA shall obtain a certified questionnaire from the RMC as to the management functions undertaken by the RMC. Following verification of the RMC’s certification, the PHA shall submit the RMC’s certified questionnaire along with its own. The RMC’s certification shall be approved by its Executive Director or Chief Executive Officer or responsible party.

(2) For a DF-RMC, the DF-RMC must submit directly to HUD its certified statement concerning the management functions that it has undertaken. The DF-RMC’s certification shall be approved by its Executive Director or
§ 902.63 PHAS scoring.

(a) Computing the PHAS score. Each of the four PHAS indicators in this part will be scored individually, and then will be used to determine an overall score for the PHA. Components within each of the four PHAS indicators will be scored individually, and the scores for the components will be used to determine a single score for each of the PHAS indicators.

(b) Adjustments to the PHAS score. (1) Adjustments to the score may be made after a PHA’s audit report for the year being assessed is transmitted to HUD. If significant differences (as defined in GAAP guidance materials provided to PHAs) are noted between unaudited and audited results, a PHA’s PHAS score will be adjusted (e.g., reduction in points) in accordance with the audited results.

(2) A PHA’s PHAS score under individual indicators, sub-indicators or components, or its overall PHAS score, may be changed by HUD in accordance with data included in the independent audit report, or obtained through such sources as HUD on-site review, investigations by HUD’s Office of Fair Housing and Equal Opportunity, or reinspections by REAC, as applicable.

(c) Issuance of score by HUD. An overall PHAS score will be issued by REAC for each PHA after the later of one month after the submission due date for financial data and certifications, or one month after submission by the PHA of its financial data and certifications. The overall PHAS score becomes the PHA’s final PHAS score after any adjustments requested by the PHA and determined necessary under the processes provided in §§902.25(c), 902.35(a)(3) and/or 902.68; any adjustments requested by the PHA and determined necessary under the appeal process provided in §902.69; and/or any adjustments determined necessary as a result of the independent public accountant (IPA) audit, as provided in paragraph (b) of this section.

(d) Review of audit. For a PHA whose audit has been found deficient as a result of a quality control review of the IPA workpapers, a quality control review that is conducted by REAC as part of REAC’s on-going quality assurance process, REAC may, at its discretion, select the audit firm that will perform the audit of the PHA and may serve as the audit committee for the audit in question. This review is important to determine the accuracy of the scoring under the Financial Condition Indicator.

(e) Posting and publication of PHAS scores. Each PHA (or RMC as the case may be) shall post a notice of its final PHAS score and status in appropriate conspicuous and accessible locations in its offices within two weeks of receipt of its final score and status. In addition, HUD will publish every PHA’s score and status in the Federal Register and on HUD’s internet site.

§ 902.67 Score and designation status.

A PHA will receive a status designation corresponding to its final PHAS score as follows:

(a) High performer. (1) A PHA that achieves a score of at least 60 percent of the points available under each of the four PHAS indicators (addressed in subparts B through E of this part) and achieves an overall PHAS score of 90 percent or greater of the total available points under PHAS shall be designated a high performer.

(2) A PHA shall not be designated a high performer if it scores below the threshold established for any indicator.

(b) Standard performer. (1) A PHA that is not a high performer shall be designated a standard performer if:

(i) The PHA achieves a total PHAS score of not less than 60 percent of the total available points under PHAS; and

(ii) The PHA does not achieve less than 60 percent of the total points available under one of the following indicators, PHAS Indicators #1, #2, or #3.

(2) All standard performers must correct reported deficiencies.

(3) A PHA that achieves a total PHAS score of less than 70 percent, but
Office of the Assistant Secretary, HUD

§ 902.68

not less that 60 percent, is required by the HUB/Program Center to submit an Improvement Plan to correct identified deficiencies.

(4) A PHA that achieves a total PHAS score of less than 70 percent but not less than 60 percent is at risk of being designated troubled.

(c) Troubled performer. A PHA that is designated as troubled may be:

(1) Overall troubled. A PHA that achieves an overall PHAS score of less than 60 percent or achieves less than 60 percent of the total points available under more than one of the following indicators, PHAS Indicators #1, #2, or #3, shall be designated as troubled (overall), and referred to the TARC as described in §902.75.

(2) Troubled in one area. (i) A PHA that achieves less than 60 percent of the total points available under only one of the following indicators, PHAS Indicators #1, #2, or #3, shall be considered a substandard physical, substandard financial, or substandard management performer, and referred to the TARC as described in §902.75.

(ii) In accordance with section 6(j)(2) of the Act, a PHA that receives less than 60 percent of the maximum calculation for the Capital Fund sub-indicator under PHAS Indicator #3 (Management Operations, subpart D of this part; see §902.43(a)) will be subject to the sanctions, provided in section 6(j)(4), as appropriate.

