Chapter 7

VERIFICATION

INTRODUCTION

The PHA must verify all information that is used to establish the family’s eligibility and level of assistance and is required to obtain the family’s consent to collect the information. Applicants and program participants must cooperate with the verification process as a condition of receiving assistance. The PHA must not pass on the cost of verification to the family.

The PHA will follow the verification guidance provided by HUD in PIH Notice 2010 – 19 (HA) Administrative Guidance for Effective and Mandated Use of the EIV System (extended by PIH Notices 2011-25 and 2012-26) and any subsequent mandatory changes or extensions issued by HUD. This chapter summarizes those requirements and provides supplementary PHA policies.

Part I describes the general verification process. More detailed requirements related to individual factors are provided in subsequent parts including family information (Part II), income and assets (Part III), and mandatory deductions (Part IV).

Verification policies, rules and procedures will be modified as needed to accommodate persons with disabilities. All information obtained through the verification process will be handled in accordance with the records management policies of the PHA.

PART I. GENERAL VERIFICATION REQUIREMENTS

7-I.A. FAMILY CONSENT TO RELEASE OF INFORMATION [24 CFR 5.230]

The family must supply any information that the PHA or HUD determines is necessary to the administration of the program and must consent to PHA verification of that information.

Consent Forms

It is required that all adult applicants and participants sign form HUD-9886, Authorization for Release of Information. The purpose of form HUD-9886 is to facilitate automated data collection and computer matching from specific sources and provides the family's consent only for the specific purposes listed on the form. HUD and the PHA may collect information from State Wage Information Collection Agencies (SWICAs) and current and former employers of adult family members. Only HUD is authorized to collect information directly from the Internal Revenue Service (IRS) and the Social Security Administration (SSA). Adult family members must sign other consent forms as needed to collect information relevant to the family’s eligibility and level of assistance.

Penalties for Failing to Consent [24 CFR 5.232]

If any family member who is required to sign a consent form fails to do so, the PHA will deny admission to applicants and terminate assistance of participants. The family may request an
informal review (applicants) or informal hearing (participants) in accordance with PHA procedures.

7-I.B. OVERVIEW OF VERIFICATION REQUIREMENTS

The PHA will follow the verification guidance provided by HUD in PIH Notice 2010-19 and any subsequent guidance issued by HUD.

Implementation of the Enterprise Income Verification (EIV) System

PHAs must use all features of the EIV system to:

a. Verify tenant employment and income information during mandatory reexaminations of family composition and income in accordance with 24 CFR §5.236, and HUD administrative guidance; and

b. Reduce administrative and subsidy payment errors in accordance with HUD administrative guidance.

HUD’s Verification Hierarchy

HUD authorizes the PHA to use five methods to verify family information and specifies the circumstances in which each method will be used. In general HUD requires the PHA to use the most reliable form of verification that is available and to document the reasons when the PHA uses a lesser form of verification.

HUD recommends PHAs to begin with the highest level of verification techniques. HUD requires PHAs to access the EIV system and obtain an Income Report for each household and maintain the Income Report in the tenant file along with the form HUD-50058 and other supporting documentation to support income and rent determinations for all mandatory annual reexaminations of family income and composition.

If the Income Report does not contain any employment and income information for the family, HUD recommends that the PHA attempt the next lower level verification technique, as noted in the below chart.

PHA Policy

The PHA will use the forms of verification as required or recommended by HUD as follows:

The PHA must begin with the highest level of verification techniques.

The PHA must access the EIV system and obtain an Income Report for each household. The PHA must maintain the Income Report in the tenant file along with the form HUD-50058 and other supporting documentation to support income and rent determinations for all mandatory annual reexaminations of family income and composition.

If the Income Report does not contain any employment and income information for the family, the PHA will attempt the next lower level verification technique, as noted in the below chart.

Note: This verification hierarchy applies to income determinations for applicants and participants. However, EIV is not available for verifying income of applicants. Each of the verification methods is discussed in subsequent sections below.

**Requirements for Acceptable Documents**

**PHA Policy**

Any documents used for verification must be the original (not photocopies) and must be dated within 60 calendar days preceding the agency’s request date. For applicants and participants, they are valid for one hundred twenty (120) days from date of receipt. The documents must not be damaged, altered or in any way illegible.

The PHA will accept documents dated up to 6 months before the effective date of the family’s reexamination if the document represents the most recent scheduled report from
a source. For example, if the holder of a pension annuity provides semi-annual reports, the PHA would accept the most recent report.

Print-outs from web pages are considered original documents.

The PHA staff member who views the original document must make a photocopy, annotate the copy with the name of the person who provided the document and the date the original was viewed, and sign the copy.

Any tenant declaration must be made in a format acceptable to the PHA and must be signed in the presence of a notary public.

File Documentation
The PHA must document in the file how the figures used in income and rent calculations were determined. All verification attempts, information obtained, and decisions reached during the verification process will be recorded in the family’s file in sufficient detail to demonstrate that the PHA has followed all of the verification policies set forth in this plan. The record should be sufficient to enable a staff member or HUD reviewer to understand the process followed and conclusions reached.

Verification of Minors Domiciled with Applicant or Tenant
The PHA requires verification to prevent fraud and ensure that the applicant or tenant is not claiming a minor who will not actually reside in the unit.

An applicant or tenant shall certify that the household is the primary residence of the minor by completing the “Verification Form for Minor Child Domiciled with Applicant or Tenant” (“Verification Form”). If any of the information listed in the Verification Form relates to an adult member of the household who is not the head of household, co-head, or spouse, that adult must also certify on the Verification Form that the information is correct. The applicant or tenant shall provide any of the following to show proof of authority to include the minor in the household:

- Birth certificate (showing the minor was born to the applicant, tenant, or a member of the applicant’s or tenant’s household);
- Adoption documents (showing the minor was adopted by the applicant, tenant, or a member of the applicant’s or tenant’s household);
- Court-awarded custody or legal guardianship documents (showing that the applicant, tenant, or a member of the applicant’s or tenant’s household has custody or guardianship of the minor);
- Written permission from the legal parent or person having legal custody of the minor for the minor to be domiciled with the applicant, tenant, or adult member of the applicant’s or tenant’s household, such as an affidavit or power-of-attorney;
- Written certification, on the Verification Form, that the applicant, tenant, or adult member of the applicant’s or tenant’s household has unwritten (verbal) permission from the legal parent or person having legal custody of the minor for the minor to be domiciled with the applicant, tenant, or adult member of the household. The applicant, tenant, or adult member of the household must also provide the name of the legal parent...
or legal custodian who gave the unwritten permission, and if available, that parent’s or legal custodian’s contact information;

- Document(s) showing that the applicant, tenant, or adult member of the applicant’s or tenant’s household is in the process of securing legal custody of the minor; or

- For a foster child, documentation from a state or local government agency responsible for the placement of the child with the household.

