Prior to submittal of the bid offer, Interested Bidders may inspect the properties to thoroughly familiarize themselves with existing conditions and the extent and nature of work to be performed. No additional compensation will be allowed by reason of any misunderstanding or error regarding site conditions or work to be performed. Interested bidders requiring a site inspection shall contact the respective Officer-In-Charge to arrange for a site inspection during the site inspection period, beginning May 22, 2020 to June 5, 2020.

Impromptu questions will be permitted at the Pre-Bid Conference and verbal answers will be provided. Verbal answers provided by the HPHA are not binding and only intended as general direction purposes. Formal written responses to substantive questions will be provided to each interested bidder as set forth in Section VI below. Any changes required will be issued as an addendum to the IFB.
VI. Submission of Questions

Interested bidders may submit written questions to the IFB Coordinator identified in Section III of this IFB. The deadline for submission of written questions is Wednesday, May 27, 2020. All written questions will receive a written response from the HPHA. The HPHA’s response to written questions shall be issued in an addendum and sent to all registered interested bidders via mail, electronic mail, or facsimile not later than Friday, May 29, 2020.

VII. Submission of Sealed Bids

1. **Forms/Formats.** Bid Offer Forms are attached in Section 5 of this IFB. See Attachment 2.

   Interested Bidders shall follow the U.S. Department of Housing and Urban Development’s Instructions to Offerors Non-Construction form HUD 5369-B and Certifications and Representations of Offers Non-Construction Contract, Form HUD 5369-C. The instructions can be downloaded from HUDClips at [www.hudclips.org](http://www.hudclips.org) and is attached in Section 5 of this IFB. See Attachments 13 and 14.

B. **Bid Submittal.** Sealed bids must be hand delivered or delivered by the United States Postal Service (USPS) to the HPHA Central Files Office located at 1002 North School Street, Building D, Honolulu, Hawaii 96817 not later than 10:00 a.m. HST, Monday, June 8, 2020. Other methods of delivery services shall be considered hand deliveries and considered submitted on the actual date and time received at the HPHA Central Files Office. Sealed bids post-marked prior to the specified bid due date and time but received after the specified bid due date and time shall be considered late and shall be rejected. **Electronic mail or facsimile submissions of the Bid Offer shall not be accepted.**

   Bid offers shall be submitted in a sealed envelope identified as a sealed bid in response to this IFB (IFB No. PMB-2020-20). Any bid document submissions not sealed and identified with the IFB number on the envelope or submitted via electronic mail or facsimile shall be automatically rejected. There shall be no exceptions to this requirement.

C. **Wages and Labor Law Compliance.** Prior to entering into a Contract in excess of $25,000, a Bidder shall certify that it complies with section 103-55, HRS, wages, hours, and working conditions of employees of contractors performing services. Section 103-55, HRS, provides that the services to be performed shall be performed by employees paid at wages not less than wages paid to public officers and employees for similar work. Bidders are further advised that in the event of an increase in wages for public employees performing similar
work during the period of the Contract, the Successful Bidder shall be obligated to provide such increased wages.

Bidders shall complete and submit the attached Wage Certification certifying that the services required will be performed pursuant to section 103-55, HRS. See Attachment 1.

The Successful Bidder shall be further obligated to notify his employees performing work under this Contract regarding the provisions of section 103-55, HRS, and the current wage rates for public employees performing similar work. The Successful Bidder may meet this obligation by posting a written notice to this effect in the Successful Offeror's place of business in an area accessible to all employees.

D. **Confidential Information.** If a bidder believes that any portion of a bid contains information that should be withheld as confidential, the bidder may request in writing for nondisclosure of designated proprietary data and provide justification to support confidentiality. Such data shall accompany the bid, clearly marked, and shall be readily separable from the bid documents to facilitate eventual public inspection of the non-confidential sections of the bid documents. Nondisclosure of requested information is subject to chapter 92F, HRS, and is discoverable unless exempted by law. **Note that price is not considered confidential and shall not be withheld.**

VIII. **Discussion with Bidders Prior to Bid Submission**

Discussions may be conducted with interested bidders to promote understanding of the HPHA's requirements.

IX. **Opening of Bids**

All bid submissions shall be date and time stamped by the HPHA upon receipt of the bid submittal at the designated location. Bid submissions include bid offers, modifications to bids, and withdrawals of bid offers. All bid submissions received shall be held in a secure place by the HPHA and shall not be opened and examined for evaluation purposes until after the bid opening. Procurement files shall be open to public inspection after a Contract has been awarded and executed by all parties.