(d) Withholding designation. (1) In exceptional circumstances, even though a PHA has satisfied all of the PHAS Indicators for high performer or standard performer designation, HUD may conduct any review as it may determine necessary, and may deny or rescind incentives or high performer designation or standard performer designation, in the case of a PHA that:

(i) Is operating under a special agreement with HUD;

(ii) Is involved in litigation that bears directly upon the physical, financial or management performance of a PHA;

(iii) Is operating under a court order;

(iv) Demonstrates substantial evidence of fraud or misconduct, including evidence that the PHA’s certifications, submitted in accordance with this part, are not supported by the facts, as evidenced by such sources as a HUD review, routine reports, an Office of Inspector General investigation/audit, an independent auditor’s audit or an investigation by any appropriate legal authority; or

(v) Demonstrates substantial non-compliance in one or more areas of a PHA’s required compliance with applicable laws and regulations, including areas not assessed under the PHAS. Areas of substantial noncompliance include, but are not limited to, non-compliance with civil rights, non-discrimination and fair housing laws and regulations, or the Annual Contributions Contract. Substantial noncompliance casts doubt on the capacity of a PHA to preserve and protect its public housing developments and operate them consistent with Federal laws and regulations.

(2) If high performer designation is denied or rescinded, the PHA shall be designated either a standard performer or troubled performer depending on the nature and seriousness of the matter or matters constituting the basis for HUD’s action. If standard performer designation is denied or rescinded, the PHA shall be designated troubled.

(3) The denial or rescission of a designation of high performer or standard performer does not affect the PHA’s numerical PHAS score.

(4) A PHA that disagrees with the basis for denial or rescission of the designation may make a written request for reinstatement of the designation to the Assistant Secretary for Public and Indian Housing which request shall include reasons for the reinstatement.

[65 FR 1738, Jan. 11, 2000, as amended at 65 FR 36045, June 6, 2000]

§ 902.68 Technical review of results of PHAS Indicators #1 or #4.

(a) Request for technical reviews. This section describes the process for requesting and granting technical reviews of physical inspection results and resident survey results.

(1) For both reviews, the burden of proof is on the PHA to show that an error occurred.

(2) For both reviews, a request for technical review must be submitted in writing to the Director of the Real Estate Assessment Center and must be
received by REAC no later than 15 days following the issuance of the applicable results to the PHA (either the physical inspection results or the resident survey results). The request must be accompanied by the PHA’s reasonable evidence that an error occurred.

(b) Technical review of physical inspection results. (1) For each property inspected, REAC will provide the results of the physical inspection and a score for that property to the PHA. If the PHA believes that an objectively verifiable and material error (or errors) occurred in the inspection of an individual property, the PHA may request a technical review of the inspection results for that property.

(2) For a technical review of physical inspection results, the PHA’s request must be accompanied by the PHA’s evidence that an objectively verifiable and material error has occurred. The documentation submitted by the PHA may be photographic evidence, written material from an objective source, such as a local fire marshal or building code official, or other similar evidence. The evidence must be more than a disagreement with the inspector’s observations, or the inspector’s finding regarding the severity of the deficiency.

(3) A technical review of a property’s physical inspection will not be conducted based on conditions that were corrected subsequent to the inspection, nor will REAC consider a request for a technical review that is based on a challenge to the inspector’s findings as to the severity of the deficiency (i.e., minor, major or severe).

(4) Upon receipt of a PHA’s request for technical review of a property’s inspection results, REAC will review the PHA’s file and any objectively verifiable evidence produced by the PHA. If REAC’s review determines that an objectively verifiable and material error (or errors) has been documented, then REAC may take one or a combination of the following actions:

(i) Undertake a new inspection;
(ii) Correct the physical inspection report;
(iii) Issue a corrected physical condition score;
(iv) Issue a corrected PHAS score.

(5) In determining whether a new inspection of the property is warranted and a new PHAS score must be issued, REAC will review the PHA’s file and evidence submitted to determine whether the evidence supports that there may have been a significant contractor error in the inspection which results in a significant change from the property’s original physical condition score and the PHAS designation assigned to the PHA (i.e., high performer, standard performer, or troubled performer). If REAC determines that a new inspection is warranted, and the new inspection results in a significant change from the original physical condition score, and the PHA’s PHAS score and PHAS designation, REAC shall issue a new PHAS score to the PHA.

(6) Material errors are the only grounds for technical review of physical inspection results. Material errors are those that exhibit specific characteristics and meet specific thresholds. The three types of material errors are:

(i) Building data error. A building data error occurs if the inspection includes the wrong building or a building that was not owned by the PHA, including common or site areas that were not a part of the property. Incorrect building data that does not affect the score, such as the address, building name, year built, etc., would not be considered material, but is of great interest to HUD and will be corrected upon notice to REAC.