In the event that multiple public housing households claim that a minor is domiciled with them, the PHA may require the following to verify the primary residence of the minor:

1. Third party proof that the subsidized household is the primary residence of the minor, such as the minor’s school records, receipt of TANF assistance, or documentation from a government agency showing the minor’s place of residence;

2. In the absence of, or conflicting third party proof, the PHA may require proof of court-awarded physical custody of the minor, or in the cases of shared custody, proof of which person was awarded more than 50% physical custody; and

3. In the event that both households share 50% physical custody of the minor, the households shall settle the dispute amongst themselves as to which household will include the minor on the lease agreement and claim the dependent rent deduction. If the households are unable to agree, the PHA may require the households to obtain a court order showing which household is entitled to add the minor to the lease agreement and claim the dependent rent deduction.”

7-I.C. VERIFICATION TECHNIQUES

Verification Technique Definitions

Third Party Verification Techniques

Upfront Income Verification (UIV) (Level 6/5): UIV is the verification of income before or during a family reexamination, through an independent source that systematically and uniformly maintains income information in computerized form for a number of individuals.

The EIV system is available to all PHAs as a UIV technique. In addition, PHAs are encouraged to continue using other non-HUD UIV tools, such as The Work Number (an automated verification system) and state government databases, to validate tenant-reported income.

PHA Policy

The PHA will inform all applicants and participants of its use of the following UIV resources during the admission and reexamination process:

- HUD’s EIV system (when it is available to the PHA)
- The Work Number
- Hawaii Automated Welfare Information (HAWI)

The PHA must restrict access to and safeguard UIV data in accordance with HUD guidance on security procedures, as issued and made available by HUD.
There may be legitimate differences between the information provided by the family and UIV-generated information. No adverse action can be taken against a family until the PHA has independently verified the UIV information and the family has been granted an opportunity to contest any adverse findings through the informal review/hearing process of the PHA.

Use of HUD’s Enterprise Income Verification (EIV) System

HUD’s EIV system contains data showing earned income, unemployment benefits, Social Security and SSI benefits for participant families. HUD requires the PHA to use the EIV system when available. The following policies will apply when the PHA has access to HUD’s EIV system.

The EIV system contains two main components: tenant income data reports and “exceeds threshold” reports.

Tenant Income Data (TID) Reports

The data shown on TID reports is updated quarterly. Data may be between 3 and 6 months old at the time reports are generated.

PHA Policy

The PHA will obtain TID reports for annual reexaminations. Reports will be generated as part of the regular reexamination process.

All earned income will be verified by third party verification in order to project annual income. If unable to verify directly with the third party, the verification hierarchy will be followed pursuant to 7-I.B.

TID reports will be used in interim reexaminations when it is necessary to verify and calculate earned income, unemployment benefits, Social Security and/or SSI benefits.

TID reports will be retained in participant files with the applicable annual or interim reexamination documents.

When the PHA determines through TID reports and third party verification that a family has concealed or under-reported income, corrective action will be taken pursuant to the policies in Chapter 14, Program Integrity.

Income Discrepancy Reports (IDRs)

The IDR is a tool for identifying families who may have concealed or under-reported income. Data in the IDR represents income for past reporting periods and may be between 6 months and 30 months old at the time IDRs are generated.

Families who have not concealed or under-reported income may appear on the IDR in some circumstances, such as loss of a job or addition of new family members.

PHA Policy

The PHA will generate and review IDRs on a monthly basis. The IDR threshold percentage will be set at 100% each month.

In reviewing IDRs, the PHA will begin with the largest discrepancies.

When the PHA determines that a participant appearing on the IDR has not concealed or under-
reported income, the participant’s name will be placed on a list of “invalid” reviews. To avoid multiple reviews in this situation, participants appearing on this list will be eliminated from IDR processing until a subsequent interim or annual reexamination has been completed.

When it appears that a family may have concealed or under-reported income, the PHA will request third-party written verification of the income in question. When the PHA determines through IDR review and third party verification that a family has concealed or under-reported income, corrective action will be taken pursuant to the policies in Chapter 14, Program Integrity.

EIV Identity Verification

The EIV system verifies tenant identities against SSA records. These records are compared to PIC data for a match on Social Security number, name, and date of birth.

When identity verification for a participant fails, a message will be displayed within the EIV system and no income information will be displayed.

PHA Policy

The PHA will identify participants whose identity verification has failed as part of the annual reexamination process.

The PHA will attempt to resolve PIC/SSA discrepancies by reviewing file documents. When the PHA determines that discrepancies exist due to PHA errors such as spelling errors or incorrect birth dates, the errors will be corrected promptly.

PHA will inform tenant in writing to correct discrepancy with SSA records.

Written Third Party Verification (Level 4): Written Third Party Verification is an original or authentic document generated by a third party source dated either within the 60-day period preceding the reexamination or PHA request date. Such documentation may be in the possession of the tenant (or applicant), and is commonly referred to as tenant-provided documents. HUD accepts such tenant-provided documents as written third party verification since these documents originated from a third party source. The PHA may, at its discretion, reject any tenant-provided documents and follow up directly with the source to obtain necessary verification of information. Examples of acceptable tenant-provided documentation (generated by a third party source) include, but are not limited to: pay stubs, payroll summary report, employer notice/letter of hire/termination, SSA benefit verification letter, bank statements, child support payment stubs, welfare benefit letters and/or printouts, and unemployment monetary benefit notices. Current acceptable tenant-provided documents must be used for income and rent determinations. The PHA is required to obtain at a minimum, two current and consecutive pay stubs for determining annual income from wages. For new income sources or when two pay stubs are not available, HUD recommends the PHA to project income based on the information from a traditional written third party verification form or the best available information.