Sealed bids received by the due date and time shall be opened publicly. Public bid opening will commence at 10:15 a.m. HST, Monday, June 8, 2020 at the HPHA Contract and Procurement Office, 1002 North School Street, Building D, Honolulu, Hawaii 96817.
In the unlikely event that the HPHA receives a bid that is misplaced or mishandled through no fault of the bidder, the HPHA shall publicly open the bid as soon as possible, inform all bidders about the additional bid and the bid price. Said bid shall only be opened if there is clear evidence that the bid was received at the HPHA by the posted due date and time and that the bid was not opened during the posted bid opening date and time.

X. Additional Materials and Documentation

Bid samples or descriptive literature should not be submitted. Any unsolicited documentation, literature, samples, or brochures received as part of the bid submission shall not be examined or tested and will not be deemed to vary any of the provisions of the IFB.

XI. IFB Amendments

The HPHA reserves the right to amend this IFB at any time prior to the closing date for the final revised bids or as allowed under chapter 3-122, HAR. Interested bidders will be notified of all amendments through written communication which may include electronic mail, facsimile, or USPS.

XII. Cancellation of the Invitation for Bids

The IFB may be canceled and any or all bids may be rejected in whole or in part at the sole discretion of the HPHA when it is determined to be in the best interest of the State.

XIII. Costs for Bid Preparation

All costs incurred by bidders in the preparation and submission of bids are the sole responsibility of the bidders. All costs incurred by the Successful Bidder prior to the execution of a Contract are not eligible for reimbursement.

Costs incurred in connection with the review, inspection and verification of information provided in the Bid Offer Form shall be the sole responsibility of the bidder.

Bidders shall agree that the HPHA is provided with the authorization(s) necessary to verify information provided in the Bid Offer Form.

XIV. Modification in Bids

Bids submitted may be modified prior to the established due date and time by the following documents in accordance with chapter 3-122-16.07, HAR:
1. A written notice accompanying the actual modification received in the HPHA Central Files Office, stating that a modification to the bid is submitted.

2. A facsimile or electronic written notice submitted either by facsimile machine or electronic mail to the IFB Coordinator. Bidder shall submit the original signed written notice and modification to the HPHA Central Files Office within two (2) working days of receipt of the facsimile or the electronic transmittal. If the written notice is submitted less than two (2) working days prior to the established due date and time for the receipt of bid offers, the bidder shall submit the original signed written notice and the modification to the HPHA Central Files Office not later than the established due date and time for receipt of bid offers.

Modified bid offers shall be submitted in a sealed envelope identified as a modified sealed bid in response to this IFB (IFB No. PMB-2020-20).

XV. Withdrawal of Bids

Bids submitted may be withdrawn prior to the established due date and time by the following documents in accordance with chapter 3-122-16.07, HAR:

1. A written notice received by the IFB Coordinator; or

2. A notice by facsimile machine or electronic mail to the IFB Coordinator.

XVI. Late Withdrawal and Modification

Any notice of withdrawal or notice of modification of a bid with the actual modification is considered late when received by the HPHA after the established due date and time.

A late modification will not be considered for award.

Acceptance of a late withdrawal request shall be at the sole discretion of the HPHA Procurement Officer.

XVII. Mistakes in Bids

While bidders are bound by their bids, circumstances may arise where a correction or withdrawal of bids is proper. An obvious mistake in a bid may be corrected or withdrawn, or waived by the HPHA to the extent that it is not contrary to the best interest of the State or to the fair treatment of other bidders. Mistakes in bids shall be handled in accordance with section 3-122, HAR and the HUD requirements pursuant to HUD Handbook 7460.8.
XVIII. Rejection of Bids

The HPHA reserves the right to consider as acceptable only those bids submitted in accordance with all requirements set forth in this IFB and demonstrate an understanding of the service specifications. All bids offering terms and conditions contradictory to those included in this IFB may be rejected without further notice.

A bid may be automatically rejected if it is:

1. **Unreasonable in Price**: A bid is unreasonable in price, if a) the bid price when compared with price submissions of other prospective bidders, prior contract prices, and/or prices available on the open market is grossly unbalanced, or b) the bid is determined by the HPHA to be unreasonable in price, including the total bid price and unit prices.

2. **Materially unbalanced**: A bid is materially unbalanced, if a) there is a reasonable doubt that the bid would result in the lowest overall cost, even though it is the lowest bid, or b) the bid is so grossly unbalanced that its acceptance would be tantamount to allowing an advance payment. An example of a materially unbalanced bid is one where the bid is set at a very high price for the first item and subsequent items are set at extremely low prices.

All bid offers submitted not using the prescribed Bid Offer Form as provided in this IFB or does not conform to the bid submission instructions may be determined non-responsive.