(ii) Unit count error. A unit count error occurs if the total number of public housing units considered in scoring is incorrect. Since scoring uses total public housing units, REAC will examine instances where the participant can provide evidence that the total units used is incorrect.

(iii) Non-existent deficiency error. A non-existent deficiency error occurs if the inspection cites a deficiency that does not exist.

(7) A PHA’s subsequent correction of deficiencies identified as a result of a property’s physical inspection cannot serve as the basis for an appeal of the PHA’s physical condition score.

(c) Technical review of resident survey results. REAC will consider conducting a technical review of a PHA’s resident
survey results in cases where the contracted third party organization can be shown by the PHA to be in error.

(1) The burden of proof rests with the PHA to provide objectively verifiable evidence that a technical error occurred. Examples include, but are not limited to, incorrect material being mailed to residents; or the PHA’s units addresses were incorrect due to the third party organization’s error, such as unit numbers being omitted from the addresses. A PHA that does not update its unit address list as described, above, will not be eligible for a technical review based on incorrect addresses.

(2) Upon receipt of a PHA’s request for technical review of resident survey results, REAC will review the PHA’s file and evidence submitted by the PHA. If REAC’s review determines that an error has been documented, REAC may take one or a combination of the following actions:
   (i) Undertake a new survey;
   (ii) Correct the resident survey results report;
   (iii) Issue a corrected resident services and satisfaction score;
   (iv) Issue a corrected PHAS score.

§ 902.69 PHA right of petition and appeal.

(a) Appeal of troubled designation and petition for removal troubled designation. A PHA may:
   (1) Appeal its troubled designation (including designation as troubled with respect to its performance under the Capital Fund subindicator as provided in §902.67(c)(2)); and
   (2) Petition for removal of troubled designation.

(b) Appeal of PHAS score. If a PHA believes that an objectively verifiable and material error (or errors) exists in any of the scores for its PHAS Indicators, which, if corrected, will result in a significant change in the PHA’s PHAS score and its designation (i.e., as troubled, standard, or high performer), the PHA may appeal its PHAS score in accordance with the procedures of paragraphs (c), (d) and (e) of this section. A significant change in a PHAS score is a change that would cause the PHA’s PHAS score to increase, resulting in a higher PHAS designation for the PHA (i.e., from troubled performer to standard performer, or from standard performer to high performer).

(c) Appeal and petition procedures. (1) To appeal troubled designation or a PHAS score, a PHA must submit a request in writing to the Director of the Real Estate Assessment Center that must be received by REAC no later than 30 days following the issuance of the overall PHAS score to the PHA. To petition removal of troubled designation, a PHA also must submit its request in writing to the Director of the Real Estate Assessment Center. The written request must be received by REAC no later than 30 days after HUD’s decision to refuse to remove the PHA’s troubled designation.

(2) An appeal of troubled designation or petition for removal of troubled designation must include the PHA’s supporting documentation and reasons for the appeal. An appeal of a PHAS score must be accompanied by the PHA’s reasonable evidence that an objectively verifiable and material error occurred. An appeal submitted to REAC without appropriate documentation will not be considered and will be returned to the PHA.

(d) Consideration of appeal. (1) Consideration of appeal of PHAS score. Upon receipt of an appeal of a PHAS score from a PHA, REAC will review the PHA’s file and the evidence submitted by the PHA to support that an error occurred. If REAC determines that an objectively verifiable and material error has been documented by the PHA, REAC will convene a Board of Review, in accordance with the procedures of paragraphs (d) and (e) of this section, to evaluate the appeal and its merits for purposes of determining whether a reassessment of the PHA is warranted. For appeal of PHAS scores, the Board of Review may determine that REAC should undertake a new inspection of the property, and/or a reexamination of the financial information, management information, or resident information (the components of the PHAS score), depending upon which PHAS Indicator the PHA believes was scored erroneously and the type of evidence submitted by the PHA to support its position that an error occurred.
(2) Consideration of appeal of troubled designation or refusal to remove troubled designation. Upon receipt of an appeal of a troubled designation from a PHA, REAC will convene a Board of Review (the Board) to evaluate the appeal and its merits for the purpose of determining whether a reassessment of the PHA is warranted. Board membership will be comprised of a representative from REAC, from the Office of Public and Indian Housing, and from such other office or representative as the Secretary may designate (excluding, however, representation from the Troubled Agency Recovery Center). For purposes of reassessment, REAC will schedule a reinspection and/or acquire audit services, as determined by the Board, and a new score will be issued, if appropriate. Decisions by the Board will be reported to the PHA by the Assistant Secretary for Public and Indian Housing.