Note: Documents older than 60 days (from the PHA interview/determination or request date) are acceptable for confirming effective dates of income.
Written Third Party Verification Form (Level 3): Also, known as traditional third party verification, Written Third Party Verification Form is a standardized form to collect information from a third party source. The form is completed by the third party by hand (in writing or typeset). PHAs send the form directly to the third party source by mail, fax, or email.

HUD acknowledges that the administrative burden and risk associated with use of the traditional third party verification form may be reduced by PHAs relying on acceptable documents that are generated by a third party, but in the possession of and provided by the tenant (or applicant). Many documents in the possession of the tenant are derived from third party sources (i.e. employers, federal, state and/or local agencies, banks, etc.).

HUD recognizes that third party verification request forms sent to third party sources often are not returned. In other instances, the person who completes the verification form may provide incomplete information; or some tenants may collude with the third party source to provide false information; or the tenant intercepts the form and provides false information.

HUD requires PHAs to rely on documents that originate from a third party source’s computerized system and/or database, as this process reduces the likelihood of incorrect or falsified information being provided on the third party verification request form. The use of acceptable tenant-provided documents, which originate from a third party source, will improve the integrity of information used to determine a family’s income and rent and ultimately reduce improper subsidy payments. This verification process will also streamline the income verification process.

Oral Third Party Verification (Level 2): Independent verification of information by contacting the individual income/expense source(s), as identified through the UIV technique or identified by the family, via telephone or in-person visit. HUD recommends PHA staff to document in the tenant file, the date and time of the telephone call (or visit to the third party), the name of the person contacted and telephone number, along with the confirmed information. This verification method is commonly used in the event that the independent source does not respond to the PHA’s faxed, mailed, or e-mailed request for information in a reasonable time frame, i.e., ten (10) business days.

Non-Third Party Verification Technique

Tenant Declaration (Level 1): The tenant declaration is a submission of an affidavit or notarized statement of reported income and/or expenses to the PHA. HUD recommends that this verification method be used as a last resort when the PHA has not been successful in obtaining information via all other verification techniques. When the PHA relies on tenant declaration, the PHA must document in the tenant file why third party verification was not available.

PHA Policy
The tenant declaration must be made in a format acceptable to the PHA, signed by the family member whose information or status is being verified, and be signed in

the presence of a notary public.

Exceptions to Third Party Verification Requirements

HUD requires PHAs to obtain and document in the family file third party verification of certain factors, or to document in the file why third party verification was not available.” (24 C.F.R. §960.259(c)(1) and §982.516(a)(2)) However, in situations where third party verification is not available for a variety of reasons even after making numerous attempts to obtain the required verifications with no success, or it may not be cost effective to obtain third party verification of income, assets, or expenses, when the impact on total tenant payment is minimal, the PHA is required to document in the family file the reason(s) why third party verification was not available. The factors that this requirement applies to are: (i) reported family annual income; (ii) the value of assets; (iii) expenses related to deductions from annual income; and (iv) other factors that affect the determination of adjusted income. (24 C.F.R. §960.259(c)(1) and §982.516(a)(2).

7-I.D. THIRD-PARTY WRITTEN AND ORAL VERIFICATION

Reasonable Effort and Timing

Unless third-party verification is not required as described below, HUD requires the PHA to make at least two unsuccessful attempts to obtain third-party verification before using another form of verification [VG, p. 15].

PHA Policy

The PHA will diligently seek third-party verification using a combination of written and oral requests to verification sources. Information received orally from third parties may be used either to clarify information provided in writing by the third party or as independent verification when written third-party verification is not received in a timely fashion.

The PHA may mail, fax, e-mail, or hand deliver third-party written verification requests and will accept third-party responses using any of these methods. The PHA will send a written request for verification to each required source and allow the source 10 calendar days to respond in writing. If a response has not been received by the due date specified, the PHA will request third-party verification, which may be oral.

The PHA will make a minimum of two documented attempts, one of which may be oral, to obtain third-party verification. A record of each attempt to contact the third-party source (including no-answer calls) and all contacts with the source will be documented in the file. Regarding third-party oral verification, PHA staff will record in the family’s file the name and title of the person contacted, the date and time of the conversation (or attempt), the telephone number used, and the facts provided.

When Third-Party Information is Late

In situations where third-party verification has been requested and the timeframes for
submission have been exceeded, the PHA will use the next form of verification available on a provisional basis. If the PHA later receives third-party verification that differs from the amounts used in income and rent determinations and it is past the deadline for processing the reexamination, the

PHA will conduct a correction to the reexamination to adjust the figures used for the reexamination if the difference in amount is over $200 or is for a new income source.

**When Third-Party Verification is Not Required**

**Primary Documents**

Third-party verification is not required when legal documents are the primary source, such as a birth certificate or other legal documentation of birth.

**Certain Assets**

The PHA will accept a self-certification from a family as verification of assets disposed of for less than fair market value [HCV GB, p. 5-28].

The PHA will determine that third-party verification is not available if the asset or expense involves an insignificant amount, making it not cost-effective or reasonable to obtain third-party verification [VG, p. 15].

**PHA Policy**

For any family declaring assets valued at $5,000 or less the PHA will accept both the value of the assets and the amount the assets are expected to produce from the Family Annual/Update Report form, when this method is allowed by HUD. No other documentation or verification is required by the family or the PHA. The HPHA’s application and reexamination documentation, which is signed by all adult family members, will serve as the declaration. (Effective until March 31, 2014.)

**Certain Income, Asset and Expense Sources**

The PHA will determine that third-party verification is not available when it is known that an income source does not have the ability to provide written or oral third-party verification [VG, p. 15]. For example, the PHA will rely upon review of documents when the PHA determines that a third party's privacy rules prohibit the source from disclosing information.

**PHA Policy**

The PHA also will determine that third-party verification is not available when there is a service charge for verifying an asset or expense and the family has original documents that provide the necessary information.

