Administrative Overview

I. Authority

The Hawaii State Legislature established the Hawaii Public Housing Authority ("HPHA") under chapter 356D, Hawaii Revised Statutes (HRS). The HPHA provides low income housing in the State of Hawaii and is administratively attached to the Department of Human Services. The HPHA is a public body and a body corporate and politic of the State of Hawaii. The HPHA's role is to address the housing needs of low income families in Hawaii.

A determination has been made that the HPHA is unable to secure services through a low bid process. Factors included in the determination were 1) Price is not the primary consideration in determining an award; 2) The resulting Contract needs to be other than a fixed-price type; 3) The specifications for the services cannot be sufficiently described through a low bid process; 4) Oral or written discussions need to be conducted with Offerors concerning their proposals; 5) Offerors may need to revise their proposals, including price; and 6) The award needs to be based on a comparative evaluation in order to determine the most advantageous offer to the State. To that end, a low bid process is not practicable to the HPHA for procurement of online tenant payment services.

This RFP is issued under the provisions of chapter 103D, HRS. Offerors are charged with presumptive knowledge of all requirements of the cited authorities. Submission of a proposal by any offeror shall constitute admission of such knowledge on the part of such offeror.

II. RFP Organization

This RFP is organized into five (5) sections:

Section 1 Administrative Overview – Provides an overview of the procurement and contracting process.

Section 2 Scope of Work and Specifications – Provides a general description of the tasks to be performed, delineates Offeror's responsibilities, and defines deliverables as applicable.

Section 3 Proposal Form and Instructions – Describes the required format and content for the proposal.

Section 4 Proposal Evaluation & Award – Describes how proposals will be evaluated.

(END OF SECTION)
Section 2
Scope of Services

I. INTRODUCTION

A. Purpose

The Hawaii State Legislature established the Hawaii Public Housing Authority (HPHA) under chapter 356D, HRS. The HPHA is a public body and a body corporate and politic and is attached to the Department of Human Services for administrative purposes only. The HPHA’s role is to address the housing needs of low income families of Hawaii.

The purpose of this Request for Proposals (RFP) is to procure an online payment service to allow public housing tenants the ability to make rent payments online.

B. Funding Source and Period of Availability

Funds are subject to appropriation by the State Director of Finance and/or U.S. Congress and allocation by the Governor, State Legislature and/or the U.S. Department of Housing and Urban Development (HUD). Funding and period of availability may change upon written notice by the HPHA.

It is understood that the Contract shall not be binding, unless the HPHA can document that there is available and unexpended appropriation or balance of an appropriation over and above all outstanding contracts sufficient to cover the amount required by the Contract.

Any Contract entered into as a result of this RFP is binding only to the extent that funds are certified as available and allocated and received by the HPHA. The availability of funds in excess of the amount certified as available shall be contingent upon future appropriations or special fund revenues.

It has been determined that there are sufficient funds to pay for the initial term of the Contract and the funds necessary for the remaining terms of the Contract are likely to be available. Pursuant to section 103D-315, HRS, the HPHA reserves the right to cancel the Contract when future funds are not available to support continuation of performance in subsequent Contract periods. Nothing in this RFP shall be interpreted to mean that the State shall be liable to pay for services at the federal public housing properties with State funds. However, should an allocation of State funds become available, the State reserves the right to pay for a portion of services using State funds.
II. GENERAL REQUIREMENTS