(e) Final appeal decisions. HUD will make final decisions of appeals, made under this section, within 30 days of receipt of an appeal, and may extend this period for an additional 30 days if further inquiry is necessary. Failure by a PHA to submit supporting documentation with its request for appeal, or within any additional period granted by HUD is grounds for denial of an appeal. Final appeal decisions will be reported to the PHA by the Assistant Secretary for Public and Indian Housing.

[65 FR 36045, June 6, 2000]

Subpart G—PHAS Incentives and Remedies

§ 902.71 Incentives for high performers.

(a) Incentives for high performer PHAs. A PHA that is designated a high performer will be eligible for the following incentives, and such other incentives that HUD may determine appropriate and permissible under program statutes or regulations:

(1) Relief from specific HUD requirements. (i) A PHA that is designated high performer will be relieved of specific HUD requirements (for example, fewer reviews and less monitoring), effective upon notification of high performer designation.

(ii) The development or developments of a PHA that receives a physical condition score of 90 percent or greater under PHAS Indicator #1 shall be subject to a physical inspection every other year rather than annually. (All developments of the high performer PHA are subject to inspection every other year, not only those inspected for which the physical condition score of 90 percent or greater was achieved.)

(2) Public recognition. High performer PHAs and RMCs that receive a score of at least 60 percent of the points available under each of the four PHAS Indicators and achieve an overall PHAS score of 90, will receive a Certificate of Commendation from HUD as well as special public recognition, as provided by the HUB/Program Center.

(3) Bonus points in funding competitions. A high performer PHA will be eligible for bonus points in HUD's funding competitions, where such bonus points are not restricted by statute or regulation governing the funding program. Where permissible by statute or regulation, eligibility for high performers to receive bonus points in HUD's funding competitions, will be stated in HUD's notices of funding availability or other funding documents.

(b) Compliance with applicable Federal laws and regulations. Relief from any standard procedural requirement that may be provided under this section does not mean that a PHA is relieved from compliance with the provisions of Federal law and regulations or other handbook requirements. For example, although a high performer or standard performer may be relieved of requirements for prior HUD approval for certain types of contracts for services, the PHA must still comply with all other Federal and State requirements that remain in effect, such as those for competitive bidding or competitive negotiation (see 24 CFR 85.36).

(c) Audits and reviews not relieved by designation. A PHA designated as a high performer or standard performer remains subject to:

(1) Regular independent auditor (IA) audits.

(2) Office of Inspector General (OIG) audits or investigations will continue
§ 902.73 Referral to an Area HUB/Program Center.

(a) Standard performers will be referred to the HUB/Program Center for appropriate action.

(1) A standard performer that receives a total score of less than 70 percent but not less than 60 percent shall be required to submit an Improvement Plan to eliminate deficiencies in the PHA’s performance.

(2) A standard performer that receives a score of not less than 70 percent may be required, at the discretion of the appropriate area HUB/Program Center, to submit an Improvement Plan to address specific deficiencies.

(b) Submission of an Improvement Plan.

(1) Within 30 days after the final PHAS score is issued, a standard performer with a score of less than 70 percent is required to submit an Improvement Plan to the HUB/Program Center in accordance with paragraphs (d) and (e) of this section.

(2) An RMC, unless a DF–RMC, that is required to submit an Improvement Plan must develop the plan in consultation with its PHA and submit the plan to the HUB/Program Center through its PHA. A DF–RMC that is required to submit an Improvement Plan, also must develop its plan in consultation with its PHA, but must submit its plan directly to the HUB/Program Center.

(3) On a risk management basis, the HUB/Program Center may require a standard performer with a score of not less than 70 percent to submit within 30 days after receipt of its final PHAS score an Improvement Plan, which includes the information stated in paragraph (d) of this section.

(c) Correction of deficiencies.

(1) Time period for correction. After a PHA’s (or DF–RMC’s) receipt of its PHAS score and designation as a standard performer or, in the case of an RMC, notification of its score from a PHA, a PHA or RMC shall correct any deficiency indicated in its assessment within 90 days, or within such period as provided in the HUD approved Improvement Plan if an Improvement Plan is required.

(2) Notification and report to HUB/Program Center. A PHA shall notify the HUB/Program Center of its action to correct a deficiency. A PHA shall also forward to the HUB/Program Center an RMC’s report of its action to correct a deficiency. A DF–RMC shall forward directly to the HUB/Program Center its report of its action to correct a deficiency.