If the family cannot provide original documents, the PHA will pay the service charge required to obtain third-party verification, unless it is not cost effective. The cost of
verification will not be passed on to the family. To determine the cost effectiveness, the actual administrative cost must be greater than the asset income. You will be allowed to use the documents provided by the applicant/tenant. However, if the prospective asset income is greater than the administrative cost, you must secure third party asset verification. Actual administrative cost is determined by the cost to do business, plus the cost or service fee the institution charges our agency. In determining the base administrative cost, it has been determined that it will cost HPHA $22.00 in employee time and miscellaneous expenses. The following has been used to determine this number:

Base Administrative Cost (BAC) has been determined by:

- Time for process: 1 hour
- Employee wages: $15.00
- Mileage cost: $7.00
- Base Administrative Cost: $22.00

The cost of postage and envelopes to obtain third-party verification of income, assets, and expenses is not an unreasonable cost [VG, p. 18].

7.I.E. THIRD PARTY VERIFICATION REQUIREMENTS

For employment, wage, unemployment compensation and social security benefits, and any other information that is verifiable using EIV, the PHA can:

a. Review the EIV Income Report to confirm/validate tenant-reported income; and
b. Print and maintain an EIV Income Report (or an EIV Individual Control Number (ICN) page for interim reexaminations as prescribed in Section 12 of this Notice) in the tenant file; and

c. Obtain current acceptable tenant-provided documentation to supplement EIV information; and

d. Use current tenant-provided documentation and/or third party verification to calculate annual income.

The PHA may rely on acceptable documents that are generated by a third party, but provided by the tenant, such as those derived from third party sources (i.e. employers, federal, state and/or local agencies, banks, etc.).

Written third party verification is required under the following circumstances:

a. When the tenant disputes the EIV information and is unable to provide acceptable documentation to support his/her dispute (24 CFR §5.236(b));
b. When the PHA requires additional information that is not available in EIV and/or the tenant is unable to provide the PHA with current acceptable tenant-provided documentation. Examples of additional information, includes but is not limited to:
   i. Effective dates of income (i.e. employment, unemployment compensation,
or social security benefits)

ii. For new employment: pay rate, number of hours worked per week, pay frequency, etc.

iii. Confirmation of change in circumstances (i.e. reduced hours, reduced rate of pay, temporary leave of absence, etc.)

**Required file documentation**

A. For each new admission (form HUD-50058 action type 1), the PHA is required to do the following:
   i. Review the EIV Income Report to confirm/validate family-reported income within 120 days of the PIC submission date; and
   ii. Print and maintain a copy of the EIV Income Report in the tenant file; and
   iii. Resolve any income discrepancy with the family within 60 days of the EIV Income Report date.

B. For each historical adjustment (form HUD-50058 action type 14), the PHA is required to do the following:
   i. Review the EIV Income Report to confirm/validate family-reported income within 120 days of the PIC submission date; and
   ii. Print and maintain a copy of the EIV Income Report in the tenant file; and
   iii. Resolve any income discrepancy with the family within 60 days of the EIV Income Report date.

C. For each interim reexamination (form HUD-50058 action type 3) of family income and composition, the PHA is required to have the following documentation in the tenant file:
   i. ICN Page when there is no household income discrepancy noted on the household’s Income Discrepancy Report tab or Income Discrepancy Report.
   ii. EIV Income Report when there is an income discrepancy noted on the household’s Income Discrepancy Report tab or Income Discrepancy Report.

D. For each annual reexamination of family income and composition, the PHA is required to have the following documentation in the tenant file:
   i. No Dispute of EIV Information: EIV Income Report, current acceptable tenant-provided documentation, and if necessary (as determined by the PHA), traditional third party verification form(s).
   ii. Disputed EIV Information: EIV Income report, current acceptable tenant provided documentation, and/or traditional third party verification form(s) for disputed information.
   iii. Tenant-reported income not verifiable through EIV system: Current tenant-provided documents, and if necessary (as determined by the PHA), traditional third party verification form(s).
PART II. VERIFYING NON-FINANCIAL FACTORS

7-II.A. VERIFICATION OF LEGAL IDENTITY

PHA Policy
The PHA will require families to furnish verification of legal identity for each household member.

If a document submitted by a family is illegible or otherwise questionable, more than one of these documents may be required.

If none of these documents can be provided and at the PHA’s discretion, a third party who knows the person may attest to the person’s identity. The certification must be provided in a format acceptable to the PHA and be signed in the presence of a PHA representative or PHA notary public.

Legal identity will be verified on an as needed basis.

7-II.B. SOCIAL SECURITY NUMBERS [24 CFR 5.216 and HCV GB, p. 5-12]

For every family member age 6 or older, the family must provide documentation of a valid social security number (SSN), or a self-certification stating that no SSN has been issued. The self-certification must be executed personally by any family member 18 or older, or by a parent or guardian for a minor.

PHA Policy
The PHA will also accept the following documents as evidence if the SSN is provided on the document:

Driver’s license
Other identification card issued by a federal, state, or local agency, a medical insurance company or provider, or employer or trade union

HAWI

Benefit award letters from government agencies; retirement benefit letters; life insurance policies

Court records (real estate, tax notices, marriage and divorce, judgment or bankruptcy records)

If the family reports an SSN but cannot provide acceptable documentation of the number, the PHA will require a self-certification stating that documentation of the SSN cannot be provided at this time. The PHA will require documentation of the SSN within 60 calendar days from the date of the family member’s self-certification mentioned above. If the family is an applicant, assistance cannot be provided until proper documentation of the SSN is provided.

PHA Policy

The PHA will instruct the family to obtain a duplicate card from the local Social Security Administration (SSA) office.

For individuals who are at least 62 years of age and are unable to submit the required documentation of their SSN within the initial 60-day period, the PHA will grant an additional 60 calendar days to provide documentation.

Social security numbers must be verified only once during continuously-assisted occupancy.

If any family member obtains an SSN after admission to the program, the new SSN must be disclosed at the next regularly scheduled reexamination. In addition, if a child reaches the age of 6 and has no SSN, the parent or guardian must execute a self-certification stating that the child has no SSN at the next regularly scheduled reexamination.

The social security numbers of household members, such as live-in aids, must be verified for the purpose of conducting criminal background checks.

7-II.C. DOCUMENTATION OF AGE

A birth certificate or other official record of birth is the preferred form of age verification for all family members. For elderly family members an original document that provides evidence of the receipt of social security retirement benefits is acceptable.