XIX. Notice of Award

An award, if made, shall be as follows:

1. Awarded to the responsible and responsive bidder submitting the lowest grand total bid price in each group, which is the sum of the bid prices for the Initial Contract Period, Option Year 1 and Option Year 2 within each group on the Bid Offer Form. See Attachment 2. Bidder(s) must submit a bid for all items within the group to be considered responsive for the group. The Successful Bidder of each group may not necessarily be the same bidder. The award of the Initial Contract period shall not be deemed as a commitment on the part of the HPHA to automatically exercise subsequent extension option periods; and

2. In the case of a tie, award shall be made to the present Contractor providing it is one of the tied bidders and whose previous business and/or performance indicate that it was responsible. If the present Contractor is
not a tied bidder, award shall be determined by the flip of a coin or some other random means of selection.

All Contracts resulting from this solicitation are subject to the approval of the Department of the Attorney General and other approvals as required by statutes, regulations, rules, orders or other directives, including the approval of HUD.

Services shall not be undertaken by the Successful Bidder prior to the Contract start date of July 1, 2020 or until upon receipt of the HPHA’s issuance of the Notice to Proceed. The HPHA shall not be liable for any work, Contract, costs, expenses, loss of profits, or any damages whatsoever incurred by the Successful Bidder prior to the date of the Notice to Proceed.

In accordance with section 3-122-112, HAR, Responsibility of Offerors, the Successful Bidder shall produce documents to the Procurement Officer to demonstrate compliance with applicable rules and statutes. The Successful Bidder receiving an award shall be required to enter into a formal written contract with the HPHA. The General Conditions of the resulting Contract are attached, and service specifications are included herein. See Attachments 11 and 12.

XX. Protests

Pursuant to section 103D-701, an actual or prospective bidder may protest the solicitation or award of services only for a serious violation of procurement policies and operational procedures. Only the following matters may be protested:

1. A state purchasing agency’s failure to follow procedures established by chapter 103D, HRS;

2. A state purchasing agency’s failure to follow rules established by chapter 103D, HRS; or

3. A state purchasing agency’s failure to follow procedures, requirements, or evaluation criteria in the solicitation issued by the state purchasing agency.

The Notice of Protest shall be mailed by United States Postal Service (USPS) or hand delivered to the head of the State Contracting Office conducting the protested procurement and the Procurement Officer who is conducting the procurement as indicated below within five (5) business days after the aggrieved person knows or should have known of the facts giving rise thereto. A protest based upon the content of the solicitation shall be submitted in writing prior to the date set for receipt of Offerors. Further provided that a protest of an award or proposed award shall be submitted within five (5) days after the posting of award of the contract. Protests are deemed submitted upon receipt by the State.
Contracting Office. Any notice of award resulting from this solicitation shall be posted on the Hawaii Awards & Notices Data System on the State Procurement Office website at https://hands.ehawaii.gov/hands/welcome.

I. Introduction

A. Purpose or need

The Hawaii State Legislature established the Hawaii Public Housing Authority (HPHA) under chapter 356D, HRS. The HPHA is a public body and a body corporate and politic and is attached to the Department of Human Services for administratively purposes only. The HPHA’s role is to address the housing needs of low income families in Hawaii. The HPHA seeks to procure appliances to meet the agency’s goal of providing safe, sanitary and decent housing.

The purpose of this IFB is to procure gas and electric ranges at various State and Federal low income public housing properties statewide.

B. Area of Service

The Successful Bidder shall be required to certify that it is capable of providing services to the applicable groups of properties contained in his/her bid offer during the initial Contract period and all applicable option periods. The properties and addresses for each group is provided in Attachment 3.

C. Funding source and period of availability

Funds are subject to appropriation by the State Director of Finance and/or United States Congress and allocation by the Governor, State Legislature and/or United States Department of Housing and Urban Development. Funding and period of availability may change upon notice by the State to the HPHA.

It is understood that no award shall be binding unless the HPHA and/or the State Comptroller indicate that there is available and unexpended appropriation or balance of an appropriation over and above all outstanding contracts sufficient to cover the amount required by the Contract. A Contract entered into as a result of this IFB is binding only to the extent that funds are certified as available and that the availability of funds in excess of the amount certified as available shall be contingent upon future appropriations or special fund revenues.
If there should be insufficient funds for any portion of the remainder Contract period beyond the Initial Contract period, the State may terminate the Contract or revise the amount/quantity of services required without penalty. Services will be reduced or rescheduled at the same bid price.

The HPHA reserves the right to pay for the refrigerators using available State and/or Federal funding sources. All additional units purchased under the terms of the Contract awarded resulting from this IFB shall be at the same accepted bid offer rates.