(d) Improvement Plan. An Improvement Plan shall:

(1) Identify baseline data, which should be raw data but may be the PHA’s score for each individual PHAS indicator, sub-indicator and/or component that was identified as a deficiency;

(2) Identify any other performance and/or compliance deficiencies that were identified as a result of an on-site review of the PHA’s operations;

(3) Describe the procedures that will be followed to correct each deficiency;

(4) Provide a timetable for the correction of each deficiency; and

(5) Provide for or facilitate technical assistance to the PHA.

(e) Determination of acceptability of Improvement Plan.

(1) The HUB/Program Center will approve or deny a PHA’s Improvement Plan (or RMC’s Improvement Plan submitted to the HUB/Program Center through the RMC’s PHA, or the DF–RMC’s Improvement Plan submitted directly to the HUB/Program Center), and notify the PHA of its decision. A PHA that submits an RMC’s Improvement Plan must notify the RMC in writing, immediately upon receipt of the HUB/Program Center notification, of the HUB/Program Center approval or denial of the RMC’s Improvement Plan.

(2) An Improvement Plan that is not approved will be returned to the PHA with recommendations from the HUB/Program Center for revising the Improvement Plan to obtain approval.

(f) Submission of revised Improvement Plan. A revised Improvement Plan shall be resubmitted by the PHA within 30 calendar days of its receipt of the HUD/Program Center recommendations.

(g) Failure to submit acceptable Improvement Plan or correct deficiencies.

(1) If a PHA fails to submit an acceptable
§ 902.75 Improvement Plan, or to correct deficiencies within the time specified in an Improvement Plan or such extensions as may be granted by HUD, the HUB/Program Center will notify the PHA of its noncompliance.

(2) The PHA (or DF-RMC or the RMC through the PHA) will provide the HUB/Program Center its reasons for lack of progress in submitting or carrying out the Improvement Plan within 30 calendar days of its receipt of the noncompliance notification. HUD will advise the PHA as to the acceptability of its reasons for lack of progress.

(3) If HUD finds the PHA’s reasons for lack of progress unacceptable, HUD will notify the PHA that it will be referred to the area Troubled Agency Recovery Center (TARC) for remedial actions or such actions as the TARC may determine appropriate in accordance with the provisions of this part and other HUD regulations, including the remedies available for substantial default.

(4) In the case of a PHA’s failure to correct deficiencies within the time specified in an Improvement Plan or such extensions as may be granted by HUD, if the TARC determines that it is appropriate to refer the PHA to the Departmental Enforcement Center (DEC), it will only do so after the PHA has had one year since the issuance of the PHAS score (or, in the case of an RMC, that is not a DF-RMC, notification of its score from a PHA) to correct its deficiencies.

§ 902.75 Referral to a Troubled Agency Recovery Center (TARC).

(a) General. Upon a PHA’s designation of troubled (including troubles in one area), in accordance with the requirements of section 6(j)(2)(B) of the Act and in accordance with this part (or part 901 of this chapter if applicable), REAC shall refer each troubled PHA to the PHA’s area TARC for remedial action. Remedial action by the TARC may include referral to the HUB/Program Center for oversight and monitoring. The actions to be taken by HUD and the PHA will include actions statutorily required, and such other actions as may be determined appropriate by HUD.

(b) Memorandum of Agreement (MOA). Within 30 days of notification of a PHA’s designation as a troubled performer (including substandard categorization), HUD will initiate activities to develop a MOA. The final MOA is a binding contractual agreement between HUD and a PHA. The scope of the MOA may vary depending upon the extent of the problems present in the PHA, but shall include:

1. Baseline data, which should be raw data but may be the PHA’s score in each of the PHAS indicators, sub-indicators or components identified as a deficiency;
2. Performance targets for such periods specified by HUD (e.g., annual, semi-annual, quarterly, monthly), which may be the attainment of a higher score within an indicator, sub-indicator or component that is a problem, or the description of a goal to be achieved;
3. Strategies to be used by the PHA in achieving the performance targets within the time period of the MOA;
4. Technical assistance to the PHA provided or facilitated by HUD, for example, the training of PHA employees in specific management areas or assistance in the resolution of outstanding HUD monitoring findings;
5. The PHA’s commitment to take all actions within its control to achieve the targets;
6. Incentives for meeting such targets, such as the removal of troubled designation or troubled with respect to the program for assistance from the Capital Fund under section 9(d) and Departmental recognition for the most improved PHAs;
7. The consequences of failing to meet the targets include, but are not limited to, such sanctions as the imposition of budget and management controls by HUD, declaration of substantial default and subsequent actions, including referral to the DEC for judicial appointment of a receiver, limited denial of participation, suspension, debarment, or other actions deemed appropriate by the DEC; and
8. A description of the involvement of local public and private entities, including PHA resident leaders, in carrying out the agreement and rectifying the PHA’s problems. A PHA shall have
primary responsibility for obtaining active local public and private entity participation, including the involvement of public housing resident leaders, in assisting PHA improvement efforts. Local public and private entity participation should be premised upon the participant's knowledge of the PHA, ability to contribute technical expertise with regard to the PHA's specific problem areas and authority to make preliminary/tentative commitments of support, financial or otherwise.