PHA Policy

If an official record of birth or evidence of social security retirement benefits cannot be provided, the PHA will require the family to submit other documents that support the reported age of the family member (e.g., school records, driver's license if birth year is recorded) and to provide a self-certification.

Age must be verified only once during continuously-assisted occupancy.
7-II.D. VERIFICATION OF ABSENCE OF ADULT MEMBER

PHA Policy

If an adult member who is a member of the household is reported to be permanently absent, the family shall provide a written statement from the adult person to remove him/herself from the household. If unable to obtain a written statement from that adult household member, the family must provide evidence to support that the person is no longer a member of the household (e.g., documentation of another address at which the person resides such as a lease or utility bill, legal separation, order of protection/restraining order obtained by one family member against another, statements from other agencies such as social services that the adult family member is no longer living at that location, a document from the Court or prison should the adult member be incarcerated).

If no other proof can be provided, tenant declaration must be provided by the Head of Household via the Family Update Report.

If a written statement by the adult member requesting his/her removal is not obtained, and the adult member is a lessee, the adult member will be removed from the household on the HUD Form 50058, but will not be removed from the rental agreement.

7-II.E. VERIFICATION OF FOSTER CHILDREN AND FOSTER ADULTS

PHA Policy

Third-party verification from the state or local government agency, legal guardian, etc. responsible for the placement of the individual with the family is required.

7-II.F. VERIFICATION OF STUDENT STATUS

PHA Policy

The PHA requires families to provide information about the student status of all students who are 18 years of age or older. This information will be verified only if:

- The family claims full-time student status for an adult other than the head, spouse, or cohead, or
- The family claims a child care deduction to enable a family member to further his or her education.

7-II.G. DOCUMENTATION OF DISABILITY

The PHA must verify the existence of a disability in order to allow certain income disallowances and deductions from income. The PHA is not permitted to inquire about the nature or extent of a person’s disability [24 CFR 100.202(c)]. The PHA may not inquire about a person’s diagnosis or details of treatment for a disability or medical condition. If the PHA receives a verification document that provides such information, the PHA will not place this information in the tenant file. Under no circumstances will the PHA request a participant’s medical record(s). For more information on health care privacy laws, see the Department of Health and Human Services’ website at www.os.dhhs.gov.
The above cited regulation does not prohibit the following inquiries, provided these inquiries are made of all applicants, whether or not they are persons with disabilities [VG, p. 24]:

- Inquiry into an applicant’s ability to meet the requirements of ownership or tenancy
- Inquiry to determine whether an applicant is qualified for a dwelling available only to persons with disabilities or to persons with a particular type of disability
- Inquiry to determine whether an applicant for a dwelling is qualified for a priority available to persons with disabilities or to persons with a particular type of disability
- Inquiring whether an applicant for a dwelling is a current illegal abuser or addict of a controlled substance
- Inquiring whether an applicant has been convicted of the illegal manufacture or distribution of a controlled substance

**Family Members Receiving SSA Disability Benefits**

Verification of the receipt of disability benefits from the Social Security Administration (SSA) is sufficient verification of disability for the purpose of qualifying for waiting list preferences (if applicable) or certain income disallowances and deductions [VG, p. 23].

**PHA Policy**

For family members claiming disability who receive disability benefits from the SSA, the PHA will attempt to obtain information about disability benefits through the HUD Enterprise Income Verification (EIV) system when it is available, or HUD’s Tenant Assessment Subsystem (TASS). If documentation from HUD’s EIV System or TASS is not available, the PHA will request a current (dated within the last 60 days) SSA benefit verification letter from each family member claiming disability status. If the family is unable to provide the document(s), the PHA will ask the family to request a benefit verification letter by either calling SSA at 1-800-772-1213, or by requesting it from [www.ssa.gov](http://www.ssa.gov). Once the applicant or participant receives the benefit verification letter they will be required to provide it to the PHA.

**Family Members Not Receiving SSA Disability Benefits**

Receipt of veteran’s disability benefits, worker’s compensation, or other non-SSA benefits based on the individual’s claimed disability are not sufficient verification that the individual meets HUD’s definition of disability in 24 CFR 5.603.

**PHA Policy**

For family members claiming disability who do not receive disability benefits from the SSA, a knowledgeable professional must provide third-party verification that the family member meets the HUD definition of disability. See the Eligibility chapter for the HUD definition of disability. The knowledgeable professional will verify whether the family member does or does not meet the HUD definition.
7-II.H. CITIZENSHIP OR ELIGIBLE IMMIGRATION STATUS [24 CFR 5.508]

Overview

Housing assistance is not available to persons who are not citizens, nationals, or eligible immigrants. Prorated assistance is provided for "mixed families" containing both eligible and ineligible persons. A detailed discussion of eligibility requirements is in the Eligibility chapter. This verifications chapter discusses HUD and PHA verification requirements related to citizenship status.

The family must provide a certification that identifies each family member as a U.S. citizen, a U.S. national, an eligible noncitizen or an ineligible noncitizen and submit the documents discussed below for each family member. Once eligibility to receive assistance has been verified for an individual it need not be collected or verified again during continuously-assisted occupancy [24 CFR 5.508(g)(5)]

U.S. Citizens and Nationals

HUD requires a declaration for each family member who claims to be a U.S. citizen or national. The declaration must be signed personally by any family member 18 or older and by a guardian for minors.

The PHA may request verification of the declaration by requiring presentation of a birth certificate, United States passport or other appropriate documentation.

PHA Policy

Family members who claim U.S. citizenship or national status will not be required to provide additional documentation unless the PHA receives information indicating that an individual’s declaration may not be accurate.

Eligible Immigrants

Documents Required

All family members claiming eligible immigration status must declare their status in the same manner as U.S. citizens and nationals.

The documentation required for eligible noncitizens varies depending upon factors such as the date the person entered the U.S., the conditions under which eligible immigration status has been granted, age, and the date on which the family began receiving HUD-funded assistance. Exhibit 7-1 at the end of this chapter summarizes documents family members must provide.

PHA Verification [HCV GB, pp. 5-3 and 5-7]

For family members age 62 or older who claim to be eligible immigrants, proof of age is required in the manner described in 7-II.C. of this plan. No further verification of eligible immigration status is required.