(c) PHA review of MOA. The PHA will have 10 days to review the MOA. During this 10-day period, the PHA shall resolve any claimed discrepancies in the MOA with HUD, and discuss any recommended changes and target dates for improvement to be incorporated in the final MOA. Unless the time period is extended by HUD, the MOA is to be executed 15 days following issuance of the preliminary MOA.

(d) Maximum recovery period. (1) Expiration of one-year recovery period. Upon the expiration of the one-year period beginning on the date on which the PHA receives initial notice of troubled designation (including notice of substandard status) or October 21, 1998, whichever is later, the PHA shall improve its performance, as measured by the PHAS Indicators, by at least 50 percent of the difference between the most recent performance measurement and the measurement necessary to remove the PHA’s designation as troubled or substandard status.

(2) Expiration of two-year recovery period. Upon the expiration of the two-year period beginning on the later of the date on which the PHA receives initial notice of troubled designation (including notice of substandard status) or October 21, 1998, the PHA shall improve its performance and achieve an overall PHAS score of at least 60 percent, and achieve a score of at least 60 percent of the total points available under each of PHAS Indicators #1, #2 and #3.

(e) Parties to the MOA. An MOA shall be executed by:

(1) The PHA Board Chairperson (supported by a Board resolution), or a receiver (pursuant to a court ordered receivership agreement, if applicable) or other AME acting in lieu of the PHA Board;

(2) The PHA Executive Director, or a designated receiver (pursuant to a court ordered receivership agreement, if applicable) or other AME-designated Chief Executive Officer;

(3) The Director of the area TARC; and

(4) The appointing authorities of the Board of Commissioners, unless exempted by the TARC.

(f) Involvement of resident leadership in the MOA. HUD encourages the inclusion of the resident leadership in the execution of the MOA.

(g) Failure to execute MOA or make substantial improvement under MOA. (1) If a troubled PHA fails or refuses to execute a MOA within the period provided in paragraph (b) of this section, or a troubled PHA operating under an executed MOA does not show a substantial improvement, as provided in paragraph (d) of this section, toward a passing PHAS score following the issuance of the failing PHAS score by REAC, the TARC shall refer the PHA to the DEC in accordance with §902.77, and the DEC shall take the actions required by §902.77(a)(2).

(2) For purposes of this paragraph (g), substantial improvement is defined as the improvement required by paragraphs (d)(1) and (d)(2) of this section. The maximum period of time for remaining in troubled status before being referred to the DEC is two years. Therefore, the PHA must make substantial improvement in each year of this two year period.

(3) The following example illustrates the provisions of paragraph (g)(1) of this section:

Example: A PHA receives a score of 50 percent; 60 percent is a passing score. The PHA is referred to the TARC. Within one year after the score is issued to the PHA, the PHA must achieve a 55 (50% of the points necessary to achieve a passing score of 60 points) to continue recovery efforts in the TARC. If the first year, the PHA fails to achieve the five-point increase, the PHA will be referred to the DEC. If in the second year, the PHA achieves the five-point increase but fails to achieve a passing score, the PHA will be referred to the DEC. The maximum period of time for
§ 902.77 Referral to the Departmental Enforcement Center (DEC).

(a) Referral of Troubled PHA to the DEC for failing to execute or meet MOA requirements. (1) Failure of a troubled PHA to execute or meet the requirements of a MOA in accordance with $902.75 constitutes a substantial default under $902.79 and may result in referral of the PHA to the DEC. The TARC will recommend to the Assistant Secretary for Public and Indian Housing that a troubled performer PHA be declared in substantial default. In accordance with §§902.79, the Assistant Secretary shall notify the PHA of the default and allow the PHA an opportunity to cure the default. A PHA shall be referred to the DEC if the PHA fails to cure the default within the period not to exceed 30 days unless the Assistant Secretary for Public and Indian Housing determines that a longer period is appropriate.

(2) Actions of the DEC. The DEC shall initiate:
   (i) The judicial appointment of a receiver, or
   (ii) An administrative receivership at HUD's option but only:
      (A) With respect to PHAs with fewer than 1250 units, or
      (B) While HUD's petition for judicial receivership is pending and
      (iii) Upon the recommendation of the Assistant Secretary for Public and Indian Housing, the interventions provided in §902.83, and may initiate such other sanctions available to HUD, including, limited denial of participation, suspension, debarment, and referral to the appropriate Federal government agencies or offices for the imposition of civil or criminal sanctions.

(b) Referral of PHAs in Substantial Default to the DEC. A PHA that is not designated as troubled but that has been found to be in substantial default under the provisions of §902.79 shall also be referred to the DEC. The Assistant Secretary for Public and Indian Housing makes the determination that a PHA is in substantial default. In accordance with §902.79, the Assistant Secretary shall notify the PHA of the default and allow the PHA an opportunity to cure the default. If the PHA fails to cure the default within the specified period time, the PHA shall be referred to the DEC. The DEC shall initiate the judicial appointment of a receiver or the interventions provided in §902.83 as recommended by the Assistant Secretary for Public and Indian Housing and may initiate such other sanctions available to HUD, including, limited denial of participation, suspension, debarment, and referral to the appropriate Federal government agencies or offices for the imposition of civil or criminal sanctions.

(c) Receivership/Possession of PHA by HUD. (1) If a judicial receiver is appointed, the receiver, in addition to the powers provided by the court, shall have available the powers provided by section 6(j)(3)(C) of the Act (42 U.S.C. 1437d(j)(3)(C)).

(2) If HUD assumes responsibility for all or part of the PHA, the Secretary of HUD shall have available the powers provided by section 6(j)(3)(D) of the Act (42 U.S.C. 1437d(j)(3)(D)).

(3) If an administrative receiver is appointed, the Secretary may delegate to the administrative receiver any of the powers provided to the Secretary as described in paragraph (e)(2) of this section, in accordance with section 6(j)(3)(D).

(4) The appointments of receivers, the actions of receivers, and HUD's responsibilities toward the receivers are governed by the provisions of section 6(j).

(d) To the extent feasible, while a PHA is under a referral to the DEC, all services to residents will continue uninterrupted.

[65 FR 1738, Jan. 11, 2000, as amended at 65 FR 36046, June 6, 2000]
§ 902.79 Substantial default.

(a) Events or conditions that constitute substantial default. The following events or conditions shall constitute substantial default.

(1) HUD may determine that events have occurred or that conditions exist that constitute a substantial default if a PHA is determined to be in violation of Federal statutes, including but not limited to, the Act, or in violation of regulations implementing such statutory requirements, whether or not such violations would constitute a substantial breach or default under provisions of the relevant ACC.

(2) HUD may determine that a PHA's failure to satisfy the terms of a memorandum of agreement entered into in accordance with § 902.75, or to make reasonable progress to execute or meet requirements included in a memorandum of agreement, are events or conditions that constitute a substantial default.

(3) HUD shall determine that a PHA that has been designated as troubled and does not show substantial improvement, as defined in § 902.75(g)(2), is in substantial default.

(4) HUD may declare a substantial breach or default under the ACC, in accordance with its terms and conditions.

(b) Notification of substantial default and response. If information from an annual assessment or audit, or any other credible source (including but not limited to the Office of Fair Housing Enforcement, the Office of the Inspector General, a judicial referral or a referral from a mayor or other official) indicates that there may exist events or conditions constituting a substantial default or default, HUD shall advise a PHA of such information. HUD is authorized to protect the confidentiality of the source(s) of such information in appropriate cases. Before taking further action, except in cases of apparent fraud or criminality, and/or in cases where emergency conditions exist posing an imminent threat to the life, health, or safety of residents, HUD shall afford the PHA a timely opportunity to initiate corrective action, including the remedies and procedures available to PHAs designated as troubled PHAs, or to demonstrate that the information is incorrect.

(1) Form of notification. Upon a determination or finding that events have occurred or that conditions exist that constitute a substantial default, the Assistant Secretary shall provide written notification of such determination or finding to the affected PHA. Written notification shall be transmitted to the Executive Director, the Chairperson of the Board, and the appointing authority(ies) of the Board, and shall include, but is not limited to:

(i) Identification of the specific covenants, conditions, and/or agreements under which the PHA is determined to be in noncompliance;

(ii) Identification of the specific events, occurrences, or conditions that constitute the determined noncompliance;

(iii) Citation of the communications and opportunities to effect remedies afforded pursuant to paragraph (a) of this section;

(iv) Notification to the PHA of a specific time period, to be not less than 10 calendar days, except in cases of apparent fraud or other criminal behavior, and/or under emergency conditions as described in paragraph (b)(4) of this section, nor more than 30 calendar days, during which the PHA shall be required to demonstrate that the determination or finding is not substantively accurate; and

(v) Notification to the PHA that, absent a satisfactory response in accordance with paragraph (b) of this section, HUD will refer the PHA to the Enforcement Center, using any or all of the interventions specified in § 902.83, and determined to be appropriate to remedy the noncompliance, citing § 902.83, and any additional authority for such action.