For family members under the age of 62 who claim to be eligible immigrants, the PHA must verify immigration status with the United States Citizenship and Immigration Services (USCIS).

The PHA will follow all USCIS protocols for verification of eligible immigration status.
7-II.I. VERIFICATION OF PREFERENCE STATUS
The PHA must verify any preferences claimed by an applicant.

**PHA Policy**

The PHA will offer a preference to any family that has been determined to be considered Involuntarily Displaced, Victims of Domestic Violence or Homelessness.

The PHA will verify Involuntarily Displacement by:

- Statement from the owner of the critical elements that are inaccessible, and that the owner is not going to make the needed modifications, or permit the family to make the modifications.

- Inspection by PHA to verify inaccessibility of critical elements.

- Statement from the owner of the building that the accommodations required will not be made.

- If the owner permits the tenant to make the modifications, verification that the family cannot afford the expense.

- Determination of Standard Replacement Housing: Inspection by a PHA Inspector.

- Displacement by HUD disposition of a project: Written verification from HUD.

The PHA will verify Victims of Domestic Violence by:

- Written verification from police, social service agency, court, clergyperson, physician, and/or public or private facility giving shelter and/or counseling to victims.

- Verification must be obtained (from a landlord or other source) that the abuser still resides at the unit.

- The family must certify that the abuser will not return to the household without the advance written approval of the PHA. Before giving approval, the PHA will require verification of the following:
  - That the family members involved have been through a counseling program and the service provider believes that reconciliation is likely.
  - Statement from social worker, psychologist, or other professional familiar with the abuser that he/she has received counseling/treatment and is unlikely to continue the abuse.
  - Statement from local law enforcement agency that no complaints have been
filed since the date of the preference approval.

The PHA will verify Homelessness by:

- Verification that family is participating in or graduated from a Homeless or transitional shelter or receiving supportive services housing program.

PART III. VERIFYING INCOME AND ASSETS

Chapter 6, Part I of this plan describes in detail the types of income that are included and excluded and how assets and income from assets are handled. Any assets and income reported by the family must be verified. This part provides PHA policies that supplement the general verification procedures specified in Part I of this chapter.

7-III.A. EARNED INCOME

Wages and Salaries

PHA Policy

Verification forms request the employer to specify the:

- Dates of employment
- Position
- Amount and frequency of pay
- Average number of actual work hours per week based on the past 12 months
- If on commission, base salary and average commission per month
- Date of the last pay increase
- Likelihood of change of employment status and effective date of any known salary increase during the next 12 months
- Year to date earnings
- Past income from overtime, tips, and bonus

Tips

PHA Policy

Unless tip income is included in a family member’s W-2 by the employer, persons who work in industries where tips are standard will be required to sign a certified estimate of tips received for the prior year and tips anticipated to be received in the coming year.
7-III.B. BUSINESS AND SELF EMPLOYMENT INCOME

**PHA Policy**

Business owners and self-employed persons will be required to provide:

- A statement of income and expenses must be submitted and the business owner or self-employed person must certify to its accuracy.
- All schedules completed for filing federal and local taxes in the preceding year.
- If accelerated depreciation was used on the tax return or financial statement, an accountant's calculation of depreciation expense, computed using straight-line depreciation rules.

The PHA will provide a format for any person who is unable to provide such a statement to record income and expenses for the coming year. The business owner/self-employed person will be required to submit the information requested and to certify to its accuracy at all future reexaminations.

At any reexamination the PHA may request documents that support submitted financial statements such as manifests, appointment books, cash books, or bank statements.

If a family member has been self-employed less than three (3) months, the PHA will accept the family member's certified estimate of income and schedule an interim reexamination in three (3) months. If the family member has been self-employed for three (3) to twelve (12) months the PHA will require the family to provide documentation of income and expenses for this period and use that information to project income.

7-III.C. PERIODIC PAYMENTS AND PAYMENTS IN LIEU OF EARNINGS

**Social Security/SSI Benefits**

**PHA Policy**

To verify the SS/SSI benefits of applicants, the PHA will request a current (dated within the last 60 days) SSA benefit verification letter from each family member that receives social security benefits. If the family is unable to provide the document(s), the PHA will ask the family to request a benefit verification letter by either calling SSA at 1-800-772-1213, or by requesting it from [www.ssa.gov](http://www.ssa.gov). Once the applicant has received the benefit verification letter they will be required to provide it to the PHA.

To verify the SS/SSI benefits of participants, the PHA will obtain information about social security/SSI benefits through the HUD EIV System or the Tenant Assessment Subsystem (TASS). If benefit information is not available in HUD systems, the PHA will request a current SSA benefit verification letter from each family member that receives social security benefits. If the family is unable to provide the document(s) the PHA will ask the family to request a benefit verification letter by either calling SSA at 1-800-772-1213, or by requesting it from [www.ssa.gov](http://www.ssa.gov). Once the participant has received the benefit verification letter they will be required to provide it to the PHA.
7-III.D. ALIMONY OR CHILD SUPPORT

PHA Policy

The way the PHA will seek verification for alimony and child support differs depending on whether the family declares that it receives regular payments.

If the family declares that it **receives regular payments**, verification will be sought in the following order.

- Copy of a separation or settlement agreement or a divorce decree stating amount and type of support and payment schedules
- If payments are made through a state or local entity, the PHA will request a record of payments for the past 12 months and request that the entity disclose any known information about the likelihood of future payments.
- Third-party verification from the person paying the support
  - Copy of the latest check and/or payment stubs
- Family's self-certification of amount received and of the likelihood of support payments being received in the future, or that support payments are not being received.

If the family declares that it **receives irregular or no payments**, in addition to the verification process listed above, the family must provide evidence that it has taken all reasonable efforts to collect amounts due. This may include:

- A statement from any agency responsible for enforcing payment that shows the family has requested enforcement and is cooperating with all enforcement efforts
- If the family has made independent efforts at collection, a written statement from the attorney or other collection entity that has assisted the family in these efforts

Note: Families are not required to undertake independent enforcement action.

7-III.E. ASSETS AND INCOME FROM ASSETS

Assets Disposed of for Less than Fair Market Value

The family must certify whether any assets have been disposed of for less than fair market value in the preceding two years. The PHA needs to verify only those certifications that warrant documentation [HCV GB, p. 5-28].