(2) Receipt of notification. Upon receipt of the notification described in paragraph (b)(1) of this section, the PHA must demonstrate, within the time period permitted in the notification, factual error in HUD's description of events, occurrences, or conditions,
or show that the events, occurrences, or conditions do not constitute non-compliance with the statute, regulation, or covenants or conditions to which the PHA is cited in the notification.

(3) Waiver of notification. A PHA may waive, in writing, receipt of explicit notice from HUD as to a finding of substantial default, and voluntarily consent to a determination of substantial default. The PHA must concur on the existence of substantial default conditions which can be remedied by technical assistance, and the PHA shall provide HUD with written assurances that all deficiencies will be addressed by the PHA. HUD will then immediately proceed with interventions as provided in §902.83.

(4) Emergency situations. In any situation determined to be an emergency, or in any case where the events or conditions precipitating the intervention are determined to be the result of criminal or fraudulent activity, the Secretary or the Secretary’s designee is authorized to intercede to protect the residents’ and HUD’s interests by causing the proposed interventions to be implemented without further appeals or delays.

[65 FR 1738, Jan. 11, 2000, as amended at 65 FR 36046, June 6, 2000]

§ 902.83 Interventions.

(a) Interventions under this part (including an assumption of operating responsibilities) may be limited to one or more of a PHA’s specific operational areas (e.g., maintenance, modernization, occupancy, or financial management) or to a single development or a group of developments. Under this limited intervention procedure, HUD could select, or participate in the selection of, an AME to assume management responsibility for a specific development, a group of developments in a geographical area, or a specific operational area, while permitting the PHA to retain responsibility for all programs, operational areas, and developments not so designated.

(b) Upon determining that a substantial default exists under this part, HUD may initiate any interventions deemed necessary to maintain decent, safe, and sanitary dwellings for residents. Such intervention may include:

(1) Providing technical assistance for existing PHA management staff;
(2) Selecting or participating in the selection of an AME to provide technical assistance or other services up to and including contract management of all or any part of the public housing developments administered by a PHA;
(3) Assuming possession and operational responsibility for all or any part of the public housing administered by a PHA;
(4) Entering into agreements, arrangements, and/or contracts for or on behalf of a PHA, or acting as the PHA, and expending or authorizing the expenditure of PHA funds, irrespective of the source of such funds, to remedy the events or conditions constituting the substantial default;
(5) The provision of intervention and assistance necessary to remedy emergency conditions;
(6) After the solicitation of competitive proposals, select an administrative receiver to manage and operate all or part of the PHA’s housing; and
(7) Petition for the appointment of a receiver to any District Court of the United States or any court of the State in which real property of the PHA is located.

c) The receiver is to conduct the affairs of the PHA in a manner consistent with statutory, regulatory, and contractual obligations of the PHA and in accordance with such additional terms and conditions that the court may provide and with section 6(j)(3)(C) of the Act.

(d) The appointment of a receiver pursuant to this section may be terminated upon the petition of any party, when the court determines that all defaults have been cured or the public housing agency is capable again of discharging its duties.

(e) HUD may take the actions described in this part sequentially or simultaneously in any combination.

§ 902.85 Resident petitions for remedial action.

The total number of residents that petition HUD to take remedial action pursuant to sections 6(j)(3)(A)(i) through (iv) of the Act must equal at
least 20 percent of the residents, or the
petition must be from an organization or organizations of residents whose
membership must equal at least 20 per-
cent of the PHA’s residents.

PART 903—PUBLIC HOUSING AGENCY PLANS

§ 903.2 With respect to admissions, what must a PHA do to deconcentrate poverty in its developments and comply with fair housing requirements?

(a) General. The PHA’s admission policy includes the PHA’s policy designed to promote deconcentration of poverty and income mixing in accordance with section 16(a)(3)(B) of the 1937 Act (42 U.S.C. 1437n), which is submitted to HUD as part of the PHA Annual Plan process. Deconcentration of poverty and income mixing is promoted by a policy that provides for bringing higher income tenants into lower income developments and lower income tenants into higher income developments.

(1) The provisions of this section apply to applicants to and residents seeking voluntary transfers within covered public housing developments (“covered developments” as specified in paragraph (b) of this section).

(2) The statutory requirement to design a policy to provide for deconcentration and income mixing is not to be construed to impose or require any specific income or racial quotas for any development or developments.

(b) Applicability of deconcentration of poverty and income mixing requirements.

(1) Developments subject to deconcentration of poverty and income mixing requirements. The deconcentration requirements of this subpart apply to general occupancy,