PHA Policy

The PHA will verify the value of assets disposed of only if:

- The total value of the asset is greater than $1,000 and
- The PHA does not already have a reasonable estimation of its value from previously collected information, or
The amount reported by the family in the certification appears obviously in error.

Example 1: An elderly participant reported a $10,000 certificate of deposit at the last annual reexamination and the PHA verified this amount. Now the person reports that she has given this $10,000 to her son. The PHA has a reasonable estimate of the value of the asset; therefore, reverification of the value of the asset is not necessary.

Example 2: A family member has disposed of its 1/4 share of real property located in a desirable area and has valued her share at approximately $5,000. Based upon market conditions, this declaration does not seem realistic. Therefore, the PHA will verify the value of this asset.

7-III.F. NET INCOME FROM RENTAL PROPERTY

PHA Policy

The family must provide:

- A current executed lease for the property that shows the rental amount or certification from the current tenant
- A self-certification from the family members engaged in the rental of property providing an estimate of expenses for the coming year and the most recent IRS Form 1040 with Schedule E (Rental Income). If schedule E was not prepared, the PHA will require the family members involved in the rental of property to provide a self-certification of income and expenses for the previous year and may request documentation to support the statement including: tax statements, insurance invoices, bills for reasonable maintenance and utilities, and bank statements or amortization schedules showing monthly interest expense.

7-III.G. RETIREMENT ACCOUNTS

PHA Policy

When third-party verification is not available the type of original document that will be accepted depends upon the family member’s retirement status.

Before retirement, the PHA will accept an original document from the entity holding the account with a date that shows it is the most recently scheduled statement for the account but in no case earlier than 6 months from the effective date of the examination.

Upon retirement, the PHA will accept an original document from the entity holding the account that reflects any distributions of the account balance, any lump sums taken and any regular payments.

After retirement, the PHA will accept an original document from the entity holding the account dated no earlier than 12 months before that reflects any distributions of the account balance, any lump sums taken and any regular payments.
7-III.H. INCOME FROM EXCLUDED SOURCES

A detailed discussion of excluded income is provided in Chapter 6, Part I.

The PHA must obtain verification for income exclusions only if, without verification, the PHA would not be able to determine whether the income is to be excluded. For example: If a family’s 16 year old has a job at a fast food restaurant, the PHA will confirm that PHA records verify the child’s age but will not send a verification request to the restaurant. However, if a family claims the earned income disallowance for a source of income, both the source and the income must be verified.

**PHA Policy**

The PHA will reconcile differences in amounts reported by the third party and the family only when the excluded amount is used to calculate the family share (as is the case with the earned income disallowance). In all other cases, the PHA will report the amount to be excluded as indicated on documents provided by the family.

7-III.I. ZERO ANNUAL INCOME STATUS

Families claiming to have no annual income will be required to execute verification forms to determine that certain forms of income such as unemployment benefits, TANF, SSI, etc. are not being received by the household. Families who report zero income are required to complete a written certification every three months.

**PART IV. VERIFYING MANDATORY DEDUCTIONS**

7-IV.A. DEPENDENT AND ELDERLY/DISABLED HOUSEHOLD DEDUCTIONS

The dependent and elderly/disabled family deductions require only that the PHA verify that the family members identified as dependents or elderly/disabled persons meet the statutory definitions. No further verifications are required.

**Dependent Deduction**

See Chapter 6 (6-II.B.) for a full discussion of this deduction. The PHA will verify that:

- Any person under the age of 18 for whom the dependent deduction is claimed is not the head, spouse, or cohead of the family and is not a foster child
- Any person age 18 or older for whom the dependent deduction is claimed is not a foster adult or live-in aide, and is a person with a disability or a full time student

**Elderly/Disabled Family Deduction**

See Eligibility chapter for a definition of elderly and disabled families and Chapter 6 (6-II.C.) for a discussion of the deduction. The PHA will verify that the head, spouse, or cohead is 62 years of age or older or a person with disabilities.

7-IV.B. MEDICAL EXPENSE DEDUCTION

Policies related to medical expenses are found in 6-II.D. The amount of the deduction will
be verified following the standard verification procedures described in Part I.

**Amount of Expense**

**PHA Policy**

The PHA will provide a third-party verification form directly to the medical provider requesting the needed information.

Medical expenses will be verified through:

- Third-party verification form signed by the provider, when possible
- If third-party is not possible, copies of cancelled checks used to make medical expense payments and/or printouts or receipts from the source will be used. In this case the PHA will make a best effort to determine what expenses from the past are likely to continue to occur in the future. The PHA will also accept evidence of monthly payments or total payments that will be due for medical expenses during the upcoming 12 months.
- If third-party or document review is not possible, written family certification as to costs anticipated to be incurred during the upcoming 12 months

In addition, the PHA must verify that:

- The household is eligible for the deduction.
- The costs to be deducted are qualified medical expenses.
- The expenses are not paid for or reimbursed by any other source.
- Costs incurred in past years are counted only once.

**Eligible Household**

The medical expense deduction is permitted only for households in which the head, spouse, or cohead is at least 62, or a person with disabilities. The PHA will verify that the family meets the definition of an elderly or disabled family provided in the Eligibility chapter and as described in Chapter 7 (7-IV.A.) of this plan.

**Qualified Expenses**

To be eligible for the medical expenses deduction, the costs must qualify as medical expenses. The PHA shall use the current IRS Publication 502 as a guide to determine allowable medical expenses.

**Unreimbursed Expenses**

To be eligible for the medical expenses deduction, the costs must not be reimbursed by another source.

**PHA Policy**

The family will be required to certify that the medical expenses are not paid or reimbursed to the family from any source.
Expenses Incurred in Past Years

PHA Policy

When anticipated costs are related to on-going payment of medical bills incurred in past years, the PHA will verify:

- The anticipated repayment schedule
- The amounts paid in the past, and
- Whether the amounts to be repaid have been deducted from the family’s annual income in past years

7-IV.C. DISABILITY ASSISTANCE EXPENSES

Policies related to disability assistance expenses are found in 6-II.E. The amount of the deduction will be verified following the standard verification procedures described in Part I.

Amount of Expense

Attendant Care

PHA Policy

The PHA will provide a third-party verification form directly to the care provider requesting the needed information.

Expenses for attendant care will be verified through:

- Third-party verification form signed by the provider, when possible
- If third-party is not possible, copies of cancelled checks used to make attendant care payments and/or receipts from care source
- If third-party or document review is not possible, written family certification as to costs anticipated to be incurred for the upcoming 12 months

Auxiliary Apparatus

PHA Policy

Expenses for auxiliary apparatus will be verified through:

Third-party verification of anticipated purchase costs of auxiliary apparatus. If third-party is not possible, billing statements for purchase of auxiliary apparatus, or other evidence of monthly payments or total payments that will be due for the apparatus during the upcoming 12 months

If third-party or document review is not possible, written family certification of estimated apparatus costs for the upcoming 12 months

In addition, the PHA must verify that:

- The family member for whom the expense is incurred is a person with disabilities (as described in 7-II.F above).
• The expense permits a family member, or members, to work (as described in 6-II.E.).
• The expense is not reimbursed from another source (as described in 6-II.E.).

**Family Member is a Person with Disabilities**

To be eligible for the disability assistance expense deduction, the costs must be incurred for attendant care or auxiliary apparatus expense associated with a person with disabilities. The PHA will verify that the expense is incurred for a person with disabilities (See 7-II.F.).

**Family Member(s) Permitted to Work**

The PHA must verify that the expenses claimed actually enable a family member, or members, (including the person with disabilities) to work.

**PHA Policy**

The PHA will seek third-party verification from a Rehabilitation Agency or knowledgeable medical professional indicating that the person with disabilities requires attendant care or an auxiliary apparatus to be employed, or that the attendant care or auxiliary apparatus enables another family member, or members, to work (See 6-II.E.).

If third-party and document review verification has been attempted and is either unavailable or proves unsuccessful, the family must certify that the disability assistance expense frees a family member, or members (possibly including the family member receiving the assistance), to work.

**Unreimbursed Expenses**

To be eligible for the disability expenses deduction, the costs must not be reimbursed by another source.

**PHA Policy**

An attendant care provider will be asked to certify that, to the best of the provider’s knowledge, the expenses are not paid by or reimbursed to the family from any source.

The family will be required to certify that attendant care or auxiliary apparatus expenses are not paid by or reimbursed to the family from any source.

**7-IV.D. CHILD CARE EXPENSES**

Policies related to child care expenses are found in Chapter 6 (6-II.F). The amount of the deduction will be verified following the standard verification procedures described in Part I of this chapter. In addition, the PHA must verify that:

• The child is eligible for care.
• The costs claimed are not reimbursed.
• The costs enable a family member to pursue an eligible activity.
• The costs are for an allowable type of child care.
• The costs are reasonable.
**Eligible Child**

To be eligible for the child care deduction, the costs must be incurred for the care of a child under the age of 13. The PHA will verify that the child being cared for (including foster children) is under the age of 13 (See 7-II.C.).

**Unreimbursed Expense**

To be eligible for the child care deduction, the costs must not be reimbursed by another source.

**PHA Policy**

The child care provider will be asked to certify that, to the best of the provider’s knowledge, the child care expenses are not paid by or reimbursed to the family from any source.

The family will be required to certify that the child care expenses are not paid by or reimbursed to the family from any source.

**Pursuing an Eligible Activity**

The PHA must verify that the family member(s) that the family has identified as being enabled to seek work, pursue education, or be gainfully employed, are actually pursuing those activities.

**PHA Policy**

*Information to be Gathered*

The PHA will verify information about how the schedule for the claimed activity relates to the hours of care provided, the time required for transportation, the time required for study (for students), the relationship of the family member(s) to the child, and any special needs of the child that might help determine which family member is enabled to pursue an eligible activity.

*Seeking Work*

Whenever possible the PHA will use documentation from a state or local agency that monitors work-related requirements (e.g., welfare or unemployment). In such cases the PHA will request verification from the agency of the member’s job seeking efforts to date and require the family to submit to the PHA any reports provided to the other agency.

In the event third-party verification is not available, the PHA will provide the family with a form on which the family member must record job search efforts. The PHA will review this information at each subsequent reexamination for which this deduction is claimed.

*Furthering Education*

The PHA will ask that the academic or vocational educational institution verify that the person permitted to further his or her education by the child care is enrolled and provide information about the timing of classes for which the person is registered.

*Gainful Employment*

The PHA will seek verification from the employer of the work schedule of the person who is permitted to work by the child care. In cases in which two or more family
members could be permitted to work, the work schedules for all relevant family members may be verified.

**Allowable Type of Child Care**

The type of care to be provided is determined by the family, but must fall within certain guidelines, as discussed in Chapter 6.

**PHA Policy**

The PHA will verify that the type of child care selected by the family is allowable, as described in Chapter 6 (6-II.F).

The PHA will verify that the fees paid to the child care provider cover only child care costs (e.g., no housekeeping services or personal services) and are paid only for the care of an eligible child (e.g., prorate costs if some of the care is provided for ineligible family members).

The PHA will verify that the child care provider is not an assisted family member. Verification will be made through the head of household’s declaration of family members who are expected to reside in the unit.

**Reasonableness of Expenses**

Only reasonable child care costs can be deducted.

**PHA Policy**

The actual costs the family incurs will be compared with the PHA’s established standards of reasonableness for the type of care in the locality to ensure that the costs are reasonable.

If the family presents a justification for costs that exceed typical costs in the area, the PHA will request additional documentation, as required, to support a determination that the higher cost is appropriate.
EXHIBIT 7-1: SUMMARY OF DOCUMENTATION REQUIREMENTS FOR NONCITIZENS [HCV GB, pp. 5-9 and 5-10]

- **All** noncitizens claiming eligible status must sign a declaration of eligible immigrant status on a form acceptable to the PHA.
- Except for persons 62 or older, all noncitizens must sign a verification consent form
- Additional documents are required based upon the person's status.

### Elderly Noncitizens

- A person 62 years of age or older who claims eligible immigration status also must provide proof of age such as birth certificate, passport, or documents showing receipt of SS old-age benefits.

### All other Noncitizens

- Noncitizens that claim eligible immigration status also must present the applicable USCIS document. Acceptable USCIS documents are listed below.
